The French war pictures shown at the Puls & Gansemer hall Tuesday night were very interesting. The bad weather permitted but a few to attend. When "the end" and "good-night" was thrown on the screen, a very interesting argument took place between the boys, seven and nine years of age: "Who whipped?" asked the younger boy. "The Americans, of course," came the reply. The boys were both German boys. The Germans in this section are 100 per cent patriotic, and do not hesitate to make their stand clear-cut.

The appearance of three military balloons in the eastern sky Tuesday morning about 10:30 o'clock made us realize that war is a reality. Everybody in town, all the children in school, took a good long view at these queer looking objects in the heavens. Their distance from town was estimated from five to seventy-five miles, while in fact one came within three and a half miles. When Miss Sans dismissed school in her room to take a look at the big gas bags several little fellows started the rumor that they were German Zeppelins, and that an explosion would soon occur.

Colonel Seybolt was shaking hands with his many county seat friends on Monday.

Meetings Well Attended.

The meetings being held at Eight Mile Grove are well attended and all folks in this neighborhood are urged to come. Next Sunday the services will be as follows: Bible school at 2:30 p. m.; public worship, 3:30 p. m., when the sermon topic will be "Patriotism."

"Where Are the Sins of Men Mentioned in the Bible?" will be the sermon topic for next Lord's day.

The evening topic will be "The Necessity and Importance of the New Birth."

The evening services now begin at 8 o'clock.

Mothers' day will be observed the second Sunday in May.

Urges Them to Cut Bread Consumption by at Least One-Fourth.

London, May 2.—King George has signed a proclamation exhorting the people to lessen the consumption of wheat and to practice the greatest economy and frugality in the use of all other kinds of grain.

The proclamation particularly urges the population to reduce the consumption of bread by at least one-fourth of the quantity consumed in normal times.

The fourth and largest budget of the army has been prepared by Chancellor Bonner law for introduction in the house of Commons today. Although the intervention of America in the war is expected to relieve Great Britain to a large extent of the necessity of financing her allies, the government's expenditures for the present year, if the war continues, probably will exceed the cost of preceding years. New sources of revenue must be found. The charges on war debt are increasing and excise returns are diminishing on account of the restrictions placed on the liquor trade. The house is prepared for an increase of the levies on excess profits, tobacco and amusements.

London, May 2, 12:42 p. m.—Both the artilleries were active during the night at a number of points on our front between St. Quentin and Lens, says today's official statement regarding operations on the Franco-Belgian front. "In the neighborhood of Fauquissart, German raiding party was repulsed. Otherwise nothing special occurred."

Paris, May 2, 2:07 p. m.—The Germans made several attacks last night on the Aisne front. Today's official announcement says they were partially repulsed. In the Champagne, the French made progress.

MORE SOFT DRINKS.

In this city "King Pablo" seems to have surmounted the throne held by "King Aikey," as a number of the new soft drink establishments have installed the happy "hoppy" beverage. Ed Donat is one of the latest to handle the foaming beverage, and Adolph Geize has also gotten into active work with the soft beverage, as well as Lew Russell, and their patrons find them all on the job as of yore.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. Two sizes, 25c and 50c at all stores.

FURTHER CHANGES ARE PROMISED IN FRENCH BODIES

Paris, April 30.—The appointment of General Petain as chief of staff is generally welcomed as a timely reform, which has long been advocated by military experts. General Petain, as technical adviser of the government, will occupy virtually much the same position as General Sir William Robertson in London and will be responsible for the general conduct of operations wherever French troops are engaged.

In addition to this appointment, it is understood that the government contemplates various other measures of reorganization, based on an examination of the military situation and the lessons taught by the recent operations. Petit Parrien says that certain services, whose working has been shown to be defective, will be overhauled and that changes will be made among leaders, whose talents could be more judiciously used.

Hard work for Women.

It is doubtful if there is any work harder than house work. Overwork tells on the kidneys, and when the kidneys are affected one looks and feels older than the actual years. Mrs. A. G. Wells, R. R. 5, Rocky Mount, N. C., writes: "I cannot praise Foley Kidney Pills enough for the wonderful benefit I have derived." Sold everywhere.

GOOD PROGRESS IN RECRUITING FOR THE NAVY AND THE MARINE CORPS

Washington, D. C., May 1.—The enlisted strength of the navy now has reached 86,326, within less than 700 of the full war quota authorized.

The marine corps has already completed recruiting its full authorized strength of 17,400, but both services will continue recruiting campaigns without modification, as bills pending in congress are expected to give the navy an authorized strength of 150,000 and raise the marine corps to 30,000.

Trouble Entirely Disappeared.

Knudt Lee, Wannaska, Minn., writes "For several years my daughter had a bad chronic cough. Not until we tried Foley's Honey and Tar did anything produce any great relief. In a few days the trouble entirely disappeared and has never returned." Contains no opiates; a safe, reliable remedy; children like it.—Sold everywhere.

Coughs Worse at Night

The simplest and quickest way to get rid of a wearing, tacking night cough, tickling throat, hoarse, wheezy breathing is to take

Foley's Honey and Tar.

In it, you get the curative influence of the pine tar and other healing ingredients, together with the mollifying and laxative action of honey.

Dr. C. T. Miller, Canelton, Ind. (a quaker) writes: "I was troubled with bronchial affection and coughed constantly day and night. Took Foley's Honey and Tar and got well. It is great for bronchial colds and coughs. Lungs and bronchial tubes, croup, hoarseness, tickling throat, are all quickly relieved. And Druggists Everywhere."
