

Ten Special Points of Excellence Found Upon Racine Sattley's New Stawana Gang Plow

The Plow with the "AUTOMOBILE STEERING GEAR"

Please Note All Are Exclusive Features Not Found on Any Other Plow Made.

First—Steering Gear.
Automatic style direct and position, no springs—allows the plow to turn at right angles, either to the right or left, prevents sliding of the front land wheel and takes all strain from same when turning. Every time the front furrow wheel turns either way the front land wheel is forced to turn in exact unison.

Second—Hitch.
Two horses on EACH SIDE of the pole, regular farm wagon eveners, no patent equalizers needed. Center of draft lies exactly between the two teams, permitting them to walk as straight and naturally as though they were hitched to your old farm wagon.

Third—Land Wheel.
Front land wheel is set directly opposite the front furrow wheel, the arm holding same being at the extreme front corner of the frame. The land wheel is set at an angle or inclined in at the bottom, same as the furrow wheel.

Fourth—Side Draft.
This construction "Hitch and Land Wheel" secures greater leverage in controlling the course of the plow and does away with ALL SIDE DRAFT.

Fifth—Control.
The tongue controls all three wheels by placing the land wheel at the extreme front of the frame, enables us to connect it direct to the tongue post.

Sixth—Single Bail.
Beams and bottoms being hung in frame on one bail gives this plow a flexible floating bottom

and insures at all times every pound of weight, including the drivers, being carried on the wheels. This gives us our light draft and allows the wheels to pass over rough ground without in the least affecting the depth of the furrow.

Seventh—Furrow Wheel Control.
Automatic steering rod—no side thrust on tongue; adjustable rear furrow wheel not affected by horse motion.

Eighth—Foot Lift.
Extremely high—double bearing—adjustable to small boy or large man—conveniently located and when bottoms are raised no levers are in the way and it comes just right to be used as a step for the operator to reach the seat.

Ninth—Main Frame.
One piece—no joints—extra heavy stock—will not spring.

Tenth—Shares.
Made of "Sattley Special" soft center steel, absolutely guaranteed against breakage and warranted to scour in any soil.

The New Sattley Stawana Gang Plow is no experiment. We have built it for three years with this plow as now perfected. The Racine Sattley company this year made a killing and with it cleaned up the plow trade of Kansas, Missouri, Illinois, Wisconsin, Ohio and Indiana, and intend to do the same in Iowa and Nebraska this fall and the spring of 1914.

The plow speaks for itself. Every live dealer and farmer, after going over its many excellent points not found on any other plow made, must admit its superiority.

We absolutely guarantee this gang plow in every way.

correct, and warrants were ordered drawn for the several amounts. The council received a communication from Theodore Stucklen asking permission for the extension of a private sewer from the corner of Patterson avenue and Hermie street to his residence, which was referred to the fire and water committee for proper action.

Chairman Vrohman of the cemetery committee reported that on a recent visit to Oak Hill cemetery he had noticed a large number of the tombstones to be in bad shape, some of them having fallen to the ground and others leaning to one side quite badly, and he made a motion that the sexton be notified to fix up the smaller ones and to furnish the city clerk with a list of the owners of the larger tombstones, in order that they could be notified to see if they would not help in the expense of putting them in place.

On motion of Councilman Bajock George Sayles was notified to have a permanent walk placed along his property running along Eleventh street to the alley.

Councilman Vroman also asked that the grader be used on Lincoln avenue, where the street had become quite rough and hard to travel over.

The engineer for the city was notified to get ready the plans and specifications for the Third street curbing and guttering as soon as possible in order that the work might be gotten under way. The finance committee of the council reported favorably upon the following claims against the city, and on motion, warrants were ordered drawn for their payment: F. G. Egenberger, rent for city hall, \$113.75; W. B. Rishel, street sprinkling and sweeping, \$39.20; Waterman Lumber Co., lumber, \$38.85; H. C. McMaken & Son, concrete walks, \$22.88; H. C. CELEBRATE THEIR EIGHT WEDDING ANNIVERSARY

From Monday's Daily.
There was a very pleasant gathering yesterday at the home of Robert Harris and wife in the south part of the city, when a number of their friends came in unexpectedly to remind them of their eighth wedding anniversary. The host and hostess were not aware of the intentions of the neighbors and were resting nicely at home when the crowd began to drop in and shower them with their best wishes and congratulations on the event. The party came well prepared with baskets of good things to eat, and these were spread out at an appropriate hour, when the jolly crowd sat down to a most sumptuous luncheon and some of those in attendance declared that while Mr. Setz did not care for fried chicken, he did not let any of it go to waste. The afternoon was spent most delightfully by the jolly crowd in a general good time, and at a late hour they departed for their homes, wishing Mr. and Mrs. Harris many happy returns of the day. The guests for the happy event were: Fred Patterson and wife and daughter; John Toman, wife and four sons; Joe Schatka, wife and son; Eugene Setz and wife, they leaving the children at home for fear of catching the measles.

A DELIGHTFUL TIME AT JOHNSON HOME

From Tuesday's Daily.
Sunday Miss Peggy Johnson entertained the members of the C. C. club of Omaha, of which she is a member. The young ladies were met at the station and were taken to the bridge, where dinner was prepared over large campfires and was partaken of on the banks of our famous Missouri. The country far and near around the bridge was explored by the fair Omahans, who declared that the Plattsmouth hills held more beauty than they had ever dreamed of. After satisfying themselves that gold and silver could not be found among the rocks, they participated in a boat ride, which was an excellent one and most thoroughly enjoyed. They were then taken to Miss Peggy's home, "Riverview," in South Park, where they found everything for their amusement. Posing before the kodak seemed to afford much merriment among the happy members, as each one tried to surpass the other in the art of posing. Miss Peggy delivered several pieces in elocution, after which songs and conversation held full sway. At an appropriate hour the hostess led her guests to the dining room, which had been splendidly decorated in their colors, violet and white, and where a most tempting luncheon was served by Mrs. G. Johnson and assistants. The color scheme was even carried out in the dessert, cake and fruit. Another hour was spent in song and conversation and then all made their way to the Missouri Pacific station, where they boarded the 7:45 train for Omaha, declaring they had never spent a happier Sunday for many years. Miss Johnson also accompanied them to Omaha to resume her duties at the new Douglas county court house.

SOME "CRACKER JACK" LIES OF MARRIED MEN

The editor of this paper sent out a circular to a large number of married men asking them "why they married?" Here are some of the answers:

Because I did not have the experience I have now.

That's what I have been trying to find out for eleven years.

I have married to get even with her mother, but never have.

I had yearned for company, now we have it all the time.

I thought it would be cheaper than a breach of promise suit.

Because Sarah told me that five other men had proposed to her.

That's the same fool question my friends ask me.

I wanted a companion of opposite sex. She is still opposite.

The old man was going to give me his fool, so I took his daughter's hand.

Because I thought she was one among a thousand—now I think she is a thousand among one.

I was lonely and melancholy and wanted someone to make me lively. She makes it very lively.

MORE OF THE YOUNG PEOPLE GET MARRIED

From Tuesday's Daily.
More of the young people of the county are deserting the standard of single blessedness and enrolling themselves in the ranks of the newly weds, as is shown by the records in the office of County Judge Allen J. Beeson, where marriage license was issued yesterday afternoon to Clyde S. West, aged 27, and Miss Laura McFall, aged 25, both of Eagle, this county, and this morning the judge issued the necessary permit to Paul F. Thuresson of University Place and Miss Grace B. Foreman of Alvo, to be united in the holy bonds of wedlock. Miss Foreman is the charming daughter of George P. Foreman, one of the prominent residents of the western part of the county, and is a young lady of marked talent, and who is greatly admired by a large circle of friends in her home town.

Despondency.
Is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. For sale by all dealers.

Junior Guild Holds Meeting.
From Tuesday's Daily.
The Junior Guild of St. Luke's church met last evening at the home of the president, Miss Marie Donnelly, and a very interesting business session was participated in by the young ladies of this popular organization. A discussion of the work for the coming season was indulged in by the different members and it was finally decided that the organization would give an oyster supper on Thursday evening, October 2, at the Hotel Riley, where ample accommodations can be provided for the public who desire to enjoy a fine treat.

THE CASE AGAINST CHRISWISSER LOST

From Tuesday's Daily.
Yesterday afternoon the case of the State of Nebraska vs. Park Chriswisser, charging him with running his automobile at a speed greater than the law allows, was staged in Justice M. Archer's court, and attracted a large number of spectators to hear the evidence in the case. The state placed Mr. and Mrs. George Perry on the stand, who testified that Mr. Chriswisser and another man had passed them on Lincoln avenue while they were driving along in their buggy, about opposite the north gate at the Burlington shops, and that they were going at a rate of speed in excess of the limit. The defendant and his wife were also on the stand and swore they were together driving in their car on the occasion alleged by the state, and did not pass any vehicle until after they had passed Bach's store, several blocks south of where Perry claimed to have passed them. The defense also offered the speedometer in evidence to show that the driver of the car had not exceeded the speed limit. The jury, composed of George L. Farley, Lee Cotner, W. R. Egenberger, M. M. Beal and Gideon Archer, listened for some time to the statements of County Attorney Charles Martin for the defense. Mr. Martin made quite an extended speech in behalf of his client, and pointed out the difference between heresy evidence and that presented by the speedometer. After deliberating for some time the jury brought in a verdict of not guilty and the defendant was cleared of the charge of having violated the law.

THE RUSH FOR CITIZENSHIP PAPERS STILL CONTINUES

From Tuesday's Daily.
The applicants for final citizenship papers continue to pour into the office of District Clerk James Robertson, as the day for final action draws near. Daniel Rumein of Elmwood, a former resident of Germany, has filed his application for his final papers, stating he came to America in 1892, and desires to renounce all allegiance to the emperor of Germany. George Sudmann, a resident of Avoca, also has filed his application for citizenship. He came to this country from Germany in 1903. James John Christainsen, a native of Denmark, residing near Elmwood, was also an applicant for his final papers in the office of the clerk, and as this is the last week for those making their declarations of intentions before 1906, a large number will take advantage of the opportunity to get into the fold.

HARRY CARLE LEAVES ON A LONG TRIP TO TACOMA

From Wednesday's Daily.
This afternoon Harry Carle, the catcher for the Boosters during the past season, departed for Colby, Kansas, where he will join his cousin, and they will then start in an automobile for Tacoma, Washington. The trip will be a most delightful one for these two gentlemen, and it is to be hoped that Harry can see his way clear to return to this city before spring, as he has been a vital factor in the success of the Boosters during the past season, and his absence will be keenly felt. Mr. Carle is a fine young man and has made a host of warm friends since his stay in this city, and they will all regret to see him leave, but trust that he will be able to see his way clear to return.

BOB PROPST AND WIFE HAVING GOOD TIME IN THE EAST

Taking in All the Sights Worth Seeing in the East and Canada.

The Journal has just received a very interesting letter from our old friend, R. L. Propst, who, with his wife is enjoying an extensive trip through the east, and as it is their first trip of any extent since their marriage, they are both enjoying it to the utmost. The letter is as follows:

I write you this to inform you we, Mrs. Propst and I, are still on terra-firma, but high up on the Adirondack mountains, where the scenery is grand and the atmosphere is quite different from that we experienced in Nebraska this summer. I cannot tell you at this time about the different places of interest that we visited, only that we came by the way of Niagara Falls, Toronto, the St. Lawrence river, through the Thousand Islands, landing at Montreal. From the province of Quebec, as you look in a westerly direction, you see Montreal in all its grandeur, as part of the town is located on the east slope of a very high mountain. On this mountain are castles costing over \$1,000,000. At the headwaters of the St. Lawrence, on one of the islands, Mr. Pullman of the Pullman car company is building a castle that is costing over \$1,000,000. The forest fires are making it very unpleasant for the inhabitants here. Large columns of smoke can be seen by day and the sky is lighted by night. This fire has been burning for more than one month, with hundreds of men saving what property they can. Deer have been driven to the settlements in large number, but they are safe from the hunter's rifle until October 10, when the season opens for hunting. This village (Moriah) is situated on a high elevation one mile from Port Henry, and one can see for many miles out over Lake Champlain, across the lake into Vermont, where the Green mountains project skyward. Hoping you have had moisture and cooler weather, I remain yours truly,
R. L. Propst.

MR. R. M. SHLAES TO PURCHASE NEW HOME

R. M. Shlaes, the theatrical man, has made arrangements for the purchase of the residence property on the corner of Sixth and Vine streets, next to the new bungalow being erected by W. E. Rosencrans. The location is an ideal one, being on two of the principal paved streets of the city, and the house will be entirely remodeled by Mr. Shlaes and be practically made into a new house, with all modern conveniences and will make a most pleasant home for the Shlaes family. The fact that Mr. Shlaes has decided to purchase property and become a permanent resident of the city will be learned of with much pleasure by his many friends, as he and his wife have made a host of friends since their location here a few years ago.

FORMER PLATTSMOUTH LADY MARRIED AT PORT ORCHARD WASHINGTON

The announcement has been received by the friends of the bride in this city of the marriage at Port Orchard, Washington, on July 7th of Miss Flora Donovan and Mr. W. H. Merritt. The bride is well known in this city where she was born and reared to womanhood and where her parents, Captain and Mrs. Donovan, were old residents. Miss Donovan left this city a number of years ago and has followed the profession of trained nurse since that time and the wedding is the culmination of a romance began in the hospital where her husband was taken for treatment and the acquaintance developed into the marriage. The friends of the bride will be pleased to learn of her marriage and will trust that her life will be filled with all the happiness possible. The newly wedded couple will continue to make their home at Port Orchard.
