

WILL THEY CONDESCEND TO VISIT CASS COUNTY?

The Board of Control Seems to Be Afraid to Visit Cass County Offerings.

The state board of control that has for the past year been meditating carrying out the plan for the erection of a state reformatory at some point in the state under the appropriation of \$150,000 made by the last state legislature, has again gotten busy, as the dispatches in the state papers indicate, and have started out to visit the different towns making application for the institution which they missed on their first trip. Humboldt and Table Rock received a visit from them on Tuesday, which leaves Louisville and Plattsouth as the only ones to be visited. If the board desires a location that has every advantage they should not hesitate to come here in their swing around the circle. Here there is every possible advantage that can be claimed by any of the other towns in the state all in one, and land can be secured here that can be used for several purposes, having a suitable place for farming, for fruit raising, or, if so desired, for the establishing of a brick yard or pottery, and here the water supply is unexcelled by any place in the state. Reached by two lines of railway, Plattsouth is of easy access from any part of the state and here the first-term prisoner would be able to be free from all contact with the hardened criminals that would be found around the penitentiary if it were located at Lincoln. The board of control seems to have been somewhat partial against Cass county in this work. Come down and view our offering—there is nothing here that will hurt you.

LABORER ENTITLED AND MAY RECEIVE A CARNEGIE HERO MEDAL

On Tuesday evening, at or near the supper hour, there occurred at the home of Mr. and Mrs. Reynolds Deles-Dernier what might have proven to be a very serious conflagration. Mrs. Deles-Dernier had started her gasoline stove preparatory to cooking the evening meal for some of the ten bricklayers on the M. E. church, whom she is boarding. She neglected, however, to start one of the burners which she had turned on, and as a consequence gasoline soon spread over the floor and presently a furious blaze issued from the vicinity of the stove. Here Mr. Stub Glassman entered the house and with gunnysacks to smother the flames, carried the stove out in the yard while the other men extinguished the flames inside. We understand that a local committee has written for a medal which will be purchased from appropriations from the Carnegie Hero Fund. This would be a fitting tribute to the courage of a young man who saw his duty at a critical moment and acted unflinchingly. Mrs. Deles-Dernier had one of her hands badly burned.—Elmwood Leader-Echo.

Home From Chicago.

Bert Lampher, who for the past few years has been in the employ of the Burlington Railroad company, arrived in the city yesterday for the day's visit with his parents, Mr. and Mrs. George Lampher, in South Park. Bert is now located in Chicago, where he is employed in the Burlington freight department, under James Newell, an old Plattsouth boy, who is making good in the railroad business. Bert is an excellent young man, and his many friends in Plattsouth are pleased to know that he has a good position and is doing well.

How the Trouble Starts.

Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlains Tablets, keep the bowels regular and you will avoid these diseases. For sale by all dealers.

Pays Visit to Plattsouth.

From Saturday's Daily. William Dowd, one of the democratic candidates for sheriff, accompanied by Walter E. Pailing, came down this morning from Greenwood to visit here for the day looking after the candidacy of Mr. Dowd. "Bill," as he is known to his many friends throughout the county, is getting over the ground in good shape, visiting the voters in the good-natured and gentlemanly rivalry for the office, and feels quite encouraged. Mr. Pailing is a former resident of this city and spent several hours very pleasantly in visiting his many old friends here.

WILL INSTRUCT IN PENMANSHIP AT THE OTOE COUNTY INSTITUTE

Miss Marie Kaufmann, instructor in penmanship in the Plattsouth city schools, whose work has attracted the attention of everyone at the Teachers' Institute in this city, goes to Nebraska City the first of the week to act as penmanship instructor at the county institute to be held there by Superintendent Speedie of Otoe county. This does not give her a great deal of rest, as she has had a very strenuous week, but the demand was so insistent that she assist in the Otoe county institute that she finally consented to take up the work.

There are few schools that are so fortunate as to have so able an instructor as Miss Kaufmann, and her work here in the Plattsouth schools has been something wonderful and has resulted in developing this line of the school work nearly 100 per cent and has produced some splendid results in the work of all the grades where formerly the pupils were very inefficient in this line of work. She is a beautiful penman herself and her own work cannot be equalled, and in laboring with the pupils she has succeeded in developing them into good first-class artists with the pen, and in this line she is undoubtedly one of the best in this section of the state. The Otoe county superintendent and teachers will find they have secured a splendid feature for their institute in Miss Kaufmann, and her instruction will result in great advantage to the schools and teachers of that county.

DELEGATION OF BUSINESS MEN TO BOOST MATTHEW GERING FOR CONGRESS

From Saturday's Daily. Yesterday afternoon there was a large delegation of the members of the Plattsouth Commercial club and business men of this city who drove out through the county in four automobiles in behalf of Plattsouth's candidate for congress, Hon. Matthew Gering, who is a candidate for that office on the republican ticket. The cars were all decorated with large pictures of the candidate and at each of the different towns short stops were made, where the members of the party made an appeal for the support of the able attorney. It has been some years since Cass county had a candidate for congress and the citizens are all greatly interested in seeing Mr. Gering secure the nomination for the office of congressman, and if nominated he will receive a huge vote from the members of all parties. On Monday evening there will be a closing rally held here, at which Mr. Gering will present his candidacy to the residents of his home town, where he should receive an almost united support. There were some twenty persons in the touring party through the county and all were greatly pleased with the indications of support shown by the residents of the county.

Visiting in Colorado.

Friends in this city of Mrs. M. A. Dickson have received cards from her at Cripple Creek, Colorado, where she is taking treatment for hay fever. Mrs. Dickson is feeling much better and enjoying the climate, which has proven beneficial to her malady. Cripple Creek is where Mr. and Mrs. Dickson spent their honeymoon years ago and the visit there is one filled with pleasant memories to Mrs. Dickson.

THE EAGLE'S PICNIC HAS LARGE ATTENDANCE

Everyone Present Enjoyed the Pleasant Event, Nothing Occurring to Mar the Occasion.

The picnic given yesterday at Koukal grove, two miles northwest of this city, by Plattsouth Aerie N. 365, F. O. E., was one of the most delightful events of its kind that has ever been given here and the attendance was quite large, numbering several hundred people. The location was an ideal one, as there was an abundance of shade and the large crowd spent the flying hours most enjoyably in resting in the cool shade on the grass and visiting, and for those inclined that way the dance platform proved a pleasing attraction and all afternoon and evening the jolly crowd enjoyed themselves in dancing to their heart's content. The music was furnished by the Plattsouth orchestra and its pleasing strains proved a drawing card for everyone, as the older members of the picnic party sat around listening to the strains of the music.

There were ample provision made for the large number in attendance and many came with lunches and proceeded to enjoy dinner and supper on the grounds and remained until the cool of the evening before wending their way homeward. The affair was one that reflected great credit upon the committee, as everyone was there for a good time and proceeded to have it, and there was nothing to detract from the enjoyment of the day. For those who did not bring their lunches and desired to remain for the supper hour there were booths where all manner of good things to eat could be purchased, and this aided greatly in making the affair a success, as most of the crowd remained on the ground until evening, leaving with regret the scene of pleasure. There were many autos running to and from the grounds all day and load after load of picnickers were hauled out to the scene of the jolly gathering. The drive is one that is very pleasant and the road was lined all day with vehicles going out to join in the pleasures of the picnic. Taken as a whole the picnic was certainly a treat and everyone present felt that the committee and lodge members were right on the job in looking after the comfort of their guests and friends.

A LARGE CITY STORE PATTERNS AFTER ONE OF OUR PLATTSOUTH STORES

It has been the general understanding that the small towns and small stores take their lessons on styles and business methods from those of the larger cities, but this is not always the case, as has developed in this city. The firm of C. E. Wescott's Sons for the past year have been using the motto, "Everybody's Store" in their advertising, and this evidently looked good to one of the leading stores of Omaha, which now carries that same motto in their advertisements. It is one that attracts and it is not surprising that the Omaha concern saw the aptness of it and decided to add it to their own advantage. We do not have to take a back seat for anyone when it comes to being up to date in Plattsouth, and if the Omaha stores desire to pattern after Plattsouth methods they surely will make no mistake in any way.

Attends Postmasters' Convention.

Postmaster D. C. Morgan departed yesterday for St. Paul, Minnesota, where he will attend the convention of the first and second-class postmasters that is being held this week in the Minnesota city. After the adjournment of the convention Mr. Morgan expects to spend the remainder of his vacation at the lakes there enjoying a rest from his duties here in the postoffice.

MONEY TO LOAN on Cass county Farms. T. H. Pollock, Plattsouth. Tel 215.

Visits the Epworth Assembly.

From Saturday's Daily. J. E. Wiles and wife returned yesterday afternoon in their fine large touring car from Lincoln, where they have been for several days attending the Epworth League assembly in that city. They report a splendid time and an excellent program, which was much enjoyed by the large number in attendance. Glen Perry and wife and Mr. and Mrs. Oscar Gaper were among the residents from this section of the county who also were in attendance at the assembly. They all returned home yesterday.

ANOTHER ARREST FOR SOME ILLEGAL FISHING ON THE PLATTE RIVER

Superintendent W. J. O'Brien and his men arrested four young men from South Omaha for illegal fishing in the Platte river Thursday. They were located at the mouth of the Buffalo creek on the north side of the river and had a trammel net stretched across the mouth of the creek when the officers came along and gathered them in.

The boys had in their possession a few spoon-bill catfish, carp and buffalo, had established a camp and were enjoying an outing. The fish they had in their possession were for their own use and not for market, yet the Nebraska fish and game law makes the manner in which they were caught illegal and the young men must atone to the offended law.

While the Courier commends Superintendent O'Brien and his men for doing their duty seeing that the law is enforced, it is convinced that a law that will prevent a farmer, laborer or any other citizen from taking fish from a stream like the Platte river for their own personal use, in any manner they see fit is unjust. Doubtless the intention of the law was to prevent market fishing, which should be prohibited, but citizens should be permitted to catch fish for their own tables in any manner they desire, so long as they do not destroy small fish unfit for use. Until the law is so amended as to permit the people to reap some benefit from the things which nature and a kind providence intended them to enjoy, they must not censure the game warden if he enforces the law.—Louisville Courier.

ANOTHER CANDIDATE FOR INSANE ASYLUM AT LINCOLN

Last evening Sheriff Quinton was called out to the farm of Jacob Tritsch, jr., west of this city, where it was reported there was a man who seemed decidedly off mentally. On the arrival there of the sheriff he took in charge Tom Zucker, a young man who has been employed there for some time as a farm hand. The man greatly frightened the members of the family yesterday when he announced that he had become a member of a gang of murderers, and this statement had a decided effect of creating a panic among them, and Mrs. Tritsch notified the sheriff of the apparently mental unbalance of the man. He was brought here for safekeeping and will be brought up before the insanity board for examination, as he is clearly in need of being kept where he will not do any harm.

Married at Methodist Church.

Saturday at the Methodist church occurred the wedding of Frank L. Forinshall of Carson, Iowa, and Miss Charlotte Newman of La Platte, Neb., who came to this city in the morning and securing the necessary license, inquired for the residence of the Methodist minister and secured the services of Rev. F. M. Druliner, who performed the ceremony at the church in the presence of several friends of the contracting parties. After the wedding ceremony the bridal couple returned to La Platte, going from there to Carson, their future home.

A. M. Wardell and wife of Omaha were in the city over Sunday, being guests at the home of Mr. and Mrs. G. P. Eastwood and family, returning this morning to their home in the metropolis.

We're saying "Good-bye"

to some mighty good merchandise at some mighty low prices during our Final Clearance:

Men's Suits \$7.50	Boy's Suits \$2 and \$3	Boy's Blouse Waists 22c	Men's Dress Shirts 50c

New ties every week **C. E. Wescott's Sons** Every size overall made Everybody's Store

FAREWELL RECEPTION TO MRS. INEZ STENNER AND DAUGHTER MYRA

From Saturday's Daily. Thursday evening at the residence of Elder Thomas Wiles, in the west part of the city, there was tendered a most pleasant farewell reception to Mrs. Inez Stenner and daughter, Miss Myra, and while the event was one that meant the losing of a faithful worker and loyal friend from the midst of the Christian church, the crowd that filled the Wiles home joined in wishing Mrs. Stenner and daughter a joyous future in their new home in Lincoln, for which city they expect to leave today. There were various games and musical numbers given during the evening that aided greatly in entertaining the visitors for several hours, and at a suitable hour the departing friends were presented with handsome tokens of the high esteem with which they were held by their friends here. Mrs. Stenner being presented with a cut glass shoebox set, while Miss Myra received a fine music roll from the members of the Sunday school, in which she has been a faithful worker for some years past. During the course of the evening some very delicious refreshments were served by the members of the Helpers' society of the church, which were greatly enjoyed, and at a late hour the members of the party departed for their homes, wishing their friends much happiness in their new home.

Letter files at the Journal office.

ALMOST FATAL ACCIDENT SATURDAY EVENING

Team Runs Away, Striking Down Little Girl and Runs Over Her, With Serious Injury.

There was intense excitement created on the street Saturday evening about 8 o'clock, when one of the little 10-year-old daughter of Mr. and Mrs. O. H. Tower, was run over by a runaway team belonging to Joseph Dittie. The owner of the team had left them standing on the street and gone into the store to make a purchase, and while he was there the horses became frightened in some manner and started out, running west on Main street until they reached Fourth street, where they headed south toward the Air Dome, and on the crossing ran over the little girl, who was crossing the street at the time. The horses struck the child down and ran over her, and at first, when the parents reached her side, it was thought that she was dead, and the injured little one was conveyed to the office of Dr. E. D. Cummins for treatment. An examination of the child failed to show any broken bones, but there were several large bruises on the body, caused by the hoofs of the animals, and it is thought she may have sustained serious internal injuries. The child remained unconscious until about 5 o'clock Sunday morning, when, to the delight of the parents and relatives, she was able to recognize them. At last reports she was resting easier and will probably recover without serious injury from the accident. There is always great danger in leaving teams unhitched on the streets and the accident Saturday evening should be an object lesson to those who have been in the habit of doing this, and in the future anyone having to leave their teams on the streets would do well to see that they are securely tied up, as there is always danger of something frightening horses and causing a dangerous runaway.

Constipation Causes Sickness.

Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Just take one dose tonight. 25c at your drug-gist.

Mrs. Fred Kunsman and Mrs. James Ptacek and little daughter were passengers this morning for Omaha, where they will visit for the day in that city looking after some matters of business.
