"THE WHOLE TRUTH"

Says Mrs. Eads, in Writing Her Praise For Cardui.

Circleville, Ohio.—"All I have said about Cardui, the woman's tonic, is the whole truth," says Mrs. Fannie Eads, of R. F. D. No. 6, this town.
"I suffered with womanly weakness, and pains in my back and limbs for two long years. I was so bad off, I could hardly walk at all.
My husband advised me to try Cardui, the woman's tonic, and I concluded to follow his advice. After taking Cardui according to directions, I now feel like a new woman, and can do all of my work.
Before taking Cardui, I was a walking skeleton; now I weigh 150 pounds. I recommend Cardui to every suffering woman, for I know what it did for me. My dresser is never without a bottle of Cardui on it."
There is no reason why Cardui won't help you, just as it has Mrs. Eads, as well as hundreds of thousands of other women in the past 50 years. So if you suffer from any of the many ailments so common to women, or need a good strengthening tonic for that tired, nervous, worn-out feeling, get a bottle of Cardui today. At all druggists. NCB

HOW MANY MILES

Are There in a Gallon of Gasoline?

THAT depends upon the type of Motor in your Car.

WHEN you buy a BUICK six-cylinder valve-in-head motor car you not only get the last word in comfort, style, power and speed, but an automobile guaranteed to give you the highest gasoline milage.

IT IS AN admitted fact that the valve-in-head motor does give 15 per cent more power than any other type of gasoline motor, which means 15 per cent more mileage per gallon of gasoline.

THOUSANDS of users of BUICK valve-in-head six-cylinder cars give evidence daily that they are getting 20 miles or more per gallon of gasoline consumed while touring with full passenger load and many users report over 25 miles per gallon.

REMEMBER—cost of operating is a part of the cost of your Car.

WITH the price of gasoline going up, the proven economy of the BUICK valve-in-head should make it your preference.
