## Like a Poison.

People who do not enjoy once in a while fresh air and sunshine are not much better off than prisoners. You can tell it from the pale, yellowish tint of their complexion and poor appetite. Their digestion is, as a rule, very weak. If their occupation does not permit them to go out, they should at least try to preserve their health and strength, and to get a little color in their faces. They should use Triner's American Elixir of Bitter Wine. This preparation will drive out all waste matter blocking the intestines and will stimulate all organs to work. It will create a healthy appetite and will regulate digestion. It is very good in diseases of the stomach and the intestines, in anemia and weakness of the nerves. At drug stores, Jos. Triner, 1333-1339 S. Ashland Ave., Chicago. You should always have at hand Triner's Liniment for emergencies.

## THE CHILDREN ENJOY A FINE TIME AT GEM AND GRAND THEATRES

The success of the show for the children at the Gem theater on Christmas day was unlimited, both in the large number of children attending and in the excellent pictures shown. There were about 500 children present and it required two shows to permit them all to see the pictures. At the drawing for the fine auto truck given by Mr. Shlaes Wednesday evening, Johnnie Sattler carried off the prize, while the \$2 in money fell to the lot of Clifford Duxbury. At the Grand Manager Grybsky distributed a barrel of candy to the little folks, and these two theaters aided greatly in making the Christmas of 1913 a pleasant one for the little folks.

## A GREAT PLAY AT THE PARMELE LAST EVENING

"A Slave Girl of New York" Was  
One of the Best Plays Ever  
in This City.

The presentation of the underworld story, "A Slave Girl of New York," at the Parmele theater last night, was not attended by as large an audience as the play deserved, as the company presenting it was a very good one and carried out their different roles in a capable manner. The play deals with a story of a young woman from the New Hampshire hills, who had become infatuated with a young crook from New York, and who had brought her to the big city and was holding her as his "woman" in the east side of the metropolis as the curtain was rung up on the first act, but through the efforts of the young sister the misguided girl sees her way clear and leaves the man to reform himself before he can come to her, and returns to the old home.

There are several strong situations in the drama and the company presenting it gave a very realistic production. As the man, Mr. Townsley was strong and forceful in his acting and he brought out all the characteristics of his part in a splendid manner. Miss Kennedy, who enacted the role of the woman, was one of the best emotional actresses seen here this season, and her acting greatly pleased everyone in the audience. Miss Dorothy, as the sister, and Mr. Castle, as the crook, were both good in their respective parts, and these two persons furnished the comedy for the play.

From Wednesday's Daily.  
Yesterday afternoon Mrs. W. D. Jones met with a very painful accident that will keep her confined to her home for a few days. She was returning home from a call at one of the neighbors, and in walking along the brick sidewalk in some manner caught her foot, with the result that she was thrown to the walk and received several small bruises about the face which required the attention of a physician. The injuries, while quite painful, are not considered serious, beyond the shock to her from the force of the fall, and it is thought that in a few days she will be able to be up and around.

## Croup and Cough Remedy.

Croup is a terrible disease, it attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery, Lewis Chamberlain, of Manchester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved that a certain remedy, Dr. King's New Discovery, is, we have no fear. We rely on it for croup, coughs and colds." So can you, 50c and \$1.00. A bottle should be in every home. At all druggists. H. E. Bucklen & Co., Philadelphia and St. Louis.
