

Such tobacco enjoyment

as you never thought could be is yours to command quick as you buy some Prince Albert and fire-up a pipe or a home-made cigarette!

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

Buy Prince Albert everywhere tobacco is sold in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that corking fine pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such clever trim—always!

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

TRAINMEN ARE TO HELP DEFEND EIGHT-HOUR LAW

Brotherhood Leaders See Wilson—Complete Their Working Agreement.

Washington, D. C., Nov. 20.—Heads of the railroad employees' brotherhoods who are determined that the Adamson eight-hour law shall not be broken down, conferred here today with President Wilson, Attorney General Gregory and their legislative representatives, declared their purpose to aid the government in every way in fighting injunction suits against the law and made further plans for perfecting a working agreement with their allies, the railroad men of the American Federation of Labor.

When the government attorneys, G. Carroll Todd, assistant to the attorney general; Assistant Attorney General Underwood and Frank Hagerman appear in the federal court at Kansas City next Thursday to oppose the Union Pacific and Atchafalpa, Topoka & Santa Fe suits against the Adamson law they will be flanked by representatives of the brotherhoods.

It is probable that the four brotherhood heads themselves will be there. Messrs. Todd and Underwood left for Kansas City tonight.

Two Labor Functions Friendly.
Significance is attached to the fact that the brotherhood heads will address the American Federation of Labor convention in Baltimore tomorrow. Never before in the history of the two organizations have any of their members met in a joint session, but their meeting at Baltimore will be the result of a carefully worked out agreement that the two forces shall join hands in working for the general betterment of the organized railway employes.

After receiving the brotherhood heads and Chairman Adamson, author of the eight-hour law, President Wilson virtually finished his message to

congress in which he will recommend completion of the railway legislative program outlined by him at the last session. These recommendations include provisions for the enlargement of the Interstate Commerce commission and for compulsory investigation of proposed strikes. The latter is bitterly opposed by the brotherhood leaders.

Railroads to Speak First.
Railroad executives figured only inconspicuously in today's activities here. Their representatives appeared before the senate interstate commerce committee and learned that their spokesmen would be heard first on the railroad problem generally on next Thursday.

Brotherhood representatives may appear before the committee later, but so far have not indicated formally their intention to do so.

President Wilson told members of a committee of the Evansville, Ind., Chamber of Commerce, who called during the day to tell him there would be a middle states conference on the railroad situation in their city early in December, that he hoped there would be similar discussions of the problem in other sections of the United States and that he wished all business men would investigate the question in an open minded way.

Not Certain About Strike.
After their fifteen-minute conference with the president the brotherhood heads would admit only that they had congratulated Mr. Wilson on his re-election. W. S. Stone, head of the engineers, declared that he could not tell now whether a strike would be called if the eight-hour law was not put into effect January 1.

Representative Adamson went over plans for railroad legislation fully with the president. Afterward he said that he had no doubt that the eight-hour law would be upheld by the courts as constitutional, contending that the measure was very carefully framed by lawyers fully familiar with the situation and with the constitution.

Amendments for Bill.
"I have a bill prepared for additional legislation to meet the situation which I probably will introduce as soon as congress convenes," he said.

He added that he believed the interstate commerce commission, under ex-

IN PLATTSMOUTH FORTY YEARS AGO.

Mrs. Solomon is still in very poor health, although improved since she came here.

Mr. Silas Crosser delivered a fine fat cow in town on Monday. Weight, 1,630 pounds. She takes the red ribbon.

Judge Linch has left us and gone to New Orleans, to reside permanently. We are sorry to lose the judge, he was a gentleman in every respect and a thorough republican to boot.

It is reported that Sheriff Hyers took George Gyger, living near Weeping Water, to the insane asylum last week. He seems to be crazy on politics partly.

Report comes to us that Billy Shryock, in traveling over the western part of the county, got badly frost-bitten. Cold water is good, Billy—put it on gradual; the red ribbon may help.

Heisel's mill exploded last Saturday noon, fortunately all hands were gone to dinner and no one was hurt. It tore up the boiler, furnace, engine, etc., badly.

Mr. Frank Skinner has settled at Corning, Ia., in the jewelry business and has good prospects before him.

David and Henry Ashmun were up from Weeping Water Sunday. Guests of their brother-in-law, Mr. Ashley, our deputy sheriff.

Some parties out near Louisville had a little muss over stealing timber in which a man named Livingston got his head mashed slightly. The offending parties being unable to pay the fine of \$15 imposed, were brought up here and incarcerated, but someone here in town paid their fine and they were released.

Among the notable doings of the week has been the union of the two Masonic lodges of this place, which was consummated on Monday evening last. It seems to have been the opinion of many members of the fraternity that, considering the pressure of hard times, the fact that many of the founders of both lodges have either passed away or left town, it would be more conducive to harmony and lessen expenses, to unite the two lodges in one strong, united body. Under a dispensation from the grand master, Macoy lodge surrendered its charter and the members thereof almost in a body were made members of Plattsmouth lodge No. 6. The reason given why it was for Macoy to surrender its charter in preference to No. 6 was because No. 6 owns the property known as Masonic block, and it seemed advantageous in every way that they should retain this property and the whole body of resident Masons become interested therein.

isting laws, already had the power to take wages into consideration in fixing freight rates. President Wilson embodied a recommendation for legislation giving this power when addressing congress on a threatened strike, but the Georgia representative said he believed the president would agree with him in the end.

Freight Rates Concerned.
Mr. Adamson also declared it was his personal opinion that the suits to test the constitutionality of the eight-hour law were brought in a further effort to secure advances in freight rates and that if any definite assurances of increased rates were given the cases would not be pressed.

The brotherhood heads, still quite as uncommunicative and mysterious as they were at the time of the conferences which resulted in enactment of the Adamson law, appeared well pleased with the situation tonight. They were particularly elated over their talk with the president, and the prospects of addressing members of the federation in Baltimore tomorrow.

"Of course we said nothing to the president but a few words about his re-election," W. G. Lee, head of the trainmen, said with a laugh. "Naturally, coming from Ohio as I do, I had some things to say about how Ohio came to go democratic as largely as it did."

What to do when Backache comes on

"I found immediate relief in the use of Foley's Kidney Pills, have recommended them, and do not know of a single instance when they failed to give relief."
C. L. Landrum, a traveling salesman, writes from San Angelo, Texas: "Driving over rough roads and in all kinds of weather gave me acute pains in the back and I suffered greatly. I found relief in the use of Foley's Kidney Pills, and before the first bottle was used the pain in my back had entirely disappeared and I have had no recurrence of those pains which frequently amounted to almost nervous proportions."
When backache comes on, and it seems as if you can't stand the pain and pressure in your back, you will find quick and grateful relief comes with the use of Foley's Kidney Pills. They stop the cause of the pain, ease the stiff aching joints and muscles, and clear the poisons out of your system by helping your kidneys and bladder to normal healthy action.

TELLS CAUSE OF SEASONAL ILLS

Run Down Health Makes Body More Liable to Disease.

STOMACH USUALLY TO BLAME

Human Machine Falls When Digestive and Eliminative Processes Get Out of Order, Yielding Poisonous Waste Instead of Strength-Building Nutrient—Tanlac Expert Talks.

Many ills to which people are especially liable at this time of the year are direct results of a disordered stomach and deranged digestion, according to the Tanlac health expert.

"In a majority of cases those who suffer from sickness must blame their stomachs," he said. "We must remember that the strength of the body comes from the digestive system. Food Becomes Poison.

"When the supply of nutrient needed to keep the human machine fails, the food which should have given strength becomes poisonous waste. "The stomach has been called the chemical laboratory of the body. There the material taken into the body is rendered into blood, bone and muscle for permanent health, vigor and vitality."

"The success of Tanlac as an aid to digestion, assimilation and the functions which dispose of waste matter has been proclaimed by thousands. Restores to Normal.

"Tanlac is a vegetable remedy, designed to feed while it heals sick, sore stomachs, and to bring back the digestive system to its normal, natural work. Thus health is restored, yielding energy, ambition and vitality, and giving that feeling of complete well-being necessary to the full enjoyment of life by every man and woman."

"With the health and strength that Tanlac gives, people are less subject to disease. Thousands who have taken Tanlac are grateful because it made them well and kept them well."

Tanlac is being specially introduced in Plattsmouth at the Mauzey Drug Company.

Tanlac may also be obtained in Springfield, at H. Fiagenbaum's store, and in Weeping Water at the Meier Drug Company.

U. S. TO PRESENT FINAL BORDER PATROL PLANS

Atlantic City, N. J., Nov. 21.—A final plan of border patrol and withdrawal of the American punitive force now in Mexico, backed by President Wilson's approval, will be presented to the Mexican members of the American-Mexican commission today, with the statement that the administration at Washington expects it to be accepted without further wrangling.

The plans are contingent upon several concessions by General Carranza, which have not yet been made public. President Wilson expects to put into operation plans of his own regarding bandit operations in Mexico unless the suggestions of the American commission are adopted.

RED POLL REGISTERED STOCK.

Those who spoke for calves, please call at my home between now and December 1st and get them. Some are registered and some are grades. A. E. Nickels. 11-20-2twtkly

18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reliable Thedford's Black-Draught.

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Thedford's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles. I have influenced several of my neighbors to take Black-Draught Liver Medicine, and I give it to my grandchildren."

"I can safely say that I owe my life to Black-Draught, as it put me on my feet after everything else had failed." You know that you can depend upon Black-Draught Liver Medicine for quick and permanent relief in all disorders of the liver, stomach and bowels, such as indigestion, constipation, biliousness, headache, sour stomach, tired feeling, and many other common ailments, because, in the past 75 years, it has helped so many thousands of people, whose troubles were similar to these.

Safe, gentle in action, and without bad after-effects, Black-Draught is sure to benefit both young and old. Sold everywhere. 25c a package. Costs only one cent a dose. NCB 4

EMPEROR FRANCIS JOSEPH DEAD

Death Occurs at Schoenbrunn Castle in Vienna, Says Dispatch to London.

London, Nov. 22 (3:41 a. m.)—Emperor Francis Joseph died last night at 9 o'clock at Schoenbrunn castle, according to a Reuter dispatch from Vienna, by way of Amsterdam.

The first intimation received here that Emperor Francis Joseph's health was again the subject of solicitation was contained in a dispatch dated November 12, emanating from a Vienna newspaper agency, which reported that the emperor had been suffering for some days from a slight catarrhal affection. Subsequent reports from various sources, more or less conflicting, represented that his condition was becoming worse, but none of them indicated that his illness threatened to reach a critical stage, and from Vienna came assurances that he was still able to give audience to one or more ministers daily.

Hint of Grave Condition.
What gave some credence to the suspicion that his condition was much graver than the official bulletins indicated was the report, which still lacks official confirmation, that it had been decided to associate the heir to the throne, Arch Duke Charles Francis, in the government of the country and that he was to assume the position December 2d, the 68th anniversary of the emperor's ascension to the throne.

So far as is known here Arch Duke Charles is still at the front, in command of the army.

CRAIOVA TAKEN BY THE TEUTONS

Retreating Rumanians, Outflanked, Appear Now to Be Trapped in Vise.
London, Nov. 21.—Austro-German forces in southwest Rumania have captured Craiova and the Rumanians are retreating, according to the announcement of the Berlin war office. In the Jiu valley Rumanians are outflanked at Craiova, and seemingly must be caught in the vise of the Austro-Germans from the north and south. The Teutonic allies are advancing in the Alt valley, where Petrograd admits the Rumanians are retiring southward. According to Paris, the entente allied troops north of Monastir are still pressing the Germans and Bulgarians. West of Monastir Italians have repulsed counter attacks delivered by the Teutonic allies. An unofficial dispatch from Saloniki says the Serbians have captured seven villages west and northwest of Monastir. No Doubt in London. The occupation of the Rumanian town of Craiova, reported by German official headquarters tonight, has not yet been confirmed from the entente side, but the fact that no Rumanian official report has been issued since Sunday leaves little reason to doubt its correctness. The official reports from both German and Russian headquarters the

last two days had prepared the public for this news of the success of the central powers' thrust at Rumania, but it had been hoped that Rumania, which was known to be sending reinforcements into Rumania as fast as possible, might be in time to avert the blow.

Craiova is an important town in the center of a great grain district on the edge of the Wallachian plain and is an important railway junction. Its possession by the central powers cuts the railway communications of the Rumanian armies holding the Orsova region to the west.

In Critical Position.
As the lines from Turgu Jiu, south of Vulcan pass and from the Danube frontier opposite Vidin, pass through Craiova, the position of the Rumanian forces in Orsova now are extremely critical and they may be compelled to evacuate the Orsova region, the holding of which has up to the present barred the Teutonic allies from the use of the Danube.

ISSUES MARRIAGE LICENSE.

Yesterday afternoon County Judge Beeson issued a marriage license to Mr. L. F. Gable of Valentine, Neb., and Miss Ruby McDonald of Murdock. The young people will be wedded at the home of the parents of the bride at Murdock, the last of the week.

Doing the Work.

W. T. Nanney, Noel, Mo., writes, "Your B. A. Thomas' Hog Powder is doing the work down in this part of the world. It proved to be what we needed to prevent and cure hog cholera and expel worms." H. M. Soennichsen, Puls & Gansemmer.

MR. FARMER!

A half million dollars worth of perfectly good farm machinery is thrown in the scrap pile every year in Nebraska.

Farm work is the hardest work there is on machinery. Castings break, bearings wear out, shafts bend and break. Things get dull and pull hard, gears rattle, smash, bang and crash, paint gets dull.

Many farmers throw away machinery and buy new, because they are not aware that we can in nearly every case re-make such machinery equal, and in many respects better than new.

We do not care how bad your machinery is smashed or worn, they all look alike to us; we remake them as good as new and save you money.

A dollar saved is a dollar earned, keep your money at home and you may get it back again besides it helps us to employ home labor.

Put your machinery troubles up to us, we have the best equipped machine shop in the country; if you don't believe it call and see us. Visitors are always welcome.

We make everything in metal. Now is a good time to overhaul things for the spring rush. WESTERN MACHINE AND FOUNDRY. L. C. SHARP. Plattsmouth, Nebraska

Piles FISTULA—Pay After You Are Cured

A mild system of treatment, that cures Piles, Fistula and other Rectal Diseases in a short time, without a surgical operation. No Chloroform Ether or other general anesthetic used. A cure guaranteed in every case accepted for treatment, and no money to be paid until cured. Write for book on Rectal diseases, with testimonials of prominent people who have been permanently cured. DR. TARRY—Bee Building—Omaha.
