

NEHAWKA. News.

Mrs. D. C. West and daughter, Gladys, returned home Sunday, after visiting several weeks in Colorado. D. A. Johnson came down from Omaha Tuesday to look after the interests of the Van Court Stone company.

Miss Violet St. John came up from Union Friday to spend Sunday with her parents, Mr. and Mrs. C. D. St. John. Mrs. Clayton Rosenkrans returned to her home in Plattsmouth Tuesday after spending a few days with relatives.

Miss Isadore Sheldon returned to Lincoln Monday morning, after spending Sunday with her parents, Mr. and Mrs. F. H. Sheldon. Mrs. G. M. Weaver, a cousin of Mrs. Helen Pollard, came up from St. Joseph, Missouri, last week for a visit with relatives and friends.

Last Saturday evening about twenty-five members of the Woodmen Circle met at the lodge hall and gave Rev. Hedges and family a farewell reception. At 6 o'clock a very delicious two-course luncheon was served. Last Sunday afternoon was undoubtedly the last game of the season, when Cedar Creek again journeyed down and tangled with the boys. The locals were out of pep and no one cared much whether they played or not, as only one put on a suit. The crowd was small and the game was rather a fizzle. Cedar Creek won by several scores.

Rev. Hedges, who finished his sixth year in the pulpit of the U. B. church in this place last week, left for his new home in Strang, Neb., with his car Tuesday afternoon. He is entering a dandy little town with pleasant surroundings and many are those who hate to see him go, but wish him the very best in his new place. Mrs. Hedges and daughters followed Wednesday.

A. H. Vanlandingham shipped a carload of cattle and one car mixed cattle and hogs to Omaha Wednesday. Dr. T. E. K. Wehlie went to New Mexico the latter part of last week to look after some land interests there.

Born—To Mr. and Mrs. August Johnson, who reside north of town, Wednesday, October 6th, a nine-pound boy. Mrs. Frank Lanning, who has been suffering from inflammatory rheumatism and was in a hospital at Lincoln for a week, is slowly improving.

Pat Moran has taken charge of the west section in place of O. D. Bogenrief, who left here Tuesday evening with his family to take charge of the section at Avoca.

Charles Renner left Thursday afternoon for Lorton to take charge of an extra gang on the Missouri Pacific railway. During his absence Henry Renner has charge of the east section. The elevators are taking in some wheat this week. The quality is very poor on account of having been damaged by rains while in the shock, and it is not bringing very handsome prices.

The Eagle telephone station is now under new management, E. C. Oberle having taken charge October 1st. Mr. Oberle is well capable to handle this branch of the work for the company and will do his very best at all times to please the patrons.

George Oberle killed a young eagle on the road leading north from town last Saturday. It measured 52 inches from tip to tip. George says this is the first eagle that he ever killed and cannot account for it being in this part of the country. Dr. Longacre is having the bird mounted and will have it on exhibition soon.

UNION. Ledger.

Rev. Crum of Minnesota came in Saturday to visit with old friends. He was formerly pastor of the U. B. church here.

Richard Jones, who for some time has been employed on the Missouri Pacific at this point, resigned his position last Saturday. Bert Crawford packed his household goods and moved to Murray last Saturday. They will make their home at that place in the future.

Old "Pete," the veteran brakeman of the Lincoln run, is taking a week's vacation, the occasion being the coming marriage of his daughter. The oldest agent on this division of the Missouri Pacific in point of service is stationed at Crete, Neb., he having been there for the past thirty-five years.

Vance H. Harris, who is employed in a dairy near Fort Dodge, Iowa, came home for a visit with his family the latter part of the week. He expects to locate there permanently in the near future.

Miss Hattie Rieke, who was taken to a hospital in Omaha last week, is doing fairly well. Mr. Rieke and two children went up on the afternoon train Wednesday to see how she was getting along.

Mrs. Staunton's new brick building is nearly completed. It will be ready for occupancy about the first of November. A restaurant will be established in the lower floor and the upper floor will be used for a rooming house.

It is understood that the Keystone Cement company of this place, of which Mr. W. B. Banning is the head, is looking for another location. Union should wake up and see if it is not possible to keep this company here. We have nothing to lose and should gain all we possibly could.
