Nebraska Farmers Move Frequently.

Washington, D. C., Oct. 5.—In compiling data for the last federal census, the enumerators asked every farmer in Nebraska this question: "How long have you lived on the farm you now occupy?" This question was answered by 117,016 of the 129,678 farm operators in this state. More than 33,000 stated that they had occupied their farms only one year or less; 30,741 from two to four years; 21,922 from five to eight years; and 30,768 ten years and over. The most restless class of people in this state is the tenant who operates his farm on the share basis. There are 35,840 of these farmers in this state; 33,918 of them made answer to the query, on their replies indicated that 16,933, or about 20 per cent of them, moved every year.

Result of Frequent Change by Farmers.

Washington, D. C., Oct. 5.—An official of the federal census bureau, in discussing the report recently issued by the government dealing with the term of occupancy of farms in the United States, said:

"This frequency of moving from farm to farm, or instability of occupancy, very likely, forms one of the chief causes for the decline of rural prosperity, or is a hindrance to greater progress. Frequency of removal of farmers results in general shiftlessness; the roads and bridges are generally in a poor condition because the farmers, moving at frequent periods, are not particularly interested in their upkeep. Farm buildings of such farms are not usually kept in good repair, as the farmer who is about to move will leave the repairs for the next tenant to make. The same reasons will apply for lack of interest by the 'unstable' farmer in the schools, churches and gener-

al welfare of the community. They move frequently; they do not remain on a farm long enough to get the best results from it, consequently they are usually in a poor condition financially."

PUPILS OF SEVENTH AND EIGHTH GRADES CITY SCHOOLS PLAY BALL

Saturday afternoon the pupils of the Seventh and Eighth grades of the city schools gathered at the base ball park to engage in a contest of the national pastime and a very close game resulted with the eighth graders having the best of the argument by a score of 10 to 9. There were a great many errors on both sides that figured materially in the final result.

The game was umpired by Frans and Fitzgerald to the satisfaction of the boys engaging in the affair. The line up of the two teams was as follows: Eight grade—Gradyville, catcher; Cecil pitch; Matthews, first; Murray second; Martin, third; Schulhof, third; Weintroub, right field; Princelir, right field; Walling, left field; Buttery, shortstop. Seventh grade—Parker, catcher; left field; Nelson catch-left field; Neumann, pitcher; White, first; Burkle, shortstop; Brooks, second; Kopisekie, third; Isgrer, center field; Hill, right field.

George Murray was a passenger this morning for Omaha, where he will resume his studies at a college in that city.

OBSERVE PRESIDENT WILSON'S DAY OF PRAYER

The Various Churches Complied With the President's Request, With Good Attendances.

Yesterday was the day set aside and designated by President Woodrow Wilson as a day of prayer in the churches of all denominations throughout the United States for the warring nations of Europe, and for the restoration of peace to these countries now engaged in a great struggle to determine the mastery of that continent and which war is working on the innocent people of these countries untold misery and resulted in the death each day of thousands of brave men on each side. The churches of Plattsmouth generally observed the day in accordance with the request of the president and the voices of the members of the church were joined with the millions throughout the United States in their prayers for peace.

At the St. John's Roman Catholic church, Father M. A. Shine read the letter of the president calling for a day of prayer and in taking up the contents of the letter founded his sermon on this subject dwelling eloquently on the terrible conflict that has caused the death of hundreds of

thousands of the flower of European manhood and the need of the world today to find peace with each other as the Christian religion teaches. The sermon was one of the finest that has been delivered in St. John's church by the eloquent priest and the lessons of the sermon were deeply appreciated by the members of the parish.

The services at the First Methodist church at the morning worship hour were given to the consideration of the peace of the world with prayers and a splendid sermon by Rev. F. M. Drulliner in the cause of peace on earth good will toward men and the necessity of the ending of the war of sacrifice that is waging in Europe today. The choir of the church rendered the number "Peace Be Within Thy Walls" during the service and a very beautiful solo number "Angel of Peace" by Holmes was rendered by Mrs. E. H. Westcott. This number was composed especially for the national peace conference and proved most suitable at this time when the lands across the sea are torn by strife and war that is sapping the lives of the residents of the warring countries. The services were closed by the signing by the entire congregation of a special hymn for peace whose notes filled the Auditorium with its appeal for peace to all.

At the Christian church the prayer for peace was pronounced by the pastor, Rev. A. G. Hollowell, who taking up the subject of his sermon, "Prayer" dwelt on the need for peace throughout the world giving a most forcible plea for peace toward all.

The Presbyterian church was well filled with worshippers to at-

tend the services arranged for the day which consisted of the prayers for peace as well as a very timely discourse by Rev. McClusky on the subject of "Peace" which is the foundation of Christianity. The choir of the church gave a very pleasing and inspiring anthem and Miss Emma Falter a most pleasing solo at the service.

At the St. Luke's Episcopal church the services were in keeping with the peace program and included a most impressive appeal in the sermon of the rector, Rev. W. S. Leete for the peace of the world and the settlement without additional bloodshed of the differences between the warring nations of the world.

Mother of Eighteen Children.

"I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers.

Mrs. Arthur Keffler of Ainsworth, Neb., was among the passengers this morning for Omaha where she will spend the day looking after some business matters.
