Deafness Cannot Be Cured diseased portion of the ear. There is only one way to cure deafness, and that is by constitutions a remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed beafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of icen are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
