Mack Churchill sold his pool tables to Creed Harris, and in the trade got a fine horse. Creed in turn sold the tables to Philip Keil. Mack had never presented his petition to the county commissioners, so there was no necessity of a withdrawal.

This vicinity was the scene of a disturbance Sunday afternoon, when the people were startled by hearing a hollering, "A boy! a boy! a boy!" The telephone was called into use and it was soon learned that John Hobscheidt, jr., was found over a barrel hollering "A boy!" The young man had arrived Sunday afternoon, and John is not accountable for his acts. Grandpa Hobscheidt is reported as slowly coming to.

The happiest man in Rock Bluffs precinct is Uncle John Hobscheidt, all on account of the arrival of a grandson that weighs a fraction over ten pounds. The little one arrived last Sunday, and was born to Mr. and Mrs. John Hobscheidt, jr., and it is said that when the fact of it being a boy was known Uncle John's happiness simply knew no bounds. Success to the little stranger, and may he live to fill his granddad's heart to overflowing with joy. Remember, Uncle John, that the treats are on you, when you come to town.

Women in the Home.

(Contributed.)

We are forever told that the place for women is in the home. Well, so be it. But what do we expect of her in the home? Merely to stay in the home is not enough. She is a failure unless she attends to the health and welfare, moral as well as physical, of her family, and especially her children. She, more than anyone else, is held responsible for what they become. She is responsible for the cleanliness of her home. She is responsible for the wholesomeness of the food. She is responsible for the children's health. She is responsible for their morals. How far can the mother control these things? She can clean her own rooms, but if the neighbors are allowed to live in filth she cannot keep her rooms from being filled with bad air or infected with vermin? She can cook her food well, but if dealers are permitted to sell poor food, stale eggs, unclean milk, she cannot make the food wholesome for her children. She can open her window to give her children air, but if the air is laden with tuberculosis and other contagious diseases, she cannot protect her children from this danger. She can send her children out for air and exercise, but if the conditions that surrounds them on the street are immoral and degrading she cannot protect them from these dangers. Alone she cannot make these things right. Who or what can? The city can do it, the government that is elected by the people to take care of the interests of the people. And who decides what the government shall do? First, the officials; second, those who elect them. Do the women elect them? No, the men do. So the men are responsible for the conditions under which the children live, but we hold women responsible for the results of those conditions. If we hold women responsible we must, in simple justice, let them have something to say as to what these conditions shall be. There is one simple way of doing this—give them the same means that men have. Let them vote. Women are by nature and training housekeepers. Let them have a hand in the city government or city housekeeping. And they will perform their duties much more efficiently.

Thanksgiving Day at Lewiston.

At an early hour in the day the people began to gather, coming in wagons, buggies and automobiles, loaded to their full capacity with humanity and good things to eat, and by 11 o'clock the church was filled. At 11:30 the crowd was so great that a large number were obliged to remain on the outside when Rev. W. A. Taylor, from Union, commenced the services. The services were commenced by the choir of seven rendering three select pieces of music; prayer by Rev. Taylor, after which Miss Winnie Hutchison sang most beautifully a solo, "A Clean Heart." Rev. Taylor then took his text from Amos 4-12, this part of the verse, "Prepare to Meet Thy God," and this text he handled to the satisfaction of all. It was indeed a noble sermon and delivered most excellently, and the crowd would willingly have listened another hour. After the close of the sermon a great big dinner was served. Tickets were sold at the ticket stand, and each one was required to purchase one before they sat down, the price being 25 cents each. The dinner, well, it would be useless for me to try and tell you what all they had—apple salad, cabbage salad, potato salad, fruit salad, goose, chicken, ham, dressing, and this is only a starter; well, you should have been there. The interior of the church had been all refurnished of late, and with the scarlet and white and red and white decorations it gave a beautiful appearance. The table was fixed to seat thirty at once, and there were six tables for dinner. The west end of the church was fixed for the kitchen, a cook-stove being set up, and no place for the stove-pipe being found the top and the stove-pipe was run out (this was done by the women).

The ladies had a booth with a nice selection of fancy articles and useful things for sale, and this alone netted them nearly \$20. The afternoon was spent in visiting and getting ready for another big feed. In the evening they served a general supper and oysters for 25 cents. While there was a good crowd for supper, it did not compare with the noon crowd for size. After all had eaten, Rex Young, our home auctioneer, assisted by John Hobscheidt, commenced selling things that were left from the booth and

supper at auction. Everything was soon disposed of, the total receipts for the day being \$90.00. Many lunches were fixed up and sent out to old people that were not able to come. The ladies of the K. N. K. were well pleased and felt well paid for their efforts. Next year you had better be there and share your part of the pleasure and good things to eat.

IT IS ALWAYS CRACKER TIME

You know whether you are hungry or not you can eat crackers. But one thing sure—you want them to be fresh. The "Fairy Sodas" are the most crispy cracker on the

market—always fresh at our store as we get a shipment each week and direct from the factory. Our buying direct insures their freshness, and in so doing are not held by some jobbing house for weeks before reaching us. Put up salty and plain in moist-proof boxes—10c, 25c, and 50c.
