MYSTERIOUS DEATH OF HORSES OF ROBT PROPST

During the past few weeks R. L. Propst of near Mynard has suffered the loss of two valuable 2-year-old colts, and the cause of their death seems shrouded in mystery. They were on the farm of Mrs. Goodwin, eight miles west of Plattsburgh, and when they were last seen were apparently perfectly healthy and there was not the least sign of there being anything wrong with them. Mr. Propst a few days later visited the farm and was startled to find one of the colts lying in the pasture where it had been turned out, and the animal was perfectly lifeless, but it was not thought anything was wrong until a day or so later another colt was found a mile west of the farm along the roadside dead, and the circumstances in the case point strongly to the fact that the animals received some assistance in their death. The loss of these fine animals is felt quite keenly by Mr. Propst and he would greatly desire to ascertain the exact cause of their death, and if someone has given the animals any poison he would make it warm for them.

FRED THRALL RELEASED FROM HIS PAROLE BY JUDGE J. T. BEGLEY

Yesterday in the district court the matter of the State vs. Fred Thrall was taken up by Judge Begley, and the defendant appearing in court as per his parole sentence, and having during the time he was out on parole for the last three years conducted himself in a most peaceable manner and kept his parole in every way, the court decided to release him upon the payment of the costs of the case, as he was apparently perfectly law-abiding. This case is from Union, where Mr. Thrall had become involved in trouble some three years ago with the late Reason Delaney, and when the sheriff went to Union to place him under arrest, he is alleged to have resisted for a time, but was finally secured and brought to Plattsburgh, where he was tried and was later paroled on his good behavior, and to his credit it may be stated he has carefully kept in every way his parole.

THE GOVERNMENT BUILDING TO RECEIVE A THOROUGH REPAINTING

The government building in a few days is to receive a thorough repainting and redecoration throughout the interior of the building and will be placed in fine shape. The workmen are engaged in placing the scaffolding in position to start in on the work and the plastering will be all fixed up preparatory to turning the building over to F. R. Gobelman and his force of workmen, who will do the decorating of the walls and ceiling. The walls and ceilings are to be finished in two shades of tan, which will make a fine appearance and add to the natural beauty of the interior of the building. When the new finish is placed on the walls it is to be hoped that the habit of many of daubing ink on the walls will be stopped, as it is a shame to think that people of ordinary intelligence will be guilty of such practices, and if they are caught doing it they will be made to suffer the fullest penalty of the law, which is very strict in regard to the defacement of public buildings.

On Saturday evening next the M. W. A. will give another of their pleasant social dances at their hall on South Sixth street and the dancing public is cordially invited to attend.

"LIFE'S SHOP WINDOW" AT THE PARMELE FRIDAY NIGHT, JANUARY 30

"Life's Shop Window," which will be seen for the first time here, at the Parmele theater Friday night, January 30, comes to us with a record of the longest run at the Broadway theater, New York City, of all last season's successes. The play is taken from the novel of the same name, by Victoria Cross, and is one of the cleanest, brightest and wittiest plays ever seen on the American stage. There is not a line in the play that could possibly offend anyone. The story is a strong one, telling of the struggles of young Bernard Chelwin on his ranch in Arizona and how in his mad rush for wealth, neglects his wife and child, until the burden becomes too great and the wife decides to leave him. Here the faithful friend, "Hodge," comes in and prevents her from making the great error of her life. She has left her husband, but when the Indian girl kneels before her, with the baby in her outstretched arms, the tie that God sends to bind husband and wife together, she realizes that the toy she chose from Life's Shop Window was made of pure gold. The most beautiful stage settings ever seen here, picturesque costumes and a company of sterling actors make this play one of the season's greatest attractions.
