

W. C. T. U. HOLD GOOD MEETING ON MONDAY AFTERNOON

From Tuesday's Daily.

The W. C. T. U. held a most delightful meeting yesterday afternoon at the pretty home of Mrs. Charles Troop on Chicago avenue. This occasion was in the nature of a union meeting, the members of the various missionary societies of the city having been invited to unite with the W. C. T. U. in order that they might hear the address given by Mrs. M. M. Chalfin of Lincoln, the state superintendent of the W. C. T. U. It was a very largely attended meeting, there being some sixty ladies present. Devotional exercises were held in charge of Mrs. C. C. Wescott. The W. C. T. U. roll call was then given, after which the various missionary societies were called and it was found that five societies were represented. Mrs. C. E. PerLee then gave a most interesting talk on "The Flag of the Nation," Miss Lucy Arnold a most excellent paper on "Egypt," which were much enjoyed by those fortunate enough to be present to hear them. Mrs. Chalfin was then introduced and gave a very interesting and instructive talk on "Temperance and Missions," the main thought of her talk being "What Can I Do?" Mrs. Chalfin is a very earnest talker and her address was most highly appreciated by the ladies. Mrs. R. B. Hayes favored the company with a beautiful vocal selection, "Will It Pay?" and was accompanied on the piano by Mrs. G. L. Farley. A dainty luncheon was then served, which further augmented the pleasures of the afternoon. A few moments devoted to a social time and getting acquainted and then, after extending their warmest thanks to the hostess for her kind hospitality, the ladies dispersed. The ladies of the W. C. T. U. secured a number of new members, which was most pleasing to them.

ANNUAL MEETING OF ST. LUKE'S PARISH LAST EVENING

From Tuesday's Daily.

Last evening the annual meeting of St. Luke's parish of this city was held at the church and the occasion was one quite largely attended by the parishioners to hear the reports of the various committees and societies of the church in regard to the business management of the parish. The annual election of the vestry of the church was also held and the efficient officers who have been so active in the betterment of the parish were re-elected as follows:

Senior Warden—George Dodge.
Junior Warden—Dr. T. P. Livingston.
Secretary—C. W. Baylor.
Treasurer—C. G. Fricke.

The reports from the guilds and societies of the church were made and everyone showed a most pleasing condition of affairs and one that showed that the members of these organizations have been very active in the past year in assisting in the betterment of conditions. The ladies of St. Mary's guild had a most flattering report of their organization, while even the Little Helpers, the youngsters under the leadership of Mrs. W. S. Lee, demonstrated their ability in the active church work with a very flattering showing.

Since the arrival of Father W. S. Lee to assume the rectorship of the church a marked advance has been made both in church attendance and the interest of the members of the parish that has been of material benefit in bringing the church to a most pleasing condition. A number of improvements are planned for the coming summer that when carried out will make the handsome church building one of the most comfortable and attractive in the city.

COUPLE MARRIED BY REV. DRULINER TO LIVE HERE

From Tuesday's Daily.

Yesterday afternoon a very quiet wedding was celebrated at the Methodist parsonage when Rev. F. M. Druliner united in marriage Mr. Thomas C. Roberts of Yutan, Nebraska, and Miss Esther E. Graham of Ashland, in the presence of Mr. and Mrs. Ward, relatives of the bride, as well as the members of the family of Rev. Druliner. The young people expect to make their home here in the future and will at once start in housekeeping in this city. We congratulate them on the selection of their location for a home and assure them of a hearty welcome to the city.

YESTERDAY A LIVELY DAY FOR BUICK AUTOMOBILES

From Tuesday's Daily.

Yesterday was a mighty good day for the Buick automobiles in this city and T. H. Pollock, the local dealer, disposed of a number of these cars to the residents of the county and they will be numbered hereafter among the automobile owners of the community. Oscar Gopen purchased a five passenger, six cylinder touring car, and Wyatt Hutchison also purchased one of the five passenger "6" make, which is one of the most popular machines of the famous Buick make. R. Clymer, living west of Louisville, took one of the Buick "6" roadsters to do his traveling in hereafter. This is a nice day's business and very pleasing in every way to the local agent, Mr. Pollock.

BOARD OF EDUCATION HOLDS REGULAR MONTHLY MEETING

From Tuesday's Daily.

Last evening the Plattsmouth board of education held their regular monthly meeting and the new board assumed the reins for the coming year. One of the matters that the old board did of importance before it passed out of office was the selection of Howard Durham as teacher of mathematics as well as physical director of the high school, and makes the second man selected as a member of the high school faculty for the coming year. Mr. Durham comes very highly recommended as an instructor, as he is a graduate of Wesleyan university. This selection will greatly aid in the school work as it gives the principal a greater opportunity of devoting his time to the active school work without looking after the athletic work of the school.

The two recently elected members of the board, Messrs. T. H. Pollock and Philip Thierolf, presented their certificates of election and were received as members of the board which proceeded to organize by the election of the following officers:

President—Dr. C. A. Marshall.
Vice President—T. H. Pollock.
Secretary—E. H. Wescott.

The only change that is made in the membership of the board is the retirement of J. M. Roberts who, after nine years of service, will enjoy a rest from the duties that, while sometimes very burdensome, are without reward. Mr. Roberts has been a most faithful member of the board and his great interest in the school has been constantly manifested during the time he has been one of the board of education. Mr. Thierolf, who succeeds him, is one of the leading business men of the city and will make a splendid addition to the board in every way, and his judgment will be found of great value in the important work of the coming year in the schools of Plattsmouth.

B. L. Philpot of Weeping Water was in the city yesterday for a few hours looking after some matters of business at the court house and visiting with his many friends.

Miss Edna Peterson, Mr. and Mrs. J. C. Peterson and Charles Peterson motored to Omaha yesterday to spend a few hours, making the trip in the new Ford.

Fred Bell and wife of near old Kenosha were in the city yesterday for a short time attending to some shopping and visiting with friends.

Glenn Perry motored in this afternoon from his farm home to spend a short time looking after business matters with the merchants.

Emery Hathaway of near Union was among those in the city yesterday in attendance at the trial in the county court.

A Splendid New Machine.

From Tuesday's Daily.

Fred Dawson of this city has secured the agency for the Stewart phonograph, a new machine that is being placed on the market by the Stewart-Warner Speedometer corporation of Chicago. This machine has all the advantages of the most expensive machines and is made to sell at the price of \$5 each, which puts it in the reach of every one. The machine is made so as to play the records of standard make and well worth looking over.

New Member of Directors.

From Tuesday's Daily.

A new addition has been made to the board of directors of the Commercial club in the person of Mayor John P. Sattler, who has been selected by the members of the club to assist them in their work for the coming year. Mr. Sattler, as head of the city government for the last few years, has maintained a great interest in the advancement of the city's best interests, both civic and industrial, and will make a splendid addition to the board of directors.

WAS TROUBLED AT NIGHT

Painful, annoying bladder weakness usually indicates kidney trouble. So do backache, rheumatism, sore, swollen or stiff muscles or joints. Such symptoms have been relieved by Foley Kidney Pills. Henry Rudolph Carmi, Ill., writes: "Since taking Foley Kidney Pills I sleep all night without getting up." Sold everywhere.

Carl Holmberg, accompanied by Mr. and Mrs. Ed Roman, departed for Kearney, Nebraska, this morning, to visit Mrs. Holmberg at the hospital and if possible bring her home as she is not getting along as well as had been hoped.

Mr. and Mrs. Ott Sprick and children motored from their farm home near Louisville to this city yesterday and spent the day visiting friends and attending to some important business matters. Mr. Sprick and two sons were pleasant callers at this office.

Mr. and Mrs. Roy Upton and Mrs. L. G. Todd, from Union, were Plattsmouth visitors last Tuesday, autoing up for a few hours' visit with county seat friends. They were pleasant callers at this office. Mr. Upton is one of the leading hardware men of Cass county, and he reports business in his line very good.

STRIKE TIES UP FREIGHT TRAFFIC

New York Piers Are Piled High and Steamers Unable to Reach the Wharves.

New York, May 4.—Steamship piers are piled high with freight which cannot be moved and fifty steamers lie at anchor in the harbor, unable to reach the wharves because of the strike of marine engineers which has tied up 450 tug boats composing about 75 per cent of the craft engaged in such service in New York harbor.

The only relief on this, the fourth day of the tie-up, was afforded by the action of some of the railroad companies in acceding to the demands of the engineers. Among them was the Lehigh Valley railroad whose tugs are in operation, together with those of the New York Central and the New York, New Haven and Hartford railroad companies. Owners of about thirty other tug boats have also yielded to the demands of the men. Other companies declined to pay the increase in wages.

With the expected arrival of the steamships Tuscania, Espagne, United States and many steamers from Central American and coastwise ports, a further increase of the congestion is foreseen.

The situation was aggravated by a small strike of longshoremen at some of the piers and by the intimation that a general strike of 40,000 longshoremen might be called to support that of the engineers.

Notice of a strike of 30,000 garment workers were posted in 2,000 factories here yesterday. The strikers will join the 20,000 others already out on strike.

INTERESTING SUIT BEING FOUGHT IN COUNTY COURT

Yesterday a case was on trial in the county court that attracted the entire countryside from the section east and south of Union and a greater part of the population was present as witnesses in the case either for one side or the other. The action was brought by Orin Ervin against Cary Stottler and was over the replevin of four horses by Mr. Ervin from the possession of the defendant.

The testimony in the case was quite conflicting as the plaintiff claimed to have worked for the defendant as a corn shucker as well as doing other odd jobs for which he had not been paid and had later placed his horses, consisting of one bay colt, one clay-bank colt and one bay mare in a pasture owned by Mr. Stottler, and when he desired the possession of the animals it was refused and he found it necessary to take procedure of law in order to secure them. The animals are valued at \$320 by the plaintiff and for being deprived of their use for a time he claims \$50 damages. The defendant denied the charges as to work performed by the plaintiff and charged as to work performed by the plaintiff and charged him with having damaged a buggy wheel for the defendant while endeavoring to fix it, and claiming that he should be compelled to pay this amount. After a large number of witnesses were examined the case was passed over until Friday when it will be argued by the attorneys to the judge to pass upon.

GERHAN ATTACK IS REPULSED WITH HEAVY LOSSES

Paris, May 4.—A German attack in the Argonne near Harazee, was repulsed with serious losses for the assailants, the war office announces. In the Verdun region Tuesday night there was heavy artillery fighting.

PRIMARY ELECTION WAS EXPENSIVE TO TAXPAYERS

The recent primary election, when the smoke of battle rolled away, was one that was quite costly to the taxpayers as well as the candidates who were participants in the conflict, and it shows that the ballot of the citizens expressed at the polls has cost them a neat sum and the total figures will reach \$1,700 by the time the claims are all passed upon and allowed.

Among the larger items of expense of the election is that of the judges and clerks which reaches \$892.80, and the supplies, totalling \$300. For the rent of rooms for the holding of the election in the different precincts it cost \$211.20 and for the ballots \$250. This certainly rolls into money fast but assures the citizens of the opportunity of selecting the men they desire for the nomination for the different offices in the state and county.

DIDN'T GET OUT OF TOWN SOON ENOUGH AND IS FINED

On Tuesday a resident of Iowa giving the name of G. D. Curtiss made his advent in the city and in the course of a few hours accumulated a large and assorted load of distilled spirits of corn juice, which made his navigating a matter of great difficulty and finally resulted in his getting in the clutches of the police and being lodged as a guest over night at the city jail. The man promised most faithfully to return to Iowa and tearfully pleaded for release, which was finally granted and he was requested to seek the land beyond the Missouri as soon as possible. All would have been lovely had the Iowan returned home as he had promised, but he continued to linger and proceeded to polish up his skate with new additions and last evening was found by Officer Alvin Jones in a very bad state of intoxication and again placed in jail.

This morning he was a very sorrowful picture as he stood in police court and received his sentence of \$5 and costs, amounting to \$8, which he was unable to settle and was turned over to Chief Barclay and will labor for four days for the city to settle the amount.

Improves His Barber Shop.

Jesse Perry, the upper Main street barber, is getting in the class of improvers by having his barber shop thoroughly cleaned and renovated and made more attractive by fresh paper and paint, which adds very much to the appearance of the shop. The mirrors and chairs have been removed to the west side of the room and touched up with varnish and paint. The woodwork of the room has been painted in white and a very neat pattern of wall paper decorates the walls and ceiling and gives Jesse a very neat little shop.
