MR. AND MRS. GLEN PARRIOTT'S BABY IS KILLED IN SMASHUP

From Friday's Daily.
Yesterday afternoon a message was received in this city announcing the serious injury of Mrs. Glen Parriott and the death of her little seven-months-old son, in an automobile accident near Riverton, Ia., where Mrs. Parriott has been visiting with her mother for the past two weeks. The message came as a great shock to the many friends here and the feeling of sympathy for the family in the tragedy that has darkened their lives is most sincere. From what can be learned of the accident it would seem that the car in which Mrs. Parriott was riding was going at quite a high rate of speed and striking a rut was overturned and the occupants caught beneath the overturned car. The little babe lived for a few hours after the accident, but died shortly after noon yesterday, while the condition of the mother is very serious and her recovery is very doubtful. Mr. Parriott was called to Riverton from Peru, where he is engaged in work in the state normal, to the side of his wife and babe, and to him the accident comes as a very heartbreaking blow. Mr. and Mrs. Vern Long of this city departed last evening for Riverton to assist in the care of Mrs. Parriott. Mr. Parriott was for two seasons a member of the Red Sox baseball team and for some time after their marriage Mr. and Mrs. Parriott made their home in this city, removing from this city to Peru, where they have since resided.

PLEASANT BIRTHDAY SUR- PRIZE GIVEN MRS. SCHUTZ ON WEDNESDAY EVENING

From Friday's Daily.
A very pleasant birthday surprise was tendered to Mrs. John Schultz on Wednesday evening at their home in the south part of the city. All came with well filled baskets, and this provided a very dainty and delicious repast, which was much enjoyed by the members of the party. During the evening cards proved a most pleasing diversion and was much enjoyed by the members of the party. As remembrances of the occasion Mrs. Schutz was presented with a number of very beautiful presents which will be cherished as tokens of the event. Those in attendance were: Messrs and Mesdames A. L. Todd and family, Eddie Todd and family, C. P. Richards and family, E. J. Meisinger and family, C. R. Todd and family, A. F. Braun and family, Mr. and Mrs. O. E. Howe, Fred McCauley, Joe Stevenson and Alva and Henry Stull and John Schultz and family.

MRS. JACOB MEISINGER IS SURPRISED ON HER SIXTY-FOURTH BIRTHDAY

From Friday's Daily.
Yesterday was the sixty-fourth birthday anniversary of Mrs. Jacob Meisinger, one of the highly esteemed ladies of this city, and in honor of the occasion she was given a very pleasant surprise when her sons, George P. Meisinger, Jr., and family and John Meisinger and family moved in from their farm home to spend the day with the mother and assist her in seeing that the day was observed in a fitting manner. The "invading party" brought with them many baskets of the good things to tempt the appetite and these formed the delightful repast which was served to the members of the party. It was late in the afternoon when the children and grandchildren departed, wishing Mrs. Meisinger many happy returns of the day, and in this sentiment the many friends throughout the county will join.

Bert Spies, who has been here visiting with relatives and friends, departed yesterday morning for Fremont, where the Nebraska Signal corps will be mobilized for service in France.

"DALLAS" IS SHOT.

From Friday's Daily.
The boys of Company C who have been stationed here for the past few months guarding the Burlington bridge, are mourning the loss of "Dallas," the little dog that has served as their mascot since the Fourth regiment was in service in the company. The dog has been missing for the past two days and it was only this morning that it was found that she had been killed by the police two days ago while uptown. The dog was not tagged and not having been known that it was the pet of the soldiers, was killed. The dog will be greatly missed by the company and the gloom around the camp is profound.

REPORT OF CROP CON- DITION IS REQUESTED BY THE GOVERNMENT

From Friday's Daily.
The United States government has sent out to the different county defense councils a notice asking that all amounts of grain, wheat, oats, corn and rye, in each of the precincts of the county, be ascertained and sent in to the federal government in order that the control of the food supply and assurance of a plentiful supply can be carried out under the supervision of H. C. Hoover, the superintendent of the food conservation of the nation. The Cass county council has sent out the notices to all of the precinct chairmen and a report has been received from a great many of the precincts showing just what amount is in the elevators, in the hands of the farmers and in the hands of other parties. This is to place the government in proper position to deal with the food question and stop the boosting of prices on the foodstuffs of the nation. It is also desired to learn whether or not the farmers will have to ship in seed wheat or will have more than a supply on hand for use. The acreage of the crops is also listed with the different kinds of grain being used and this will serve to assist in handling the situation in proper shape.

MRS. A. B. HASS RECOVERING FROM SERIOUS INJURIES RECEIVED IN AUTO ACCIDENT

From Friday's Daily.
Mrs. A. B. Hass of Oreadopolis, who was injured very severely several months ago near her home by being thrown from the auto in which she was riding, is to undergo another operation at the Presbyterian hospital in Omaha. Mrs. Hass has been at the hospital since the accident and it has been found necessary to operate on one of the lower limbs, as the injured bone has not knit in the proper manner and makes the operation necessary. The injured lady is otherwise getting along nicely and it had been hoped to have her back home by the first of next week, but the operation will require her remaining at the hospital for some time. The friends in this city trust that this estimable lady may find relief in the operation and be restored to the full use of her limbs.

HIKE FROM FORT CROOK.

From Friday's Daily.
Some forty of the newer recruits of the Fourth Nebraska infantry came down this morning from Fort Crook and spent the noon hour in this city, and hiked back to the fort about 2 o'clock. The members of the party gave the city quite a military appearance for the time being as all of the party were equipped with their rifles.

NOW AT SOLDIERS' HOME.

From Friday's Daily.
Four of the old soldiers of this city are now at the Soldiers' Home at Leavenworth, Kan., where they are being cared for and enjoying their declining days in comfort. The latest addition to the Home is Jesse Hiner, who has just been taken there. The Plattsmouth men at the home are, Dad Renner, Joseph H. Smith, Jesse Hiner and Mr. Stoddard.

Bring your welding to us. Plattsmouth Garage. Tel. 394.

MISS BERTHA TAMS AND F. C. STEWART UNITED IN MARRIAGE

From Friday's Daily.
On Wednesday evening at 8 o'clock at the home of Mr. and Mrs. Hans Tams in the south part of the city, occurred the marriage of their daughter, Miss Bertha, to Mr. Fred C. Stewart of this city. The wedding was a very quiet one and was attended by only the immediate members of the family. The home was very prettily decorated with the flowers of the summer season, which formed a very charming setting for the happy event. The marriage ceremony was performed by Rev. J. H. Steger, pastor of St. Paul's Evangelical church, the beautiful and impressive ring service being used in uniting the lives and hearts of the two estimable young people. Miss Grace Paxton, sister of the groom, and Mr. Hallie Perry were the attendants of the bridal couple. After the services the family and bridal party were treated to a dainty luncheon. Mr. and Mrs. Stewart departed yesterday for Syracuse for a short visit with relatives. The bride is one of the most popular young ladies of the city and her many friends will join in wishing her all the happiness that life can bring to her. The groom is an employe of the Burlington and a young man held in high esteem by a large circle of friends.

EDWARD SULLIVAN, THE DEAF MUTE, IS A MUCH MARRIED MAN

From Friday's Daily.
Edward Sullivan, the deaf mute, who created considerable of a stir here last Saturday, when he was taken into custody, and whom it was alleged had forced his bride into a marriage with him, now appears to have had the marrying habit to quite considerable an extent, as it is learned in Omaha that the young man has a wife in New Orleans who has claim No. 1 on the much married youth. He was married in Omaha last Saturday to Dora Hull, whom it is alleged that Sullivan forced into the marriage on the threat of death. When arrested here it was found that he was a "slacker," in addition to his other shortcomings, and it was on this charge that he was taken to Omaha to be held until the federal authorities could take action in the matter. The man was brought before United States Commissioner McLaughlin in Omaha yesterday, and when asked why he did not register on June 5 stated that he "didn't know anything about it." He was taken to the registration bureau and entered his name and was then taken to the county jail to remain until the officers can secure information from New Orleans as to what charge he is wanted on there.

SOME FINE IMPROVEMENT.

From Friday's Daily.
The Wagner restaurant, which is noted for its cleanliness and general sanitary condition, has just installed a new sanitary sugar shaker that will do away with all exposure of the sugar to the open and makes it absolutely sanitary. The shakers are somewhat similar to a salt shaker, but allow one spoonful of sugar at a time to come out.

THREE WAR BALLOONS.

From Saturday's Daily.
This morning three war balloons passed over this city from Fort Omaha, where the government aviation school is being established. The balloons were traveling southward, and shortly after passing over the city a number of auto trucks from the fort passed through en route after the balloons to see that they were brought back to the station.

Call Plattsmouth Garage for service. Tel. 394, also livery. J. E. Mason, Prop.

ANOTHER BASE BALL GAME.

From Saturday's Daily.
The second team and a team composed of members of Company C and the high school clashed last evening in a game of ball at the Red Sox park, with the result that the second team carried home the bacon by a score of 4 to 0. Ed Long, who did the pitching for the second team, and Pavlik, catcher of the soldiers, were the particular stars of the battle and proved a great strength to their respective organizations. These teams are planning a game for Monday evening at the ball park.

AUTOMOBILE ACCIDENT NARROWLY AVERTED AT OAK ST. SATURDAY

Saturday evening a very serious if not fatal automobile accident was narrowly averted on West Oak street at the grade crossing of the Missouri Pacific when the north-bound passenger train due here at 7:45 crashed into the automobile driven by Ben Nolting, and, while damaging the car to some extent was fortunate in that the driver of the machine escaped injury. Where the accident occurred is near the top of a very steep grade and the automobile was going at a slow rate of speed at the time, and only one of the front wheels of the machine had gotten over the first rail when the train struck the auto and forced it from the track, battering up the front portion somewhat, the result was not as serious as might have been expected from an accident of this kind. The train was not running fast, as it had been shut off when it was seen that the car was coming on the crossing in advance of the train, and while it took only a few seconds time for the engineer to apply the brakes, it saved the car from being demolished. A delay of a few seconds would have brought the car onto the track, where it would certainly have resulted in the death of Mr. Nolting. The train was stopped within a short distance of the crossing and the crew made an investigation of the affair and were relieved to find that there had been no serious injury done to the driver of the automobile. Mr. Nolting it seems was not aware of the approach of the train to the crossing until the sounding of the alarm, and then thought that it would be possible to get clear before the train reached the Oak street crossing.

DEATH OF WILLIAM HENRY LOPP AT NEHAWKA JUNE 29

William Henry Lopp was born April 14, 1865, at Corydon, Ind., died June 29, 1917, aged 52 years two months and fifteen days. Mr. Lopp had been a sufferer for many months, had received medical treatment and consulted different physicians in regard to his health, and at last was operated on for appendicitis and gall bladder in the Swedish Immanuel hospital in Omaha June 22, dying from the effects of the operation one week later. On March 18, 1890, he was united in marriage to Ida Jane Ingwerson, who still survives him. They reared three children to manhood and womanhood, Carl W. Lopp, Mrs. Abbie Lora Ernisee, and George Dewey Lopp.

He was the son of David and Mary Lopp, and was an old resident of this county, coming to Nehawka when only a small boy. He followed the barber business in Nehawka for thirteen years, but later engaged in farming three miles north of town, where the family has lived for fifteen years. The funeral was held July 1 from the M. E. church in Nehawka, the pastor, Rev. J. Guy Munsell, preaching the funeral sermon. A large number of friends and relatives were present at the funeral and followed the remains to the Mt. Pleasant cemetery, where they were laid to rest.—Nehawka News.

Just a reminder that the ladies of the American Surgical Dressing chapter will have charge of the Air Dome Thursday evening, July 19th. Douglas Fairbanks in "Manhattan Madness" will be the picture feature.

QUITE A FIRE AT MURRAY ON SATURDAY NIGHT

On Saturday evening our neighboring town of Murray was visited by a very destructive fire that wiped out the L. H. Puls garage and for several minutes seemed as though it would destroy the Presbyterian church building as the result of the rain of sparks from the burning garage building. The fire was discovered in the garage about 11 o'clock, just after the closing down of the picture show which was being held in the Puls & Garsemer hall nearby. It is thought that the fire was originated from an overheated exhaust pipe that is attached to the engine used in running the lighting plant for the garage and the picture show. The fire was well under way when discovered and only very prompt action resulted in saving some thirteen automobiles which were stored in the building at the time. The residents of the town responded to the fire alarm and worked strenuously for several hours in saving what was possible from the building. Miss Olga Minford did some splendid work in driving the autos from the building and a number were saved through her efforts. A greater part of the supplies and some of the machinery used in the repair of the cars was also saved through the efforts of the people who hurried to the scene. The flames had gained such headway that it was impossible to save the building and in a short time the structure was wrapped in flames, and the sparks from the burning building fell in showers on the roof of the Presbyterian church adjoining the garage, and several times the roof of the church burst into flames, but a bucket brigade was organized and by some very hard work prevented the building from being destroyed. The garage building is a new structure and was valued in the neighborhood of \$3,500, and there was no insurance on the building, which will be a total loss to the owner, Mr. Puls. The fire attracted much attention and a large number from the surrounding country drove in to do what they could to save the building, without result, as it was completely destroyed and only a heap of ruins marks the site of the splendid little garage.

DONATIONS TO THE BANDAGE CIRCLE HELPS ALONG WORK

The ladies of the bandage circle of the American Surgical Dressings Committee in this city have received a number of donations from parties in this city which have added to their funds a neat sum. Postmaster Morgan, who receives a fee of \$5 for each enlistment from this city in the navy, has donated this sum to the mothers of the boys, and the bandage committee, dividing it between the two and aiding in the good work. Philip Thierolf, the clothier, has made a similar donation from the sale of straw hats, which has enabled the ladies to secure much needed supplies for their work. This bandage circle has completed several thousand of the surgical dressings which have been sent to the main headquarters in New York, from where they will be sent to the front. These gifts from the public will enable the ladies in this city to secure supplies as needed which will go a long way in helping out on the good work of the society. The meetings on each Monday and Thursday are taken up with the sewing and making of the dressings and as a result there is a great deal accomplished in furnishing this city's portion of the needed supplies for the base hospitals.

EXTRAORDINARY OPPORTUNITY

Elsewhere in the Journal will be found the advertisement of the Fetter Shoe Co., announcing their extraordinary shoe sale which will commence on Wednesday. This sale is one of the biggest events of its kind held in the city and there will be 450 pairs of ladies' shoes offered at the low figure of \$1 per pair. This is an opportunity that will give a chance for the Plattsmouth people to secure a real bargain.

RETURN FROM THE WEST.

Mr. and Mrs. William Hunter and daughter, Helen, and Fred Hild and son, Henry, returned home from Arnold, Neb., last Friday evening, where they had been visiting with the daughter of Mr. and Mrs. Hunter, Mr. and Mrs. Carl Bruer. The trip was made overland in the auto of Mr. and Mrs. Hunter, and proved one of great pleasure to all. In going out they made the trip to Arnold, a distance of 283 miles, in one day, and were fortunate in finding good roads and fine weather during the entire journey. Miss Marie Hunter, who has been visiting with her sister, returned home with them. They report Mr. and Mrs. Bruer doing nicely in their western home, and all crops are looking good.

GREAT APPLIANCE FOR AUTOMOBILE SAFETY

One of the great needs of automobile appliances has been something that would make more certain the steering apparatus of the machines and for this purpose a new device has been put on the market, the "Irreversible Worm Steering Gear," which guards against the accidents that are frequently caused by the steering gear of a car getting out of commission at a critical time. The Worm Steering Gear is made especially for the Ford car and the Western Machine & Foundry company of this city is busy turning out this device. The Worm Gear is all ready to attach to the engine of a Ford and makes it much safer and lessens the chances of the car leaving the road as so often happens. This device will care for the operation of the steering apparatus and holds the car in the road all the time when traveling and takes away a large element of risk and danger that is so prevalent in auto driving. The price of these gears is only \$15 and they can be installed in three hours time and certainly add to the safety and pleasure of motoring with a Ford.

DEATH OF GEORGE EVERETT, A RESIDENT OF SOUTH BEND

This morning a message was received by County Clerk Frank Libershal from South Bend announcing that George Everett, one of the residents of that locality for a great many years, had been found dead in bed this morning and asking that the coroner be notified. The matter was turned over to County Attorney Cole, who, under the new law, is placed in charge of all inquests, and the death will be looked into. Mr. Everett has been in fairly good health and a very sudden attack of heart trouble. The deceased was a man of middle age.

Miss Teresa Hemple departed this afternoon for Omaha, where she was called by the illness of her sister, Mrs. Louise Kline, and who is to be operated on tomorrow morning at the St. Joseph hospital.

Dawson Will Fix It

VERY SNIDE BALL GAME ON SUNDAY

Umpire Seems to Have Been the
"Whole Cheese," and Fans
Disappointed.

The baseball game yesterday afternoon between Eagle and the Red Sox of this city was witnessed by a good sized crowd and was won by the Sox by the score of 3 to 1 in a rather uninteresting game. The chief diversion of the crowd was in baiting the umpire over the decisions made on bases, in which the visitors were called out three times at third and once at home base. Hay was on the mound for the Sox and held the visitors to six hits, and with eight strikeouts to his credit. For the Eagle team Ernest Trumble did the tossing and was touched for five hits and mowed down by the locals in striking them out. In the fielding line Grassman and Salsburg, of the Sox, were the chief stars of the game, while Salsburg was also active with the stick, securing a two-base hit in the opening inning.

In the first inning the Red Sox secured two runs. Beal, the first man up, was safe on an error by V. Trumble at the third sack; Salsburg then opened up the excitement with a two-bagger to the left garden on which Beal scored and Jeff later scored on a passed ball.

In the fourth inning the locals again registered when Herold was safe on the first sack on the error of Trimble, and was followed by Hay, who retired E. Trumble to Trimble. Mason was whiffed by the Eagle slabsman and Herold registered on the three-bagger of Edwards, the hard-hitting third sacker of the Sox. Caldwell closed the inning by a grounder, pitcher to first base.

In the eighth inning the Eagle aggregation annexed their lonely tally of the game. Caddy was safe at first on the error of Grassman. Ax and W. Trumble were both struck out by Hay, E. Trumble then rapped a safe one to center, advancing Caddy, and on the two-base hit of V. Trumble Caddy registered.

The Eagle team is one composed of perfect gentlemen and their conduct on the field was all that could be asked, with no protesting or kicking on their part, although there was plenty of cause for them to protest loud and long over the handling of the game.

SOME FINE IMPROVEMENTS.

From Saturday's Daily.
The millinery store of Mrs. Emma Pease on North Sixth street, is being given several improvements in the interior of the store. A large and commodious balcony has been built in the room, and this will be occupied by the beauty parlor of the store, and is equipped in an up-to-date manner for this purpose. Several new counters and show cases are to be added to the store room, which makes a great improvement. Beneath the balcony the trimming room will be located, where the preparation of the hats will be looked after by the expert milliners, and taken as a whole, the changes in the store make it much more convenient.

A National Shock Absorber

Do you remember any period in which our country has been subjected to so many anxious moments as during the past two years?

Can there be any doubt that confidence in the Federal Reserve Banking System as a national shock absorber has contributed largely to the tranquility of business and banking during these tense months?

If you appreciate what this new nation-wide system has been doing for you, you can support it and add to its strength by promptly becoming one of our depositors.
