HELPERS OF CHRISTIAN CHURCH ENTERTAINED AT THE WILES HOME

The Helpers of the Christian church met at the home of Mrs. Thomas Wiles yesterday afternoon and were entertained in a most hospitable and delightful manner. In spite of the cold weather there were a large number of the ladies in attendance, for although it was cold outside, there was warmth, flowers and cheer within, and after their arrival the guests soon forgot about it being cold outside. At these meetings the ladies usually have some particular subject which they discuss. The topic for discussion on this occasion was "Prayer." Roll call was responded to texts on "prayer." The roll call was followed by a few remarks by Rev. Hollowell, Mrs. Philip Rihn and Mrs. M. A. Hall furnished readings, which were very much appreciated by the guests. This little program was a very pleasing feature of the afternoon's entertainment. For the occasion the parlors of the Wiles home had been made very attractive with decorations characteristic of the season. At the proper time an excellent luncheon was served, to which all did ample justice. Mrs. Wiles was assisted in entertaining by Mesdames Philip Rihn and P. D. Bates, and on their departure the guests extended their warmest thanks to the hostesses for the splendid afternoon's entertainment afforded them.

Married by the County Judge.

Yesterday at the office of County Judge A. J. Beeson, Miss Ruby Silvertown, aged 18, and Leslie E. Fox, aged 19, were united in the holy bonds of wedlock. The groom resides at Omaha, while the bride is a resident of Stuart, Iowa. The young people had learned of the famous marriage ceremonies which the judge has become noted for, and accordingly came here to have the knot tied. They departed in the afternoon for Omaha, where they will reside in the future.

LIGHTS OUT FOR A SHORT TIME LAST EVENING BUT SOON REMEDIED

There was considerable annoyance caused on the north side of Main street last evening and in the north part of town, when the burning out of a fuse at the power house of the Nebraska Lighting company caused a breakdown of the current for several minutes and the patrons of the company began a search for lamps and candles for use in case of emergency, but luckily the shut-down was for only a few minutes. The company has suffered several annoyances in the last few days, and only day before yesterday a tree along the line between Red Oak and Malvern blew down, causing a slight break in the service, and the Malvern plant was called on to supply the current for the lines west of that city until the damage caused could be repaired.

C. E. WESCOTT'S SONS WILL CELEBRATE 35TH ANNIVERSARY

Plans are being made by C. E. Wescott's Sons to celebrate this spring the thirty-fifth anniversary of the establishment of their business in this city.

This will be an event somewhat unique and unusual, inasmuch as it is rarely given to one firm to remain continuously in business for thirty-five years in the same city, in practically the same hands, and be privileged to celebrate the anniversary with the founder present. This is the expectation of this firm.

As a part of the plan Mr. C. C. Wescott, senior member of the present firm, will depart for Los Angeles, California, next week, and will be accompanied home by his father, Mr. C. E. Wescott, who founded the business here in the spring of 1879, and who was one of the factors in the growth and prosperity of this community until his retirement from active business in 1906, and removal to Los Angeles in 1911.

This firm has steadily grown in business stature and favor with the people of this community. During these thirty-five years they have experienced many of the ups and downs of business life, have seen numerous competitors come and go, but in it all have held to a straight and steady purpose to always give the people their money's worth and handle only dependable merchandise.

We congratulate them upon the success achieved, and the high standing which they hold in this community. They now occupy one of the choicest corners in the city, with a modern front and fitted up with the latest improved cases and fixtures. The present firm is composed of C. C. and E. H. Wescott, who have endeavored to uphold the standards and principles of their father, the founder.

QUITE A NUMBER OF BURLINGTON OFFICIALS IN THE CITY TODAY

There were quite a number of prominent officials of the Burlington in the city today looking after company business at the shops, and several of them made a trip over to the riprap across the river, where the Burlington is preparing to fight the encroachments of the old Missouri. Among those in the party were: E. S. Koller, assistant general manager; F. T. Darrow, superintendent of maintenance; F. R. Mullen, division superintendent; W. S. Perry, maintenance department; Thomas Roop, superintendent of motive power; James Emerson, division roadmaster; A. F. Hedengren, division master carpenter, and J. C. Morrison, master mechanic of the Omaha division.

Has Leg Broken.

This noon while Tom McCarthy was engaged in working around the livery barn of M. E. Manspeaker, he met with an accident that will lay him up for several weeks. He was engaged in backing a buggy out of the barn and was going at quite a good gait when he fell to the sidewalk in front of the barn, breaking his left leg in two places. The accident was witnessed by a number of persons who were near, and the unfortunate man was at once taken to the office of Dr. Cook, where the injured member was set and dressed and the man conveyed to his home in the north part of the city.

Careful Attention to Public Sales Rates are Reasonable

Entertains for Guest.

From Tuesday's Daily. A very pleasant social gathering was held Monday evening at the Chris Wohlfarth home on North Fourth street, when Mrs. Wohlfarth and Miss Louise Gorder entertained in honor of Mrs. William Catton of Scotland, S. D., who is visiting here as their guest. Social conversation, interspersed with vocal and instrumental music, furnished the amusement of the evening until an appropriate hour, when very tempting light refreshments were served, which brought to a close a most delightful evening and one filled with the greatest enjoyment to all who were present.

EXHIBITION OF EASTMAN KODAKS AT THE AUDITORIUM IN OMAHA

The exhibition that is being held this week at the Auditorium in Omaha by the Eastman Kodak company is attracting a great deal of attention from the photographers, both professional and amateur. The large Auditorium is filled with a fine collection of pictures of originals and enlargements made by the Eastman machines and some of the work shown is truly wonderful. A lecturer accompanies the exhibition and delivers a lecture, both in the afternoon and evening on the use of the Eastman machines and general photographic work. Among those in attendance yesterday from this city were Gus Olson, B. A. Rosencrans and E. J. Weyrich, of the firm of Weyrich & Hadraba, the agents for the Eastman company in this city. The Eastman people are sending this exhibition of pictures around the world and stops are being made at most of the large cities of the country. There will be quite a number of those interested in kodaking go from here to Omaha to attend the show the last of the week.

"I suffered habitually from constipation. Doan's Regulents relieved and strengthened the bowels so that they have been regular ever since."—E. Davis, Goer, Sulphur Springs, Texas.

IF YOU COULD BUY an article that you use every day for just one-half of the original price, don't you think it would be a good idea to get one or two for future use—even though you do not need it right away?

DR. SANDIN KILLS A DOG AFFECTED WITH THE RABBIES

Yesterday Dr. O. Sandin, the veterinary, received a call to the home of C. M. Parker on Marble street to look after a dog belonging to the family which was acting strangely and appeared to be sick. The doctor on reaching the Parker home found the animal to be suffering from a case of the rabies and at once secured the animal with a rope and removed him to his office, where the dog developed a very pronounced case of madness, and bit and tore at whatever object it could get hold of until it was shot and put out of its misery. The dog was bit a short time ago by another canine and the case of rabies is evidently the outcome of the bite and it would be well for the owners of dogs who allow them to run on

the streets to tie them up for a time for fear that other cases of this kind may develop among the dogs in the city. The police are on the lookout for dogs who are acting in the least suspicious and they will be killed as soon as discovered and every effort made to stop any further cases of the rabies and to prevent anyone being bitten by the dogs.

TO OPEN FEED STABLE IN CONNECTION WITH GARAGE

To accommodate the farmers of Cass county who come to this city to trade and visit and afford them a good place to keep their teams and automobiles, Sam G. Smith has decided to open his feed stable and garage on the corner of Sixth and Vine streets to the public absolutely free of charge, and there are a large number of the farmers of the county who will take advantage

of the opportunity to place their cars or animals here out of the element without additional cost to them. The Smith garage is located in a very handy place and there will be no difficulty in getting there, as the garage is located at a very prominent corner in the main part of the city. This is a matter that should have been looked after months ago, as the farmers coming to the city have no public place where they can place their teams without charge, and such a place should have been provided before.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one devoted disease that science has been able to cure in all the stages, and that is Cancer. Hall's Cancer Cure is the only positive cure now known to the medical profession. It is a constitutional treatment. Hall's Cancer Cure is taken internally acting directly upon the blood and causing the elimination of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have no more faith in the operators and wonder who offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CROSBY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family File for constitution.
