

THE SOCIAL WORKERS' FLOWER CLUB ENTER-TAINED VERY HIGHLY

From Friday's Daily. The Social Workers' Flower club entertained at a beautiful Halloween party at the home of Mr. and Mrs. William A. Taylor, south of Platts-mouth, last Saturday evening. The house was very prettily decorated in black and yellow for the occasion and the lawn was well lighted with jack-o-lanterns and pumpkins. A greater number of the guests were masked as ghosts, and it was quite difficult to apprehend the donners of the masks. The jolly crowd was kept busy during the entire evening by the various games planned, and the gypsy fortune teller's tent was the main attraction, as everyone was more than anxious to have their past and future revealed.

THE REVIVAL SERVICES DRAWS GOOD ATTEN-DANCE YESTERDAY

Yesterday was a day of much interest in the revival campaign at the Christian church, with three additions to the congregation at this place. The morning service consisted of a very strong discourse on the subject of Communion by the Rev. L. W. Meyers, and to a house well filled with eager listeners. At the men's meeting in the afternoon there were a number of very interested men and boys, to whom Rev. Meyers talked. While at the same hour, Luther Pickett held the services at the Masonic Home, having for his subject "From Gethsemane to Calvary." In the narration of the events which that time encompassed, Mr. Pickett, who was filled with his theme, showed the divinity of the Christ, and his sacrifice for the human race.

The young people's meeting in the evening was one of more than ordinary interest, and the program was rendered by the young people, showing their grasp of the questions under discussion. At the evening service, which followed, the music was a very attractive feature of the evening, and one which entertained the large crowd assembled as well as being a means of worshipping the Father. The topic for the evening was "Heaven," and on this theme the evangelist delivered one of his strongest discourses, and which was well received. At this service there were two additions to the church, and the one for the morning service, making since the beginning of the campaign, fifteen to take membership with the congregation worshipping at this place.

A subject of special interest has been selected for this evening. The services will commence at 7:30 and close by 9 or sooner. Remember, good music, good singing and the discussion of an interesting theme in a way all can understand it. Come.

NEBRASKA CORN CROP WORTH MANY MILLIONS

Nebraska's corn crop is worth \$86,302,545, according to figures compiled by the state board of agriculture. The yield is figured at 165,559,957 bushels and the average returned by the assessors was 6,530,078. Crop correspondents reported the yield and the average price from the various precincts of the state.

Strange as it may seem, the highest yield per acre was in the extreme western part of the state, Scottsbluff county, 45 bushels. The nearest approach to this yield was in the other extreme end, Douglas county, 43 bushels. The county with the largest acreage and the most bushels in the aggregate was Custer, 358,792 acres, at 18.3 bushels to the acre, or a total of 6,565,893 bushels.

Box Butte county, not so far from the high county, Scottsbluff, was the lowest yielding county, 10 bushels to the acre. The average yield for the whole state was 25.2 bushels an acre. Sixty-one counties produced more than a million bushels each. Thirty-seven produced more than 2,000,000 bushels each. Sixteen have more than 3,000,000 bushels each, and five more than 4,000,000 each.

To Reside in Platts-mouth. From Friday's Daily. Dr. J. H. Hall, who for the past few years has been living on his farm home east of Murray, has decided to again remove to Platts-mouth and live in his residence property at Eighth and Granite streets. He will leave the farm and feels that he and his wife are entitled to a rest from the arduous farm work, and will be at home again in this city. Their friends will be very much pleased to learn that they have decided to make this move.

THIS IS FINE AUTOMOBILE WEATHER AND THE ROADS ARE IN FINE CONDITION

These fine autumn days are certainly a boon to the automobile owners who are making the most of them by driving through the country in their machines and enjoying to the fullest the bracing Nebraska fall air. The roads in this vicinity are in very good shape and the road supervisors are busily engaged in keeping them up in first-class shape so that to travel over them is a pleasure. The county and city have both put forth special efforts this year on the good roads proposition and now have a better system of roads throughout the city and county than for some years. The county has been greatly up against it this year, owing to the heavy rains in the spring that washed out a great many bridges, and this entailed a great deal of extra expense in providing for new bridges.

CANVASSING BOARD BUSY AT WORK ON THE CASS COUNTY ELECTION RETURNS

From Friday's Daily. The task of canvassing the vote at the election last Tuesday was commenced this morning at the court house by the canvassing board, consisting of George L. Farley, John Tighe and County Clerk L. H. Lbershal. The job is a very lengthy one, as there are several propositions as well as the full list of state and county offices to be checked over, and the board will be compelled to spend the entire day at it, and if they finish the work before tomorrow will be very lucky. Until the board finishes up their work it will be impossible to tell what the vote on the supreme judge, district and county judges and the woman suffrage in the county was. The same condition prevails over the entire state and the final result will be in doubt in the supreme judgeship for several days.

SENATOR-ELECT JOHN MATTES VISITS WITH HIS PLATTSMOUTH FRIENDS

This afternoon Senator-Elect John Mattes, Jr., accompanied by A. P. Young and Mr. Hoenshell, motored up from Nebraska City to spend a few hours visiting with their friends in this city. Mr. Mattes, who was elected state senator for the Second district last Tuesday, feels very grateful to the voters of Cass county who gave him support, and states that he stands ready at all times to aid in any legislation that will prove to be of benefit to the residents of his district, and feels that he owes a deep debt of gratitude toward his many friends, irrespective of party, who so loyally supported him during his candidacy for the office to which he has been elected. With the long experience of Mr. Mattes in legislative matters there is no doubt that the Second district will be well represented this session of the legislature.

Hearings Had in Court. From Friday's Daily. This morning in county court a hearing was had on the estate of August Havir, deceased, of which the sister-in-law, Mrs. Joseph Havir, is the administratrix. The estate is a small one consisting of personal property left by the deceased young man who was killed here by electrocution several months ago.

A final settlement was had in the estate of Lewis Bird, deceased, from Liberty precinct. This estate consists of several thousand dollars' worth of real estate as well as a large personal estate.

A NEIGHBORHOOD SQUAB-BLE OVER REMOVABLE OF A HOG PEN IN THE COURT

From Friday's Daily. This morning the time of Judge M. Archer's court was occupied in hearing the famous case of Baker vs. Cummings, in which the plaintiff claims that the defendant maintains a pig pen that is a nuisance and an annoyance to the plaintiff. The C. J. Baker and I. N. Cummings families are neighbors in South Park and for several months the neighborhood there has been stirred by the fact of the controversy over the question of whether the pig pen was a nuisance or not, and the matter was presented to the city council who in turn passed it on to the board of health, who decided that while the pig pen might be annoying it was not a menace to the health of the neighborhood, and it was then decided to appeal the matter to the courts of law to settle the much-mooted question one way or the other by the complainants, the Bakers. Practically the entire section of the city where the principals reside have been brought into the case by summoning the residents to testify in the case, although in most cases they came unwillingly and were not aware that they were to be dragged into the matter until notified to appear in court. The case seems to be one of the usual type of neighborhood rows which should have been settled without the necessity of a trial in public. The large number of witnesses will make the case a long drawn out affair and will probably occupy the greater part of the day in its hearing. Judge J. E. Douglass appears as the attorney for the plaintiff, while D. O. Dwyer is looking after the interests of the defendant in the case.

NEW AIR COMPRESSOR IN THE BURLINGTON SHOPS TO BE THOROUGHLY TESTED

From Friday's Daily. The new air compressor that is being placed at the Burlington shops in this city is now ready to be placed in commission and it is expected that the final tests will be made tomorrow and the machine tried out by the representatives of the company. The new machine is one of the greatest improvements made in the shops in recent years and will add greatly to the efficiency of the different departments of the shops where the compressed air is used in the operating of the machinery and tools. In the past the lack of proper facilities for supplying compressed air has handicapped the workmen, and Superintendent Baird has been untiring in his efforts to secure the needed machinery, and now the compressor will be placed in commission to carry on the work of supplying the needed power to all the departments. The machine is placed in the machine shop and is a monster affair, and when brought here it was necessary to load it on three cars. It cost something over \$6,000 and is of the very latest type of air compressor manufactured.

THE LAST WEEK OF THE SCHMOLLER & MUELLER PIANO SALE IN THIS CITY

K. K. K. Holds a Wiener Roast. From Friday's Daily. Last evening a most delightful party was indulged in. A wiener roast was given in the old brick yard in the city. The evening was spent in playing games, accompanied by songs and a jolly good time. About 9:30 a most tempting luncheon was served. The old-time method was used in roasting wieners over the open campfire. All reported a good time.

OLD-FASHIONED TAFFY-PULLING GIVEN AT THE HADLEY HOME LAST NIGHT

From Friday's Daily. A good, old-fashioned taffy-pull was given at the home of Miss Emma Handley last evening to celebrate the home coming of Misses Mildred Snyder and Gladys McMaken, who are attending the Peru Normal school. The evening was spent most pleasantly in taffy-pulling, games and music, and a hospitable time, such as can only be had at the Handley home, was enjoyed for several hours by the young people present. At a suitable hour delicious refreshments were served that added much to the pleasure of the occasion and the delight of the company. Those who were present to take part in the pleasant event were: Misses Gladys McMaken, Mildred Snyder, Ola Kaffenberger, Vera Moore, Margaret Moore, Honor Seybert, Florence Egenberger, Sophia Hild, Bessie and Conna Handley; Messrs. Arthur White, Bryan Snyder, Leon Steiner, Emil Hild, Louis Mougey, Karl Cunningham, Raymond Larson, Ray McMaken, Clifford Cecil and Paul Handley.

FINE DANCE AT THE ELK'S CLUB ROOMS LAST NIGHT

From Friday's Daily. Last evening the Elks enjoyed a fine dance at their club house on North Sixth street, which was attended by quite a large number of the members of the order and their ladies. The evening was spent most delightfully in the late dances to the splendid music afforded by Miss Emma Cummins at the piano. This is the second of the series of dances that will be given during the winter by the Elks and much pleasure is being anticipated by the members in the dances. It is thought quite probable that one of the leading dancing instructors of Omaha will be secured to come to this city once a week during the winter to give instructions in the latest dances which are all the rage in the cities, and if this is decided upon then the semi-weekly dances will be run in connection with the teaching of the dances, taking place immediately after the hours of instruction. This will afford splendid opportunity to the members of the Elks and their families to get instructions in the late fancy dances.

CASS COUNTY LAND BRINGS GOOD PRICES WHEN SOLD

Two large transactions in Cass county real estate were consummated the last of the past week that involved the changing of quite a sum of money for the unexcelled soil of this great agricultural county, and shows that the value of the farms in this county is constantly on the increase. The M. P. Williams farm, a few miles west of Myrard, was sold to Joe Wiles for the net sum of \$22,000. This tract includes some 240 acres and is well situated, and will make a splendid investment for Mr. Wiles, who already owns quite a number of tracts of land in this part of Cass county. Lee Cole also purchased the Boedecker homestead, some three miles south of Louisvile, giving \$125 an acre for the farm, which consists of some 190 acres of fine land. This farm has been owned in the past few years by C. C. Parmele of this city and his brother, T. E. Parmele, of Louisvile. Mr. Cole also disposed of a farm of eighty acres to Messrs. Parmele for \$125 per acre.

SOCIAL DANCE

There will be another social dance given at the Jenkins Hall, given by Elmer Boedecker, on Saturday evening, Nov. 14th. Music by the Jacobs orchestra, and a good time in store for all.

THE GAYETY IN OMAHA HAS ONE OF CLEVEREST SHOWS OF THE SEASON THIS WEEK

The Gayety in Omaha this week has a very clever attraction in Joe Hurtig's Bowery Barlesque, which carries with them some of the cleverest people in the theatrical world and their efforts are certainly worth the time of anyone who is in the metropolis and looking for a few minutes of fun. The show is cleverly arranged and the tuneful musical numbers interspersed are given in an artistic manner. Bobby Harrington and Miss Edna Green are among the chief of the entertainers, and their offerings in their songs and dances is such that everyone seeing them will long remember it most pleasantly. A clever and sparkling satire, "Madame X-Cuse Me," has been arranged for the second half of the show, and this is one of the chief laughing vehicles of the excellent performance. The musical numbers offered are among the big hits of the musical world, and the singing chorus with their excellent voices and dazzling appearance pleases all who have had the pleasure of attending their opening performance. Jack Quinn and Eddie Fitzgerald are among the headliners appearing with the Barlesquers.

Dance Proves Very Successful.

The dance Saturday evening at Cotes' hall, given by the Cosmopolitan club, proved one of the very pleasant features of the dancing season, and was enjoyed by a large number of the young people of the city as well as a number from outside, who gathered to trip the late dances for a few hours. The hall has been newly decorated and equipped with new lights that add greatly to the appearance of the building and makes this one of the nicest gathering places in the city.

WHY SO MANY AUTOMOBILES ARE TURNING TURTLE

On account of the large number of automobiles turning turtle nowadays, killing and maiming many of the occupants, there has been much thought on the matter by which such accidents will be less frequent. It has been said, apparently with good logic, that the turning over of automobiles is not caused by bad roads or fast driving; it is because the driver loses his head and consequently control of the machine. The driver of an automobile when in danger of turning turtle feels the wheels skidding into the ditch and intuitively turns the front wheels to the center of the road. This has a tendency to turn the machine at right angles to the direction of the momentum and turning over is inevitable, if the machine is running at a brisk speed. Instead of doing this thing, the old and experienced driver will turn the front wheels to the bottom of the ditch when the rear wheels are felt skidding; he remains that way until he has the machine under control. The principle of the rule is that as long as the wheels are kept in line of momentum the car cannot turn over, but as soon as the machine is headed across the line of motion then it must roll, if the rate of speed attained is sufficiently great.
