PLATTSMOUTH

YANKEE ROBINSON'S BIG SHOW WILL BE HERE MONDAY, MAY 5

Plattsmouth is to have a real first-class circus this year, the advance agent for the famous Yankee Robinson company having come in yesterday to close the date for the appearance of his show here on Monday, May 5th. This is one of the best circuses on the road and the opportunity will be given our people to witness a good show right at home. The Robinson shows are complete in every way and they carry a large number of high-class artists, who are tomatopers in their line of work. The exact location of the grounds has not been made yet, but will probably be the O'Neill property in the south part of the city, where most of the circuses have put up in the last few years.

Cause for Alarm

Loss of appetite or distress after eating—a symptom that should not be disregarded.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest persons are moderate eaters. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Rezell Dyspepsia Tablets, with the understanding that we will refund the money paid us without question or formality, if after use you are not perfectly satisfied with results.

We recommend Rezell Dyspepsia Tablets to customers every day, and have yet to hear of one who has not been benefited. We believe them to be without equal. This past month has been a very busy one in the office of the clerk, as there has been a large number of our foreign population making application for their first papers.

German Ship Mimi Overturns at Bay City, Oregon.

LIFE SAVERS ARE BAFFLED.

Heavy Sea Prevents Rescuers From Reaching Imprisoned—Underwriters Were Working to Get Boat Off Reef. Were Working to Get Boat Off Reef.

Bay City, Ore., April 7.—Twenty-two men, including the ship's captain, the president of a wrecking company of Portland and the representative of the marine underwriters, were trapped in the hold of the German ship Mimi, which capsized off the beach, after having been hauled off a reef on which it had been fast two months. How many perished is not known. Figures were seen on the bottom of the wreck. It was supposed they had cut their way out.

A heavy sea was pounding the wreck and lifesavers refused to attempt a rescue until it calmed. They said no boat could be launched and refused to let volunteers take their boat. The lifesavers are camped on the beach watching for a chance to reach the wreck.

The Mimi, in ballast for Valparaiso from Astoria, piled up on the reef on Feb. 13 last. It was not seriously injured and the underwriters contracted with Charles S. Fisher of a Portland construction company to float it. Fisher, his secretary and seven riggers, Captain W. E. Crowe, representative of the underwriters; Captain Westfall of the Mimi and eleven of his men were aboard the ship when it capsized. All were below decks when it turned over, it is thought, as no bodies or survivors have reached the shore.

HOUSEWIVES CENSURED

Mrs. Heath Says Cost of Living Can Be Reduced by Bulk Purchases.

Philadelphia, April 7.—The failure of the American housewife to buy to the best advantage is one cause of the high cost of living, according to Mrs. Julia Heath of New York, president of the Housewives' league, who spoke before the annual meeting of the American Academy of Political and Social Science.

"It is the duty of the wife to spend what her husband produces in a way to obtain the greatest and most lasting benefit," she said. "American housewives have found they could do this singly. By combining they already have accomplished wonders and will accomplish more."

"Buying in packages instead of in bulk increases the cost of living. The consumer pays the cost of the package and the extra cost of handling, as well as the printed advertising which adorns the package. Every item on the list adds to the cost of living. The time is coming when we will return to the use of bulk goods, but will demand sanitary handling from the producer to the consumer."

Forcible feeding has been resorted to and the efforts of resistance, combined with the partial nervous collapse of the suffrage leader at the time she was sentenced, have brought about a state of nervous prostration. Her condition is giving the utmost concern to the prison physicians, who may appeal to the home office for an examination by outside physicians.

Thomas Whitaker, a rancher, made the discovery. The cave is located in the mountains, near Promontory Point, eighteen miles from Ogden. The front chamber of the series is seventy-five by 150 yards, forty-one feet high and the walls bear pictures of Indians crudely drawn.

MONTENEGRO IS DEFIANT

Will Not Adandon Attempt to Take Scutari.

POWERS IN DEMONSTRATION.

Six Nations Have Battleships Lined Up Before Port of Antivari—British Admiral Pens Warning Note to Premier Tomonovics.

Cettigne, April 7.—The little kingdom of Montenegro has thrown down the gauntlet to the six great powers. It declines to yield to the demand of the powers to abandon its attempts to gain possession of Scutari, and has officially announced that "there will be no departure from an attitude which conforms to the necessities of the state of war existing between the allies and Turks."

An international fleet, comprising warships of Austria-Hungary, Italy, France, Germany and Great Britain, is now blockading the Montenegrin port of Antivari. Russia is not represented by a warship, but has acquiesced in the naval demonstration.

The British admiral sent the following message to the Montenegrin premier, Dr. L. Tomonovics:

"I have the honor to inform you that the international fleet is assembled in Montenegrin waters as a protest against the nonfulfillment of the wishes of the great powers. I desire to call your excellency's attention to the presence of the fleet as a proof that the great powers are acting in concert, and request that their wishes be fulfilled without further delay. Please inform me immediately that your government is ready to carry out the wishes of the great powers."

To this the Montenegrin premier replied in a note expressing regret at the presence of the fleet, which he considered a violation of the neutrality proclaimed by the powers at the beginning of the war. The premier continued:

"Despite the pressure which the presence of the fleet implies, there will be no departure from an attitude which conforms to the necessities of the state of war existing between the allies and Turkey."

A brigade of Austrian troops from Cattaro has been maneuvering near the Montenegrin boundary. The customary note has not been given the Montenegrin government, and Austria's action is considered unfriendly and menacing.

STOCKMEN FIGHT DUEL

Albert McDermott Slain by Elbert Munn in Quarrel Over Steer.

Cortez, Colo., April 7.—A duel to the death was fought here by prearrangement between Elbert Munn and Albert McDermott, according to the former, in which McDermott was killed after the second shot from Munn's revolver. Munn surrenders himself to the authorities.

He stated that the duel resulted from a disagreement over the ownership of a steer. According to Munn the two men became so angry that they decided upon a duel to settle the owner ship.

They agreed, it is said, to back away from each other and begin shooting on a prearranged signal. They were to shoot till dead.

The first bullet from Munn's revolver entered McDermott's side. The other penetrated the body just below the heart.

Both men were owners of large cat-tle ranches in Dolores county.
