SOLDIERS HERE TO GUARD THE BURLINGTON BRIDGE

A touch of the shadow of war seems to be destined for this city according to dispatches from Omaha, indicating the intention to have a squad of soldiers from the Fourth Nebraska detailed to guard the Burlington railroad bridge over the Missouri river at this point. The detail assigned to this city will include sixteen men and will keep the bridge under strict guard. This is a part of the plan of the federal government to protect the great trans-continental railroads of the country and keep them open to travel in case of warfare, and to permit quick communication and transportation between different parts of the country. The bridges over the Missouri river at Omaha and this city are very important to the country as they are connecting links of two of the great railroad systems of the country that would be called upon for service by the government. Great care is being taken in safeguarding the bridges along the Union Pacific lines from the Pacific coast to Omaha, where the connections for the east are made, and the Burlington is also to be given protection to prevent any destructive work that might be attempted by foreign spies or misguided persons in the destruction of property. This policing and guarding will be looked after to a great extent by the National Guard of the different states in case that actual warfare breaks out, and will assist in protecting the interests of the government.

OLD GLORY DISPLAYED.

The business houses of the city are unfurling the flag and displaying it in a demonstration of the support of the community to the president and country in the present crisis. This demonstration of patriotism is extending over the entire country and every community is taking steps to display the flag of our country as a token of the steadfastness of the American citizenship in the hour of trial.

STATE WOODMEN CIRCLE MEET MAY DEVELOP FIGHT

Lincoln, Neb., March 28.—Sessions of the Woodmen Circle's state organization are to be held here beginning tomorrow and a fight on Mrs. Emma B. Manchester, head of the order, is said to be brewing.

Mrs. Katherine Remington of Omaha, insurgent leader, is said by early arrivals here to be mustering some strength—how much her friends say they do not know.

Mrs. Della M. Hall heads the Manchester forces. She and her lieutenants are confident the regulars will win. Friends of Mrs. Manchester point to the unusual growth of the order under her management and say that speaks for itself.

The insurgents say a change is needed "to preserve peace."

CONGREGATIONAL MEETING AT PRESBYTERIAN CHURCH

The annual congregational meeting of the Presbyterian church was held last evening and a very large number of the members of the church were present to hear the reports of the different officers and to participate in the selection of the new officers for the ensuing year. The church has shown a steady growth and during the last year the interest shown in the work of the church has been quite marked. C. A. Rawls and D. B. Ebersole were re-elected as elders of the church and Mr. Rawls selected as clerk of the session and of the congregational meeting. As trustees of the church C. C. Parmelee and Will Waga were selected. For the church treasurer the congregation selected R. W. Knorr.

In the Sunday school of the church George L. Farley was selected as superintendent for the coming year as a tribute to his keen interest in the work of the Sunday school and the church, and as his assistant R. G. Rawls was selected to carry on the work for the coming year. Miss Margaret Hodgert was selected as secretary of the Sunday school with Miss Ada Mann as assistant. Miss Estelle Baird was named as librarian and Miss Muriel Streight as organist.

Following the congregational meeting the ladies of the church served light refreshments which proved a pleasing social feature of the evening and was much enjoyed. The meeting as a whole was very successful and bespoke the interest that the members of the church feel in the upbuilding of the church and the community in general.

TO TRY TO SECURE CAR OF SPRING WHEAT FOR SALE

This afternoon J. P. Falter and Frank M. Bestor of the Commercial club were in Omaha to try and arrange with the Omaha grain exchange and the Omaha Commercial club to secure a car of spring wheat for seeding purposes. If this car can be secured it will be brought to this city and disposed of to the farmers at exactly the cost price in order to give them an opportunity to re-plant the wheat crop. The winter wheat has turned out poorly and it is necessary for the farmers to put in a crop of spring wheat in order to assure a crop for the year. It is now the right time to have the wheat planted and if Messrs. Falter and Bestor are successful in getting the wheat it will be rushed to this city in order to give the farmers an opportunity to plant during the coming week.
