THE PLAIN TRUTH

What More Can Plattsburgh People Ask?

When well-known residents and highly-respected people of Plattsburgh make such statements as the following, it must carry conviction to every reader:

Louis Kroehler, proprietor hardware store, 521 Main St., Plattsburgh, says: "About a year ago, I had a pain in my back. I was so lame I couldn't stoop. My kidneys were weak and I had a tired, languid feeling nearly all the time. Headaches were common. I bought Doan's Kidney Pills from Edward Rynott & Co.'s Drug Store and they soon relieved me." (Statement given April 10, 1912.)

On February 22, 1916, Mr. Kroehler said: "I still hold the same high estimation of Doan's Kidney Pills as when I first endorsed them. It has been several years since I have had to take a kidney medicine."

Frank Gobelman, Sixth St. Hotel Riley Block

expect to be gone about two weeks. Dr. L. F. Polk, who recently sold his farm east of Louisville to Group Brothers, has purchased a new bungalow in Lincoln near the state farm and expects to move his family there some time this winter.

Frank Nichols received word this week of the death of his uncle, August Leeding, at the home of relatives in Rockyford, Colorado, following an operation. He was buried at Boone, Iowa. Mr. Leeding has lived with Mr. Nichols and family at various times in years past and is well known by Louisville people who will be sorry to learn of his death.

John Bauer, of Pipestone, Minnesota, a former resident of Louisville, accompanied by his son-in-law and daughter, Mr. and Mrs. W. H. Thies and their three children arrived last week to visit relatives and old time friends. Mr. Bauer left Louisville twenty-one years ago. His wife was formerly Miss Sophia Colrush, who lived here over thirty years ago. Mr. Bauer has prospered in Minnesota and has changed very little since he left.

Mrs. Frank Trenholm and little son, William, arrived on Friday of last week from Wheatland, Wyoming, on a visit to the Dr. C. R. Trenholm family. Dr. and family drove to Lincoln to meet them and brought them down that evening.

H. W. Beaver, who about two years ago moved to Ft. Pierce, Fla., where he has a 40-acre fruit and truck farm returned to Nebraska last week and has joined his family at Bethany. He says that he has leased his farm and has come back to Nebraska to stay.

Guy Kimball received a bad scalp wound on Wednesday afternoon, when a pole fell from the top of a corn crib on the Herman Fleischman farm, where he was helping install a corn elevator. He is doing nicely under the doctor's care.

Frank Lorenz left on Tuesday morning for McCook, Nebraska, at which place he spent a short time. From there he went to Ft. Morgan, Colorado, where he expects to spend several months. He has been troubled with bronchial catarrh and is doing this in the hopes of receiving benefit.

Mr. and Mrs. A. H. Weichel were Lincoln visitors on last Friday afternoon. Mrs. Weichel has been having some trouble with one of her eyes, having gotten something in it and while there had a slight operation in order to extract the substance. The eye is somewhat better at present.

Wm. Minford some time ago purchased a quarter section of land near Moose Lake, Minnesota. He informs us that his farm will be looked after by his son-in-law, Ted Cordner and family, who will move there from Duluth. He says he is going to make farmers of his two husky little grandsons.

Miss Alta Schleifert visited relatives in Ashland from Friday until Monday.

Mr. and Mrs. John Schoeman drove to Millford Friday for a short visit with relatives.

Mrs. Virgil Haddon and her two children are visiting friends at Fremont this week.

Miss Ruth Jacobson, of Omaha, visited the home folks Sunday. She was accompanied by her friend, Miss May Murphy.

Mr. and Mrs. Theodore Wilcox and family returned home Monday night from a visit with friends at O'Neill and at Winslow.

Edward Eager returned home on Monday from his vacation, which he spent at O'Neill, visiting his daughter, Mrs. E. D. Mayfield and Mrs. Arthur Masters.

H. T. Wilson returned Friday from Kansas, where he went to look at his land. On Saturday, accompanied by his wife, he left for North Dakota, where his sister resides. They

once in a while that the wholesale displacement of horses by the automobile is not being submitted without a protest by these erstwhile indispensable quadrupeds. A pretty good example of this was experienced last Saturday by John Heebner, as he was driving along a road that men and teams were at work grading. Mr. Heebner drove too near one of the horses and it let fly with its hind feet and seemingly just to show what it thought of this usurping horseless carriage kicked the wind shield out of the car. No other damage was done to the car and Mr. Heebner proceeded on down the road unharmed in body even if he was a little perturbed in mind.

BILLY SUNDAY IS TO TALK ON LIBERTY LOAN

EVANGELIST TELEGRAPHS FOR "DOPE" AND WILL SPEND OCTOBER 22 TALKING IN BIG COAST CITIES.

Washington, Oct. 7.—A country-wide speaking campaign by well known orators, including former President Taft, William J. Bryan, members of the cabinet, and scores of other men prominent in public life, will feature the second week of the \$5,000,000,000 drive for the second Liberty loan, beginning tomorrow.

While Secretary McAdoo, on his swing to the Pacific coast, is speaking in Spokane tomorrow, Secretary Baker and Treasurer Burke will be addressed a mass meeting in Washington.

Mr. McAdoo will cover the coast and part of the southwest during the week. Various other speakers will be working their way out through the country to fill dates, and on Saturday night Mr. Taft will speak at a mass meeting in the Coliseum at Chicago.

Scores of members of both houses of congress will appear in their own states and districts and many will accept outside dates.

"Billy" Sunday has volunteered his services, telegraphed for "Liberty loan dope" and will speak at San Francisco, Oakland and Berkeley, Cal., on October 22.

"The west is enthusiastically for the loan," Secretary McAdoo telegraphed today from McIntosh, S. D., at the end of the first week of his campaign. He reported that the farmers, would get behind the loan strongly.

WAR INSURANCE BEGINS AT ONCE

McADOO ANNOUNCES THAT SOLDIERS' AND SAILORS' RISK BILL NEW EFFECTIVE.

Law Expected to Greatly Increase the Morale of the Army and Navy.

Washington, Oct. 7.—War insurance for America's soldiers and sailors and protection for their dependents will begin at once, Secretary McAdoo tonight, under the terms of the act signed by President Wilson today.

"It is the most humane and progressive measure introduced in congress since war was declared," said McAdoo, "because it deals fairly with the families of our soldiers and sailors and with our fighters themselves."

"It should heighten immeasurably the morale of our army and navy and the civil population back of them."

Administration of the war insurance act will be in the treasury department under a sub-division of the bureau of war risk insurance, which now issues policies on America's ocean going steamers and their crews.

Preparations for administering the law which provides for family allowances, compensations and life insurance were begun several months ago. Secretary McAdoo announced tonight that he has experts abroad studying European conditions.

"They have already preliminary reports."

"From now on," said McAdoo tonight, "men entering the army and navy and those who have already been drafted or volunteered will have the comforting assurance that their loved ones at home will not be dependent upon the chances of charity."

"America now fighting to re-establish justice and liberty throughout the world will begin to treat with adequate justice its own soldiers and sailors."

A. F. HUNGER DIES AT KANSAS CITY

Word was received here this morning of the death of Albert F. Hunger, who died at Kansas City, Mo., last night at the St. Joseph Hospital at that place. Mr. Hunger was fifty-four years of age, and for a number of years lived in this city, where he worked in the Burlington shops for a number of years, and later was engaged in the restaurant business for some time and then was engaged in farming afterwards, going to Missouri and later to Arkansas, where they lived at Oak Flatts. During the time which he lived in this city he suffered a stroke of paralysis from which he never recovered. He had been taken to the St. Joseph Hospital at Kansas City, some time since for treatment, and it was while he was there that he died. His daughter and her husband, Mr. and Mrs. August Bradley were to that place to see him some ten days since, staying nearly a week. He carried an insurance policy for \$1,000 in Modern Woodmen.

WILL LIVE AT MAGNET, UTAH.

Yesterday afternoon, Mr. and Mrs. Charles Hula, departed for the west where they will locate for the present at Magnet Utah, and will make their home there for the present. This is the home of Carl and Emil Droege, and their sister Mrs. Gale Connor. This is a mining town, and one of the liveliest, with much business and things moving. Emil Droege has built himself a home and is doing finely as are the others. Mr. Hula and wife will for the present make their home at this place. But how they will live will be determined as to how they like the place after having located there.

RECEIVED FINE AND COSTS.

Last Saturday afternoon, Mr. Kale Noel, the City Marshal of Weeping Water, brought to this city Robert McCleery, of that place, in an intoxicated condition, and when tried before Judge A. J. Beeson, received a fine and costs, amounting in all to \$22, which he paid, rather than give the name of the man who sold him the stuff.

\$10 WORTH OF FINE ALUMINUM WARE FREE! IF YOU BUY A COPPER-CLAD RANGE THIS WEEK!

"Free" means that this ware does not cost Copper-Clad buyers a single penny. It is a reward for buying while the Crank is here and is offered by him to justify you in attending this sale.

This ware is very substantial and just the kind you would select if buying for your own use. The 7-in-1 convertible cooker takes the place of seven different vessels, as shown by figures 1, 2, 3, 4, 5, 6 and 7. You can use this utensil in some form every day.

COPPER-CLAD WEEK Next Week—October 8th to 13th

No matter whether you want a range now or next year or any other time, it will pay you to come and see the Copper-Clad Crank make the Asbestos Sweat.

He takes any piece of asbestos, puts it between two iron plates—heats it—and shows you the sweat. You can roll it up in drops with your finger.

Every good range must be lined with asbestos to cage and hold the heat. Every time the range cools off the asbestos takes moisture out of the fresh air circulating through the range like a blotter takes up water. When you fire up, this moisture, driven by the heat to the outside against the cold range body starts Sweats Rust on the inside where you can't get at it even though you know it rusts. Sweat Rust ruins thousands and thousands of otherwise good ranges every year. When the body is gone, the range is done for.

The Copper-Clad Idea Is "A Sheet of Pure Copper Between the Asbestos and Range Body"

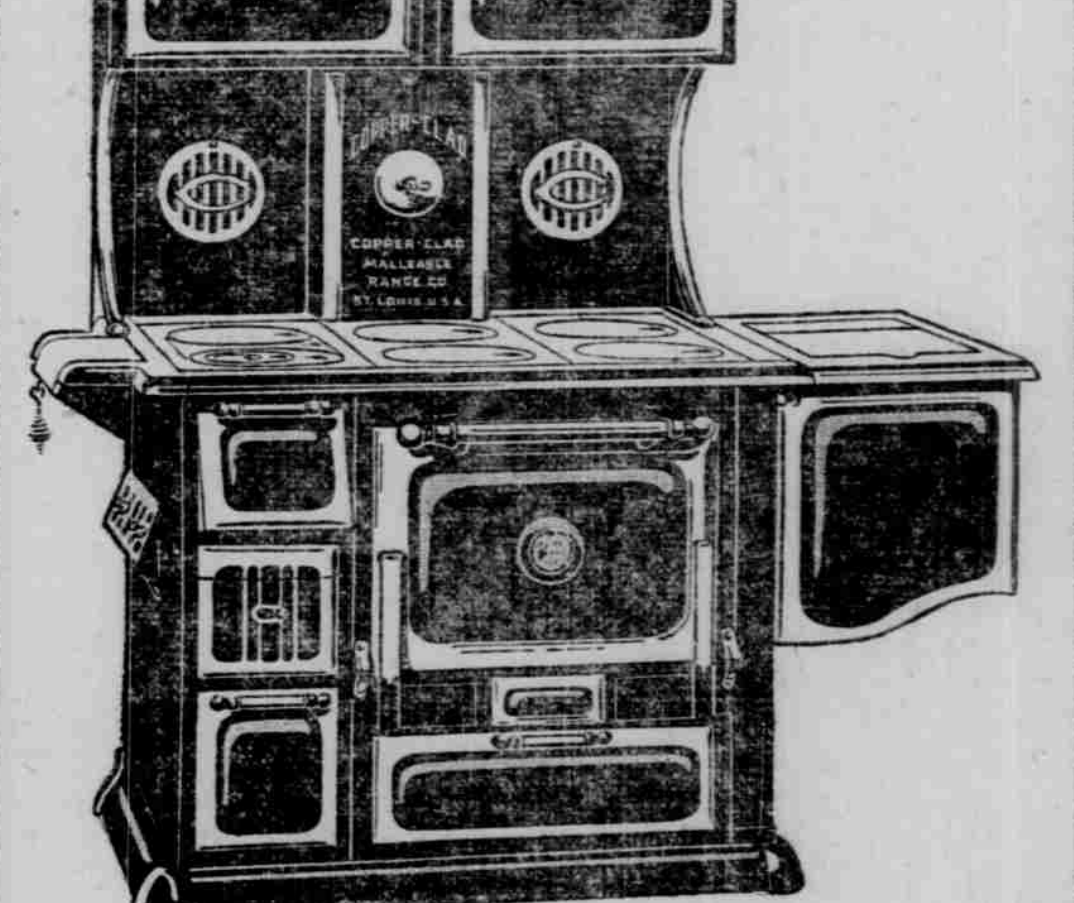

Copper never rusts. It may tarnish but it will last for centuries. There are Copper Domes that have been defying the elements for hundreds of years. So, when we say a "Copper-Clad can't rust out," we mean that the copper lining overcomes all internal rust. Your greasy rag will keep the outside free of rust—and there are no fussy ornaments full of rivets and bolts to skid your hands. The Copper-Clad wipes clean like a dish.

If these things are so—you should know it. Not by hearsay—but by the evidence of your own eyes. Remember, this Copper-Clad Crank is here to tell—to show—to explain. He delights in it. You won't "bother" him by asking questions. He has oodles of time to answer and he is here to "Show You."

THE RANGE BEAUTIFUL

The strikingly beautiful outlines of the Copper-Clad Range stops every woman. As she looks and admires, she finds that it is true beauty—the beauty of simple elegance and perfect proportions—of fine finish—the thoroughbred of the Range World.

Look for hinges on the above—two only on the oven door and they are long and smooth. There are six other doors, yet not a hinge in sight, not a catch, nor hook, nor latch. Built like fine automobiles, the hinges are all inside.
