## Constipation, if Neglected, Causes Serious Illness

Constipation, if neglected, leads to almost innumerable complications affecting the general health. Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayres, 6 Sabin St., Montpelier, Vt., says:

"I was afflicted with constipation and biliousness for years, and at times became so bad I would become unconscious. I have been found in that condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them I had never tried anything that acted in so mild and effective a manner. I believe I have at last found the remedy that suits my case."

Thousands of people are sufferers from habitual constipation and while possibly realizing something of the danger of this condition, yet neglect too long to employ proper curative measures until serious illness often results. The advice of all physicians is, "keep your bowels clean, and it's good advice."

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned.

MANY FEDERALS DIE AS TRAIN HITS MINE

Survivors of Wreck Stain Afterwards by Rebels.

Mexico City, Dec. 24.—A train carrying a detachment of government troops on a tour of exploration ran over a rebel dynamite mine near Charcos and was practically destroyed. A majority of the federals who escaped death in the explosion were killed afterwards by the rebels.

Charcos, which is now occupied by the rebels, is just north of San Luis Potosi and is the farthest point south to which the northern rebels have advanced.

Muerta Gets Munitions From U. S. Washington, Dec. 24.—American arms and ammunition for Huerta, denied direct exportation to Mexico, are being shipped from the United States to Hamburg, Germany, and reshipped to Mexico. This became known to officials here, when it was found that a large shipment had been made by that route.

TANGO IS DANCED IN COURT

Judge Watches "Statement of Fact" With Much Interest.

Los Angeles, Dec. 24.—Although technically termed a "statement of fact" and presented as such, the tango was danced in the police court before Judge Thomas P. White.

"The statement" was introduced at the hearing of M. C. Melkiojahn, charged with having operated a dancing academy without a license. The defendant said he was not a dancing teacher, but an entertaining dancer and offered to prove it. The court commented and Melkiojahn, obtaining a partner from among his acquaintances who attended the hearing, began.

"I know how to tango," said the judge. "let's see this tango." The judge and all court attaches watched the "statement" with much interest, the case later being taken under advisement.

BOMB AS CHRISTMAS GIFT

New Orleans Woman Suspects Husband of Sending Infernal Machine.

New Orleans, Dec. 24.—A peculiar rattle from the inside of what appeared to be an innocent Christmas gift alarmed Mrs. John Taranto here and she flung the package from her and ran. A moment later it exploded. Somebody had sent her a bomb through the mails and she released the percussion mechanism when she removed the outer cover. She reached another room in safety, but the explosion did much damage to the home.

Mrs. Taranto told the police her suspicions as to the handwriting on the wrapper and they are looking for her husband, from whom she has been separated two years. A similar package sent by messenger last year Mrs. Taranto refused then to receive.
