

IMPORTANT CASE DISPOSED OF BY JUDGE BEGLEY

In Which There Has Been Considerable Contention on Both Sides of the Case.

At the session of the district court here Saturday, Judge Begley handed down his decision in the case of Edith Purvance vs. J. M. Teegarden, in which the question of the right of the late Mrs. Gertrude M. Wiley to deed certain properties which she had acquired from the estate of her husband, the late W. W. Wiley, was brought up. In his decision the court found for the defendant and the costs of the case were taxed during her lifetime, sold and deeded an 80-acre farm to Mr. Teegarden and the act was confirmed by the court's decision. The plaintiff excepted to the decision of the district court and was given forty days to prepare a bill of exceptions.

The court also passed on the case of Bernhard G. Wiley vs. William Nickels, in which the same points were raised as in the Purvance case as to the right of Mrs. Wiley to execute the deed to the property. In this case Charles Edward Wiley appeared as intervenor. The court in this case also found for the defendant, to which the plaintiff and intervenor excepted.

Both of these cases have attracted a great deal of attention, as there were many different points of law raised, and the cases grew out of the disputes over the interpretation of the will of the late Washington W. Wiley, which has been mixed up in litigation a great many times in the past twenty years.

Mrs. Walker is a granddaughter of Mr. and Mrs. Henry J. Straight of this city. The many friends of the bride will extend to her their best wishes for her future happiness and welfare and a long and happy married life.

Costly Treatment.

I used them for some time and am now all right." Sold by all dealers.

CASS COUNTY TEACHERS' ASSOCIATION OPENS WITH 100 IN ATTENDANCE

The Cass County Teachers' Institute opened this morning at the district court room with 100 teachers enrolled, which is a fine record for the opening session of the teachers' institute. This afternoon there were a great many others of the teachers of the county who appeared at the office of the county superintendent, Miss Mary E. Foster, and enrolled for the work of the institute.

The opening session was opened with a half-hour of music, and the program arranged was carried out, including a short address by Dr. Winship, which greatly impressed the teachers present. However, the real work of the institute will begin tomorrow, when all the preliminaries are over and the teachers get down to real work. There is much benefit derived from the holding of these institutes in the upbuilding of the school system, and Cass county has always had the best possible lectures along the lines that would tend to raise the standard of the schools. The use of the court room is found to be much more convenient to the teachers, as it is centrally located in the business part of the city and is better arranged to care for the teachers than the high school building and the seating capacity of the room is ample to care for the teachers who are on hand to attend the institute. Miss Foster has taken a great deal of trouble and care in providing for the teachers, as well as securing the best of talent for the different courses of study, and her efforts have resulted in one of the best institutes ever held in the county.

"THE GRACES OF MUSICAL COMEDY" AT THE PARMELE

Big Organization Booked for Plattsmouth, and Will Be Red Letter Event.

After much negotiating as to terms, Manager Shlaes of the Parmele theater has contracted for the early appearance of Milton Schuster and the Graces of Musical Comedy, Ned Alford, Inc., directors of the tour, insisted on a big guarantee for the engagement. Mr. Shlaes was finally compelled to meet the demand or lose the show. Rather than deprive his patrons of a visit from this big show the local impresario agreed to assume the liability.

The Grace of Musical Comedy has become a family watchword in this part of the country. It is regarded by public and showmen alike as the show that sets the standard for others of similar nature.

Nearly two-score performers, stage beauties, artisans and business agents are carried with the attraction. The engagement here will be brief. During the stay musical plays selected from a repertoire consisting of "The Girl From Brighton," "The Maid of Mexico," "Princess Roulette," "The Cow and the Moon," "The Girl From Luxemburg," "The Blue Widow," and "Pretty Pauline" will be presented. Complete scenic and electrical equipment for each of the several bills are carried.

A BADLY NEEDED RAIN CAME SUNDAY EVENING TO REFRESH THIS LOCALITY

One of the most badly needed rains of the season swept down on this locality last evening shortly after 6 o'clock and for several minutes there was a most generous downpour of rain that came as a great relief to the heat of the day that had settled down over the city. The storm came from the west and north-west and was accompanied by much electrical disturbance that alarmed the more timid of the residents of the city. The rainfall was nearly an inch in the time that it fell and will be a blessing to the farmers in this locality, as the corn during the past few days has felt the heat and dryness extremely and the rain will tend to greatly refresh the crop of corn. The roads in this vicinity had become quite dusty and the heavy travel over them had become quite disagreeable in the extreme from the hugh clouds of dust that arose in the wake of the automobiles and wagons. It was not learned as whether the storm was general throughout the county, but from this section of Cass county it appears to have been general.

THE K. S. DRAMATIC CLUB ENJOY A FINE PICNIC YESTERDAY

The dramatic club of the K. S. society yesterday enjoyed a fine picnic party on the Platte bottom near the mouth of Four Mile creek, and the event was one that they will remember with the greatest of pleasure. The picnicers arrived at an early hour in the morning laden with good things to eat and plenty to make the day one of enjoyment. The cool and inviting shade of the trees afforded a fine place for the holding of the picnic and here they were enjoyed several hours in bathing and disporting themselves in the water to their heart's content. The party also remained for lunch in the evening, but as the storm clouds gathered there was a general rush for the conveyances and they hastened home in order to avoid the storm.

County Assessor W. R. Bryan came in this morning from his farm at South Bend, where he has been looking after some matters there. He brought with him a few of his famous apples raised there.

THE OLD SETTLERS' REUNION AT UNION FRIDAY AND SATURDAY

The Burlington band of this city will furnish the music for the Old Settlers' reunion that will be held at Union on Friday and Saturday of this week. The band will leave for our neighboring town on the morning of 14th and remain there until Saturday evening. This band has played there before and has given almost universal satisfaction to such an extent that whenever possible their services are secured. The reunion being such an old established institution in the county, will attract a large number from both this and Otoe county and a good time is being looked forward to by the old-time residents, who on this occasion can gather and visit among themselves and renew old acquaintances. There will be quite a number from this city in attendance at the reunion, as the train service is such that makes it easy to reach that place from this city.

UNION BASKET DINNER NEAR THE LOHNES' WEST OF PLATTSMOUTH

Last Sunday a magnificent union basket dinner was held at the beautiful grove of Will Lohnes, a few miles west of this city, and beneath the shade of the trees some 500 persons enjoyed one of the most delightful of times, while over the occasion prevailed the calm of the peaceful Sunday that the members spend in worship. At the morning and evening religious services President McLaughlin of York college preached most instructively and eloquently to the large audience of worshippers. The music for both the morning and afternoon services was under the direction of Mr. Norman of Louisville and the numbers given were most delightful and inspiring. Rev. J. H. Steger of Plattsmouth was in charge of the afternoon services and preached most eloquently, delivering a sermon that for its forcefulness and clearness was one that is seldom equaled. The success of the services has decided the members of the congregation taking part to hold another in the near future, and they especially desire to express to James Terryberry and Mr. Norman their sincere thanks for their assistance in making the services so successful.

P. P. Meisinger, one of the substantial farmers from west of the city, was in the city Saturday for a few hours looking after some trading with the merchants.

Summer Constipation Dangerous.

Constipation in summer time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Pto-maine Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the bile, the natural laxative, which rids the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective.
