## TWO MORE RESIDENTS FROM IOWA GET A BUNK IN THE CITY JAIL

Two men giving their residences as Iowa, were taken in by the police Saturday evening when they became engaged in aquarrel among themselves as a result of their having indulged in too much "red eye," and Special Policeman Grebe escorted them to the city prison to rest up from their orgies. They remained there over Sunday and on promise of leaving the city they were allowed to get out and raise the price of the meals they had enjoyed at the expense of the city, and as security deposited a watch with the city police, which more than covered the cost of the feed. The two men stated that they were brother-in-laws, and certainly did not waste any brotherly love between themselves until they were both cast into the lock-up, when they patched up their differences and attempted to secure their liberty by soaking the watch of the younger of the two men.

## CELEBRATES BIRTHDAY ANNIVERSARY YESTERDAY

Yesterday a large number of the friends of Mrs. Louis Dose decided to give that lady a pleasant surprise on the occasion of her birthday anniversary, and accordingly assembled at the Dose home in the afternoon to tender to their friends their heartiest best wishes and congratulations. The afternoon was spent very pleasantly in visiting and having a general good time, which was thoroughly enjoyed by the jolly party of ladies. At a suitable hour refreshments of coffee and cake were served, which added very much to the pleasure of the event. As tokens of the day Mrs. Dose was remembered with many choice and beautiful gifts.

Lewiston Aid Society.

The Lewiston Aid society will meet with Mrs. E. R. Queen on the afternoon of Thursday, August 5th. Everybody cordially invited to be present.

## RELIGIOUS MEETING AT GAR- FIELD PARK THURSDAY NIGHT

Denton E. Cleveland of Bellevue, a young man interested in the work of the revival of the religious spirit throughout this section of the state, will hold a meeting here on Thursday evening at Garfield park, if the weather will permit, that will be filled with much interest to those who are striving for a greater increase in the religious life of the community. The meeting will not be under the auspices of any particular sect and all are invited to attend and enjoy the treat Mr. Cleveland has in store for them.

### Goes to Attend Funeral.

Word was received here Saturday afternoon announcing the death of Fred Murray, a brother of Mrs. Charles Herren, of Mt. Pleasant precinct. The death of the gentleman occurred early Saturday morning and Mr. and Mrs. Herren departed for St. Joseph Saturday evening to attend the funeral, which occurred yesterday from the late home.

### Card of Thanks.

We desire to return to our kind friends and neighbors our heartfelt feeling of gratitude for the many kind acts and sympathy shown us at the time of the death of our little son. We also desire to express our thanks for the beautiful flowers from the Burlington paint shop, different lodges and Methodist Sunday school.  
Mr. and Mrs. Harry Kruger.

### For Sale.

One good, all purpose work horse, coming 6 years old, weight 1,300 pounds; also one good young horse coming three years old. Both horses are in the best of condition and are a bargain.  
James Mrasek.

### Easy Money.

"Don't argue with me, sir," said the irascible old gentleman.  
"I'm not trying to argue with you," said the persistent person. "I'm merely trying to tell you that—"  
"There you go again! I refuse to hear any more."  
"Thanks."  
"Umph! What are you thanking me for?"  
"I just made a bet that you wouldn't have patience enough to hear me state a hypothetical question, and I've won."  
—Birmingham Age-Herald.

## Keep Tabs On the Ads.

By MOSS.

Hark!

What's that?

It's opportunity knocking at your door.

It knocks every time you pick up this paper. Through the advertising columns opportunity reaches out its hand and thumps hard.

If even only once during the course of a year you let opportunity in, it will pay you.

Isn't this true?

Try it.

The Journal office is the place to get your Drinking Cups for your picnic—five in a package at 5 cents. Just the thing for picnics, outings and automobile trips.

### Successful Men.

The successful man—the financially successful man, that is—not only works himself to skin and bone, but he puts such enthusiasm into his employees that they, too, work themselves to skin and bone for his sake.

The manager of one of Andrew Carnegie's mills once telegraphed him: "Have broken this week all records in steel making."

"Thanks and congratulations," Mr. Carnegie telegraphed back. "Why not do so every week?"—Philadelphia Bulletin.

### Inefficiency of Broken Steel.

Experience has shown that the end of a bar of steel that has been broken off should never be used for the working or cutting end of a die or punch. The fibers in the end of such a bar have been so severely strained in breaking that the steel is unsuitable for performing the work done by a punch or die. The broken end should be made the shank of the punch, while the end of the bar that was cut off should be used for the cutting end of the tool.

## IN PLATTSMOUTH FORTY YEARS AGO.

Miss Carrie Bennett returned to Brownell Hall on Monday last.

Mr. Linch of Mt. Pleasant had a severe fall from his buggy last week.

Ben Droste of Cass county was here to see the Herald a few days ago.

Prof. Simons returned to Plattsmouth yesterday looking hearty and well.

Eli Plummer has been very sick, but at last accounts was somewhat better.

Anderson Root, one of our good farmers in Cass county, was in town Monday.

Mrs. Dr. Livingston started for Chicago last Tuesday to visit relatives and friends.

Capt. Palmer has returned home again just in time to "vote," and the captain votes for Hayes and Wheeler every time.

Frank Stadter has returned from England looking quite centennialized and foreignized, but the same old Frank at heart yet. We are all glad to see him.

Lew Myers is home (?) for a visit. He lives in Chicago most of the time and came to Plattsmouth to see his parents, sister, and get some city air that is new and fresh.

Uncle Thomas Jefferson Todd tells us he has a great-great-grandson, who he hopes will live to see the next centennial. Mr. George Mayfield is happy also, in being a grandfather.

George Vetter, sr., and Nickolas Volk from Pekin, Ill., are out here viewing the country and visiting friends; they are well pleased with the country, and the former will leave for Pekin today.

Samuel Waugh, president of the State Bank of Nebraska at Crete, has accepted the secretaryship to N. K. Griggs, U. S. counsel at Chemnitz, Germany. This takes Mr. Waugh and family away from Crete, where they will be much missed.—Post.

Frank Stadter brought back a number of souvenirs of his travels in Europe, some of which he very generously presented to his friends. Among them Mrs. MacMurphy was the recipient of a dainty little microscopic view of the Tour St. Jacques, Paris.

We neglected to make mention last week of the accident occurring to Mrs. Schildknecht, who owing to the falling of one of the horses while riding, attempted to jump from the buggy and was thrown violently upon one of the wheels, injuring her back so as to confine her to her bed for some time.

The greenbackers held a meeting in the court house Saturday evening and elected the following delegates to their county convention on the 13th at Weeping Water: Frank Carruth, J. D. Tutt, Wm. Frye, Jno. Wayman, C. Nichols, W. Bryant, J. S. Gregory, G. Kinser, Alex. Carnes, Wm. Ball, Peter Merges and Levi Golding. Of these Mr. Merges and Mr. Golding will not serve, we understand.

From Omaha papers we learn that Willis A. Sharp, a Plattsmouth boy, but who has been in Omaha for a year or two past, was married a week ago last Saturday to Miss Etta Payton and will come to Plattsmouth to reside, and take charge of the telegraph department here. Will has

## The Fetzter Shoe Co.

D. D. PATTON IN CHARGE

proved himself a young man of ability and good sense; we wish more of our Plattsmouth boys would do equally well, and not be content to spend all as they go and never rise any higher. We understand that he intends building a house on the south side of town in which to install his bride. His friends will welcome them to Plattsmouth.

Under the auspices of the association known as Holiness to the Lord, another camp meeting has been held in this county, on the farm of Mr. Schiltknecht, in the Mt. Pleasant neighborhood. On Sunday last the grounds were full, it being estimated 1,000 people were there. Their ex-

ercises are under the charge and direction of Mr. Tibbitts. Elder White of Omaha preached the principal sermon on Sunday and it was pronounced a powerful and eloquent appeal by all who heard it. The singing sounded very pleasant in the old woods, and all the surroundings were such as to carry the mind back to earlier days and other lands. There are few places in Nebraska that could be selected more appropriately than this spot deep in the woods with a clear brook not far off, it just strikes the imagination as a camping ground.

Kinser's Magazine Gun—Secured at Washington by a Caveat, received October 16, 1876. This gun is rifled,

with three barrels so adjusted that they can be fired together in a solid fire, or separated at the muzzle for a raking fire by means of a diverging scale at the rear of the hind sight. There are 18 chambers, double row in cylinder, with an extractor working with a spring by which the shells can be pushed out while shooting. It can also be changed so as to shoot single fire throughout 18 balls, alternating from one barrel to another. Mr. Kinser now desires to put this gun in the market. It would make a most effective weapon for military service. It is the invention of a Cass county man and we take a home pride in seeing him successful in this move.

OVERLAND

F. O. B. \$750.00 TOLEDO

Overland Model 83

## Things to Consider in Buying a Car!

SERVICE—Every Overland Car sold in this vicinity since 1908 is still in service.

PRICE—No car today gives as much real value for the money as the Overland. You can satisfy yourself on this subject by comparing specifications with competitive cars.

UP-KEEP—No car was ever built that did not at some time or other need some repair. Repairs for the Overland can be obtained the same day as ordered, and at prices far below what other manufacturers charge. This fact does not occur to the average buyer until he needs some parts and finds it takes from one to three weeks to get parts and in many cases at prices two and three times what the Overland asks. Automobile factories have declined in numbers from 270 in 1911 to 119 in 1915. In other words 151 factories out of 270 have quit making cars in the last four years, and well informed men in the automobile business predict that the change in the next two years will be still more startling, which means that it will be still more difficult and still more delay on parts for cars that are not being manufactured at that time.

There is only one manufacturing plant in the world that produces more cars than the Overland Company, which has increased its production from 409 cars in 1908 to over 100,000 cars per year now. If the Overland car had not given far better average satisfaction to the buyer in the past it would not have outstripped all its competitors, many of which were in the automobile field twice as long.
