

MOTOR VEHICLE LAW PASSED BY THE LEGISLATURE

The Registration Fee Is \$2 for Motorcycles, \$3 for Automobiles, and Motor Trucks at \$5.

Following is the text of the Dalbey motor vehicle registration law, which perhaps will be of interest to every motor owner in Cass county:

"Every person, firm or corporation owning or who may hereafter own a motor vehicle shall file in the office of the county treasurer of the county in which he shall reside, on a suitable blank furnished by the secretary of state, a brief description of every such vehicle owned by such person, firm or corporation, except as otherwise provided in this article, and shall at the same time and annually thereafter so long as such motor vehicle is owned by such person, firm or corporation, file with said secretary a receipt issued by the treasurer of the county in which the applicant resides showing the payment of a registration fee of \$2 for each motorcycle, \$3 for each automobile or motor car used by the said owner for purposes other than business, and \$5 for each truck or car used for commercial purposes, and a registration fee of \$5 for each manufacturer of or dealer in motor vehicles for each class manufactured by or dealt in by him as hereinafter defined in section 3046, revised statutes of the state of Nebraska for 1913.

"Provided, no registration fee shall be charged for any motor vehicle owned by any city or village in this state for the use of the police, fire or other departments, nor for any motor vehicle owned and used by the county, state or United States government. Provided further, that the official registration year shall extend in each case from January 1 to December 31, inclusive, of the calendar year in which registration is had, but if payment of said registration fee is made after July 1 for registration for the balance of said year, the fee shall be one-half the annual fee provided in this section. The secretary of state shall file such statements and receipts herein provided for in his office and register each motor vehicle with a number, numbering them consecutively in a book kept for the purpose.

"Any owner of a motor vehicle holding a number therefor shall be first entitled to the continued ownership of said number and shall be assigned the same by the secretary of state, provided he files application for continuance of ownership, together with registration fee, within thirty days after the time of expiration of his paid registration period. Every owner of a motor vehicle registered as herein provided shall be considered and treated as the owner thereof until there shall be filed in the office of the secretary of state a notice from the county treasurer of the county in which said owner resides showing a change of ownership, giving name and address of purchaser and accompanied by an application on a blank furnished by said secretary of state requesting registration of such change of ownership and by a receipt from said county treasurer showing the payment of 50 cents registration fee. No change of ownership of any motor vehicle shall be registered unless the annual registration fees for such vehicle are fully paid up. The registration fees herein provided for shall be deemed an annual occupation tax.

"All registration fees provided for in this article shall be paid to the county treasurer of the county in which the applicant for registration resides and when paid before July 1 such treasurer shall credit \$1.65 on each registration fee collected for registering motorcycles, \$2.65 on each registration fee collected for registering pleasure cars or automobiles or motor cars not used for commercial purposes, and \$4.65 in each registration fee collected for registering trucks or motor cars used for commercial purposes and \$4.65 on each registration fee collected for registering a manufacturer of or dealer in motor vehicles doing business in this state, to the road dragging fund of the county, and it shall be used by the county board of said county for road dragging, paving, repairing paving, oiling or strapping sandy roads, and for no other purpose. For any registration fees paid after July 1 the county treasurer shall credit the road dragging fund of the county with the same proportion thereof less 35 cents, which he shall transmit to the state treasurer, as herein provided where said fees are paid before July 1. The county treasurer shall immediately transmit the remaining sum of any

registration fee so collected by him to the state treasurer to be placed in a fund known as the 'special motor vehicle registration fund.'

"The secretary of state shall certify monthly to the state treasurer all expenses of his office connected with the administration of this act and there is hereby appropriated out of the 'Special Motor Vehicle Registration Fund' for the biennium ending March 31, 1917, an amount sufficient to defray all such expenses. The county treasurer shall issue a receipt in duplicate, one copy of which shall be filed with the secretary of state, which shall entitle the applicant to a number plate furnished by said secretary, containing his number, without further charge, and the other retained by the applicant for such registration. It shall be the duty of the county treasurer to keep a record of all motor vehicle owners in their respective counties, from which record said treasurers shall furnish a list of the names and addresses of said motor vehicle owners to the secretary of state when requested by said secretary. It shall also be the duty of the county treasurers to send notice to owners of motor vehicles of the time of expiration of their paid registration period and the fact they may lose their registration number if not renewed. Said notice shall be sent out more than ten days before the expiration of such period. No motor vehicle shall be registered by the said secretary of state and no change of ownership shall be recorded unless the application for the same shall be accompanied by the county treasurer's receipt showing that the proper fees have been paid.

"Each manufacturer of, or dealer in, motor vehicles doing business in this state may register one motor vehicle of each class manufactured by, or dealt in by him, and if a number corresponding to the registration number issued to such manufacturer or dealer is displayed as provided in this article, on every vehicle of the class for which it is issued, while such vehicle is being operated on the highways by such manufacturer or dealer or his agent or representative, it shall be deemed sufficient compliance with this article; provided, however, nothing in this section shall be construed to apply to a motor vehicle operated by a manufacturer or dealer for his private use or for hire. In construing this section electrically driven motor vehicles shall constitute a class, those propelled by steam a class, and those propelled by gasoline explosive type engines a class.

"The owner of each motor vehicle shall have a number corresponding to the registration number assigned by the secretary of state and shall at all times have the number plate furnished by said secretary conspicuously displayed upon the rear of each motor vehicle owned and operated by him, except as otherwise provided in this article, whenever such motor vehicle is used on the highways, such numbers to be separate Arabic numerals not less than four inches high and each stroke to be at least one-half inch wide and each number shall be followed by the letters N. E. B. not less than one and one-half inches high, such letters to be followed by the year in which the said vehicle was registered, the figures in said year to be not less than one and one-half inches high. The letters and figures upon motorcycle plates may be one-half the size of those required herein for other motor vehicles. The colors of said number plates shall be changed each year by the said secretary of state, and from one hour after sunset till one hour before sunrise, shall be so lighted as to be plainly visible at a distance of 100 feet. No other marks of identity shall be required on motor vehicles.

"Whereas, an emergency exists, this act shall be in force and effect from and after its passage and approval."

THE NEW FRONT OF THE MRS. MONROE BUILDING

From Friday's Daily. The new front of the building belonging to Mrs. Monroe on lower Main street is getting along in fine shape and it will be only a short time until this front is ready for exhibiting to the public. It has made a decided improvement over the old dilapidated appearing front that graced the building for years and will allow of the building being made one that will be handy for conducting the business of Mrs. Monroe. The front will be of the latest design and style and is somewhat similar to the Egenberger front in the same block, though, of course, a much smaller affair, but constructed along similar lines. This building has been an eyesore for years in that section of the city and the placing of the new front goes a long way toward making it a much neater and up-to-date building.

An Error in Votes.

From Friday's Daily. It seems from the coupon votes given out at the G. P. Eastwood store that they have been much greater than they should, as it seems several \$5,000 votes were cast which had evidently been given out by mistake for \$50 or \$500 votes. The parties voting these were evidently in good faith and no attention paid to the amount, as the coupons were probably filled out at the store and voted there at once without thought being given to examine them. If any party making a purchase of \$50 or an amount in that neighborhood in the past week will look up their votes it may be possible to correct the mistake.

DEATH OF AN ESTIMABLE LADY AT LOUISVILLE

From Friday's Daily. Mrs. Sarah Howe-DePuy, at the age of 72 years, 9 months and 10 days, passed peacefully away on Sunday evening, April 11, 1915, at the home of her daughter, Mrs. George Reichart.

Deceased was born in Pennsylvania on July 1, 1842. She was united in marriage September 20, 1857, to Isaac DePuy. They lived in Iowa for a number of years and then came to Nebraska, where the deceased lived for thirty years. Her husband preceded her to the great beyond a number of years ago.

Those who are left to mourn the loss of a kind and loving mother are: C. H. DePuy of Omaha, Mrs. Blackman of Bartlett, Mrs. George Reichart of Louisville, Mrs. G. A. Mayfield of Stanton, Frank DePuy of Two Harbors, Minn., and one adopted daughter, Mrs. Ardell Hammond, of Louisville.

Mrs. DePuy had been a member of the Christian church for many years and died realizing that her stay here had been but preparatory for the life that is to come. She was willing to go—yes, anxious, for she had no fear for the future. She had kept the faith. Blessed are those who die in the Lord.

The funeral was held Tuesday afternoon at 2:30 from the Christian church, conducted by Rev. C. L. Norman and Elder G. W. Mayfield. Interment was at River View cemetery.

All of the children were at the bedside when the end came.—Louisville Courier.

ARBOR DAY COMES ON THURSDAY, APRIL 22

Lincoln, April 16.—(Special).—General observance of Arbor day is requested by Governor Morehead and he hopes that the people of the state will set apart Thursday, April 22, as befitting the day and each do his or her share in making the state more beautiful in the future by planting trees, shrubs, etc. The proclamation is as follows:

"The season again admonishes us that the day set apart as Arbor day is near at hand. This day has come to be recognized by many of the states as a good time to plant trees, shrubs, and thus not only to gratify our own tastes for that which is beautiful, but realizing we are contributing to the welfare of those who come after us.

"The trees that so gratefully shelter us from the heat of summer were planted by hands long since vanished. We should be anxious to do that in this generation that will bless those of the future.

"Therefore, in keeping with the customs of the past years, I as governor of the state of Nebraska set apart, Thursday, the 22d day of April, 1915, Arbor day, and urgently request that at least a part of this day be set aside by all the public schools and public institutions of the state for the purpose of planting and cultivating trees and shrubs, thus developing in ourselves a sense of the love of nature and all that is good and beautiful.

"I would also urge upon all the people to join in making our state more pleasant to look upon by the planting of trees and thus adding to the beauty of the landscape.

"Given under my hand and the great seal of the state, this 16th day of April, 1915.

"John H. Morehead, Governor."

Another Social Dance.

There will be another one of those social dances given at the Puls & Gansmer hall in Murray, on Saturday evening, April 24th. The occasion will be given by the Murray Dancing Club, and the usual good time will be in store for you. The music will be furnished by Crandall's orchestra, of Nebraska City. Now is the time to make the date, and keep it. It means a good time.

FIRST BALL GAME OF THE SEASON IN PLATTSMOUTH

Good Sized Audience Present, and the Red Sox Are the Winners by the Score of 1 to 0.

With a large and enthusiastic outpouring of fans the base ball season of 1915 was sent on its career yesterday afternoon at the Red Sox base ball park, and the result of the pitchers' battle between one John Andrews of Omaha and Carl Stimpson resulted in a victory for the Red Sox over their enemies, the Omaha Indians, by the score of 1 to 0. The game was one calculated to stir the pent-up enthusiasm of the bunch of rooters assembled, as it was not until the last Omaha player had jabbed his bat violently in space, striking out, that the result could be safely chalked down. Stimpson, the elongated tanager of the locals, was able to register up some seventeen strikeouts in his credit, while Andrews fooled the Sox fifteen times during the time he appeared in the box, and the hits were few and far between, but in this department the Indians appeared to have a shade the best of the encounter. The Sox, however, played a mighty good game in their fielding and were in splendid form considering the time that they have been practicing.

In the opening spasm of the two hours' engagement the pitchers on both sides were working their old sidewheelers in fast shape and the six batters up were all retired in one, two, three order.

In the second inning the first of the Omaha tribe to advance with his war club to the plate secured a pass to first, which looked decidedly dark for the prospects of the locals, and he pilfered the second bag, but he died there, as the three batters following were unable to connect with the mighty shoots of our old friend Stimpson and retired to the field. For the Sox, Herold fanned, but Mason was able to place a fast drive between second and first, which was a safety through the bone-head work of the visitors in not trying to field the ball; Rockwell, the hard hitter who last year was such a strength to the Manley team, was retired on strikes, and when the hit of Louie Smith to short was tossed to second, forcing Mason, the jig was up for the inning.

There was nothing stirring in the line of scores in the third, although the visitors secured a safe one to left field, but three of the redoubtable Indians fell victims to the shoots of Stimpson. For Plattsmouth, Arries was retired at the first bag, while Stimpson fanned the air and sat down; Beal was more fortunate, however and was hit by Andrews and allowed his base, but died there, as Parriott retired on a short grounder to Andrews.

In the fourth the locals were enabled to annex their honey tally, which looked small at first, but at the close of the game was as good as a million. It seems that Empire Schroeder, in interpreting rules of the game, decided that the base runner could advance on foul balls, and this allowed the Plattsmouth boys to get around

In the sixth inning the victors came dangerously near scoring, when they first man up was retired, Stimpson to Archer on the charge of having battled bravely with John Barleycorn, but getting the worst of the combat and finally lodged in jail as a result of his misconduct. The court, after a thorough examination of the facts in the case, decided that Mr. Coleman had been guilty as charged and placed a fine of \$5 and costs on him, and on the promise of the prisoner to get out of the city he was released and sent on his way, feeling that truly the way of the transgressor is hard.

Many men carry their idea of economy in clothes too far; they save money in buying at the expense of quality. You wouldn't do that in buying anything else; you'd rather buy a \$100 horse than a \$25 one, provided they were both worth the price asked.

It's the same in clothes; you can buy lower priced clothes than these Kuppenheimer and Society Brand suits, but you'd better not. Low priced clothes are like the \$25 horse—they may be worth the money, but they're not worth enough.

The new Spring styles, we're showing, are in a class by themselves—exclusive patterns, latest colorings in all the new close fitting models.

You'll get full value for your money in these Kuppenheimer and Society Brand suits at \$20 and \$25.
