**THE MATTER OF BUILD-  
ING NEW COUNTY JAIL**

It is Matter in Which Every Tax-  
payer is Interested If They  
Desire to Save Money.

The county jail question, which is to be passed on by the voters at the election on April 8, is one that is deserving of the consideration of the voters and taxpayers, and no fair-minded and thoughtful man will hesitate about casting his vote for the jail when he clearly understands the situation in regard to the condition of the present building which the county uses for the purpose of confining their prisoners. The structure has been condemned by the fire warden of the state of Nebraska as being unsafe and dangerous, and to put it in condition to comply with the law will require the expenditure of several thousand dollars, in addition to the annual appropriation of \$1,000, which is practically a useless task, as the old building is in such a state of ruin that the repairs, no matter how well made,

cannot last long, when it will be necessary to go through the process of voting money to again place it in condition. The commissioners have recognized the need of the new building as the means of saving the county the waste of money necessary to try and repair the old jail, and have placed the cost very low to the taxpayers in asking for \$12,000, and the taxpayers of the county who have the real interest of the county at heart, should vote "yes" on the question and give the county a decent jail, as well as save the taxpayers money.

**Mistake by the Printer.**

In the cards advertising the dance to be given at the German Home Saturday evening an error was made by the printer in stating that the admission price would be 25 cents, when it should have been ladies' free. It is customary at the dances that have been given in this city to admit the ladies free, and this dance will be no exception, and the ladies are most cordially invited to attend absolutely free. The committee in charge of the dance are making every preparation to make the affair one of the most successful that has been given by the Turn-Verein.

**THE DEATH OF  
CHRISTIAN STOEHR**

Funeral Saturday, February 15,  
Attended by Large Concourse  
of Friends.

DIED—Christian Stoehr, Thursday, February 12, at the home of his daughter, Mrs. George Heil, at the advanced age of 84 years.

Christian Stoehr, one of the foremost and most prominent farmers and land owners of Eight Mile Grove precinct, was summoned to his Maker Thursday, after an illness covering a period of about two weeks, from dropsy. He was born in Bismark, Darmstadt, Germany, August 6, 1827, and resided in his native land until he was 27 years of age, when he decided to follow the beckoning hand of opportunity and seek his fortune in the great republic beyond the sea, coming to the United States in the year 1854, and settled in the state of Illinois, where he was married at Pekin to Miss Elizabeth Earhardt, who came from the old home of Mr. Stoehr in Germany, and their happy wedded life continued until 1900, when the wife was called by the angel of death to her final reward, and since that time he had lived with his children. Mr. and Mrs. Stoehr moved to Nebraska in 1883 and resided for several years on a farm in Eight Mile Grove. The following children were born to this worthy couple and survive to mourn their loss: Philip Stoehr, Cedar Creek; Conrad Stoehr, El Reno, Oklahoma; Mrs. George Heil, Cedar Creek; Mrs. A. B. Fornoff, Plattsmouth; Mrs. A. H. Peterson, Louisville; Mrs. M. O. Metzger, Merriam, Neb.; Adam Stoehr, Plattsmouth.

The funeral of this worthy man was held at Glendale church, the services being conducted by the pastor of the Methodist church at Louisville, and all that was mortal of this sturdy and upright citizen and father was laid to its last long sleep in the Glendale cemetery. The sons, Conrad, of El Reno, and the daughter, Mrs. Metzger and husband, of Merriam, were present at the last sad rites.

In the passing of Christian Stoehr the community in which he resided and Cass county is left poor indeed and his place in the life of the community will be one hard to fill, as during the years that he has resided in this county he has always been alive to every movement for the betterment of the public good and his energies have always been for the uplifting of his fellow man.

**Card of Thanks.**

We desire to return our most sincere and heartfelt thanks to those thoughtful friends who assisted us during the sickness and death of our beloved father, and trust that in their hour of sorrow that they may receive the same tender sympathy that we have.

Philip Stoehr,  
Conrad Stoehr,  
Mrs. George Heil,  
Mrs. A. B. Fornoff,  
Mrs. A. H. Peterson,  
Mrs. M. O. Metzger,  
Adam Stoehr.

**A. L. BECKER'S INJURIES  
WERE MORE SEVERE  
THAN AT FIRST THOUGHT**

From Wednesday's Daily. The injuries received by A. L. Becker in the automobile accident near Union yesterday were really more severe than at first reported. His scalp was torn loose and it required numerous stitches to close the wound after the attending physician, Dr. Gilmore, of Murray, had cleaned the wound of the straw and dirt that had been scraped up when he struck the ground in falling. His nose was split open and four teeth knocked out, one of them being imbedded in his chest, where it was taken out by the doctor. He received several internal injuries, the exact extent of which cannot be fully determined. A trained nurse arrived yesterday afternoon on the 3 o'clock train, and was at once hurried to the Becker home to assist in taking care of the unfortunate man.

**MAGUIRE'S AMENDMENT  
ON HOG CHOLERA SERUM**

A special from Washington under date of February 17, says that the amendment to the agricultural bill providing \$45,000 for demonstration work by the department of agriculture in the use of hog cholera serum was fathered by Congressman Maguire and not by Congressman Sloan, as has been reported.

The amendment was offered the day after Mr. Sloan became a member of the committee and in telling of the work of that committee he allowed the impression to be taken away that he was responsible for the amendment. Congressman Maguire, according to record, is the author of the amendment. Subsequently he made a short speech on the subject when the bill was reported to the house.

Hitherto about \$9,000 a year has been paid for work of this character.

It is Mr. Maguire's purpose to have the money spent in order to educate farmers. The serum used is the same that has been used effectively for several years, but it is not used widely enough to cut the death rate of hogs very materially and the congressman from the First district believes that this disease is due largely to the fact that farmers and hog raisers do not know how the serum can be obtained and how necessary it is to use it to bring about two weeks, from dropsy, cholera.

**ICE IN THE PLATTE YIELDS  
TO THE WARM WEATHER  
AND IS GOING OUT**

From Wednesday's Daily. The ice in the Platte river yesterday began to yield to the warm weather of the last few weeks and began to go out without causing any trouble to the bridges over the river at Oreadopolis. The wagon and auto bridge has been fixed up this season so it can stand the strain if the ice begins to gorge and it is thought that even in such a condition as prevailed last season when the river broke up, the bridge could stand the shock. The Missouri started to break up Monday and the river is now opening up fast. The opening up of the river has caused the owners of motor boats here to begin the work of making them ready for use, and in a few weeks, with good weather, the crafts will be in shape to place in the river.

**Now Three-Chair Shop.**

Ward Clark, the enterprising barber, has just added another chair to his shop, under the Bank of Cass County, and now has a three-chair shop in operation, with two excellent barbers in addition to himself, ready to serve the public quickly and in the most up-to-date and speedy manner. James Miller and James Sheffield, formerly of the Riley hotel shop, are now employed in the shop, and with Mr. Clark, makes three barbers hard to beat. The large trade enjoyed by Mr. Clark in his shop made necessary the addition, as it was getting too large to be handled by two men.

**JUDGE ARCHER PLAYS "FINE"  
GAME ON A COUPLE FELLOWS**

From Wednesday's Daily. This morning Judge Archer had two gentlemen brought before him, who had been taken up by the police last evening in a highly "lit" condition, and they were compelled to languish in the dungeon keep until this morning. One of the parties, John McKinney of Omaha, confessed that perhaps he had indulged too heavily in the fowling bowl and the judge, in view of this, assessed him a fine of \$2 and costs, amounting to \$5, which he paid and departed, feeling he had received his money's worth. The other victim of the judicial wrath was one Ed Miller, residing over in Iowa, who had come over yesterday, and being unable to resist the superior qualities of the Nebraska brand of liquor, had accumulated a greater load than he could properly carry around with him. Last evening John attempted to take passage on No. 2 for his home, but was denied the privilege of riding on the train, as he was very much intoxicated, and he proceeded to remonstrate quite strongly with the officials at the depot until he was forced to go back up town, where he was gathered in and this morning the judge gave him a present of \$2 and costs, which he paid.
