

PREDICTS BUMPER STATE FRUIT CROP

Report Says the Outlook Is Good Except For Peaches.

Lincoln, Neb., April 18.—Nebraska will have no peach crop but nearly all other varieties of fruit are in excellent condition, according to a report issued by J. R. Duncan, secretary of the State Horticultural society.

"The prospects for a fruit crop at this time of the year are as a whole fair to good," says Mr. Duncan. "With seasonable weather and no late spring frosts, Nebraska should harvest a good crop of apples.

Winter Killed Peaches.
"Peaches are practically all dead. The trees did not go into the winter in the best of condition and the winter killed the fruit buds.

Pear trees generally have a good set of buds and if nothing happens will have a good bloom.

"Prospects for plums and cherries are good to excellent.

"Grapes are reported in first class condition in most parts of the state.

Berries in Good Shape.

"Strawberries and blackberries are reported in excellent shape. The crop may be cut down on account of the thick stand of plants if dry weather comes during the ripening season.

"Other fruits, such as currants, gooseberries and the like are in good condition."

ATTENDS FUNERAL OF HIS NEPHEW IN LINCOLN

From Tuesday's Daily.

Joseph Fetzer returned home last evening from Lincoln where he was attending the funeral of his nephew, Peter Fetzer, who was killed in the capital city a few days ago in an automobile accident. The unfortunate young man was caught when the automobile which he was driving turned turtle and a part of the framework at the top caught him on the head at the temple and the blow caused his death, the point penetrating his brain. While a desperate battle was made to save his life, it was without success and the young man passed away Sunday. He was a son of Henry Fetzer, brother of Joseph Fetzer, and a young man of great promise whose death will be a most severe blow to his family and friends. The funeral was held yesterday morning in Lincoln and interment made at Wyckna cemetery.

THE M. P. DEPOT AT ELMWOOD BURNS DOWN

OLD LADY FEELING FINE

After Taking Four Bottles Of Cardui, The Woman's Tonic.

Cobden, Ill.—"Having used Cardui, the woman's tonic, in my family, for a number of years," writes Mrs. Kate Metz, of this town, "and always with such good results, I feel it my duty to write you about it, so that you may publish my letter.

My mother is living with me, and she is 52 years old. For the last three or four years, she has been troubled a great deal with cramping spells, and for days at a time, she would have a severe headache.

She read of how much Cardui has helped other women who were sick and ailing, and decided to give it a trial. She began taking it three times a day, and since then has been getting along simply fine.

My mother only used four bottles of Cardui, but she is no longer troubled with the severe headaches, and her stomach is so much stronger that she can eat most anything.

We both feel that any lady who is not strong and well, would be greatly benefited by the use of Cardui. Try Cardui.

BASE BALL GAME NEXT SUNDAY AFTERNOON

Next Sunday the opponents of the Plattsmouth Red Sox will be the team representing the McGraw Electric of Omaha, one of the fast ball teams of that city and one which on their previous visits here has demonstrated that they are right on the job in the ball playing line. Last season the McGraws were here for two games and the series resulted in an even break between the two teams, each winning one. With the splendid manner in which the locals are working, it is safe to say that they will be able to give the McGraws a run for their money and prove that they are getting ready for one of the most successful seasons they have yet enjoyed. If the weather will moderate and settle down before Sunday, the fans can look for a red hot game at the ball park on that day and one they will appreciate.
