Sells Colorado Land.

J. W. Holmes and W. S. Smith have traded their Colorado lands for a most excellent piece of property in Omaha, at 26th and Cumming streets. Their new possession is a three-story flat, containing six living departments of six rooms each, with three business houses on the lower floor, all of which are well rented. The consideration in value of the trade is placed at \$25,000, and Messrs. Smith and Holmes are well pleased with the exchange, as they no doubt have a very valuable piece of property in Omaha. The land traded was that secured from Mr. Hass at the time they sold their business property in Murray a few years ago.

BIG CAMP READY FOR VETS

Soldiers of Two Armies Are Arriving on Gettysburg Field.

Gettysburg, Pa., June 26.—By arrangements completed in the big veterans' camp, it will be possible for the old soldiers of the north and south to find each other at Gettysburg next week with ease, if the person is anywhere in the camp.

Under the direction of the officers in charge, fourteen information bureaux will be established at various parts of the camp. The location of every command will be known here and a small army of boy scouts will conduct the veterans to the tent where their quest will be satisfied.

Every day sees old soldiers coming in for the celebration and among the arrivals was Lieutenant W. H. Wright, who walked the entire distance from Winchester, Va., since June 5. Many others are known to be walking here for the celebration.

The tent to be used as an auditorium was raised immediately south of the big tent, and the placing of the seats was started today. Tier upon tier of seats will be built and a seating capacity of 10,000 will be reached after all is completed.

GOVERNOR BROWN ARRAIGNS UNIONS

Georgian Says They Form Most Exacting Trust in Nation.

Atlanta, June 26.—An arraignment of labor unions, in which it is charged that they form the "most widespread and aggressively exacting trust in America," is contained in the farewell message of Governor Joseph M. Brown to the Georgia legislature.

Governor Brown's criticism is made in connection with his argument for the enactment of laws requiring compulsory arbitration of differences between employees and employers.

"The trend of the laws of the present day is to suppress combinations or trusts in restraint of trade," states the message. "Yet, while it is a matter of public note that the labor trust is the most widespread and aggressively exacting trust in America, politicians pander to it because of its voting power."

"The labor unions, by combination, which they work through strikes and kindred methods, are aggressively levying a toll on all the other elements of our citizenship. They have organized a trust and demand that all other people buy labor at whatever price they choose to put on it."

The governor states he does not declare that all of the members of the labor unions are willful violators of the law. "Yet they are the victims of a system which is breeding anarchy," he says.

Victims of Horror May Exceed Fifty.

Buffalo, June 26.—With seventeen known to be dead, eighteen missing and a score in hospitals, for whose recovery no hope is entertained, the final total of victims of the fire and explosion that wrecked the big plant of the Husted Milling and Elevating company probably will exceed fifty. Nine of the sixty taken to hospitals died.

HOTEL CHIEF HAS PROBLEM

Rooming Houses Want to Register as Hotels.

ATTORNEY GENERAL IS ASKED

Legal Department Will Solve Question Under New Law for Commissioner Ackerman—New Guard Company Mustered in at Broken Bow.

Lincoln, June 26.—Can a rooming house, under the new public tavern bill passed by the legislature, be classified as a hotel and regulated as such an institution, although without the meaning of the definition given to it by the solons? Hotel Commissioner Ackerman scratched his head over the matter and then finally gave it up and asked the attorney general to lend his aid in the solution of the question.

The matter has been brought to the attention of the hotel expert several times within the past week. A number of Omaha, Hastings and Lincoln rooming houses want to be classified as hotels and regulated as such, but do not want to install the dining room provision necessary to make them comply with the definition given to hotels.

Barg Gives Valentine Permit.

At a meeting of the state board of irrigation the secretary was instructed to grant permits to applicants for water rights under the same rules as heretofore used by the board in similar cases. The board also granted a power permit to the city of Valentine. The permit is not to be transferred only upon unanimous consent of the state board and the power can be used by the town only. The city formerly had a plant, but it washed out some time ago and they are preparing to rebuild it.

Banner County Seeks Road.

Dr. S. S. Page of Harrisburg, Banner county, was a caller at the state house. The doctor wants the Burlington to build a railroad from Bridgeport out through Banner county to some point west. "Our county has no railroad," said Dr. Page, "and we feel that we are entitled to one. Banner county is the best county in the state, we think out there, and we want to hear the steam whistle once in a while and see the vanished cars go by."

Settle Street Car Transfer.

A multitude of street car transfer troubles has fallen upon the Lincoln Traction company so insidiously during the past month that the time of the railway commission has been taken up three times within a week in adjusting the trouble. A near-tight transfer system has been evolved now, and just approved by the commission, which it is believed will keep sponging Lincolnites from going down town and back on one lone nickel.

Expert Visits Beatrice.

E. J. Cates, telephone expert of the state railway commission, went to Beatrice to check over the Lincoln Telephone and Telegraph company's property preparatory to the formal consolidation of the two telephone plants of that city. A new building, just completed, and other improvements of various kinds certify to the prosperity undergone by the company as a result of its merger with the Bell interests.

G. A. R. Men Meet.

Plans for the trip of the Nebraska civil war veterans to the national encampment to be held at Chattanooga, Tenn., were made by the state council of administration of the G. A. R. here. Department Commander Dempster of Omaha was present. The chief business was the selection of a route and the perfecting of details for the trip between this city and the southland.

Nebraska Crops Lead Other States.

State Auditor Howard returned from a meeting of the executive committee of insurance commissioners of the country held at Richmond, Va. Nowhere in all the trip, according to Auditor Howard, did corn and other crops look as well as in Nebraska. "Nebraska corn is two weeks ahead of that of any other state," said the auditor.

One-Third Relief Fund Is Spent.

Figures given out in the governor's office show that \$67,869.64 of the \$100,000 relief fund voted by the legislature to tornado sufferers has been spent. The largest amount went to the Bryne-Hammer company of Omaha, \$12,525.09, and the smallest to the Dunning Hardware company, \$1.70.

Hull Files Statement.

T. M. Hull of Norfolk, who says that he lobbied here last winter on matters affecting the welfare of itinerant vendors, certified to an expense of \$193.63. Mr. Hull is state salesman for a company which sells its goods through the occasional salesmen.

Ask New Geneva Rates.

The Lincoln Telephone and Telegraph company has filed an application with the railway commission for consolidation of the Fillmore county telephone exchange at Geneva with the company's exchange and the inauguration of a new schedule of rates.

New Guard Company.

Adjutant General Hall added another company to the national guard by mustering in sixty-eight Broken Bow men who want to undergo military training during the coming three years.
