PLAYGROUND EQUIPMENT FOR DISTRICT NO. NINE

School District No. 9 takes the lead in up-to-date playground and if you want to see a happy bunch of youngsters, just visit that school when they are out at play. Philip Horn and Philip Tritsch donated their services and put up a Giant Stride of the most approved style, also a fine slide. If any one doubts the value of these things on the school ground, just ask the teacher, Miss Mae Barker, what she thinks of them.

A few days ago a box social was held at this school, a part of the proceeds going to finish paying for this equipment, there being left a surplus of \$23. A splendid program was given by the school, which did credit to the teacher and pupils. Miss Barker also gave anyone who had not signed before a chance to sign the food cards and so do their bit to help the Government in the conservation of food. Miss Barker is just the kind of a teacher needed to help the boys and girls grow up into loyal, patriotic citizens—the kind

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use **Foley's Honey and Tar.** It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics. The prompt use of **Foley's Honey and Tar** is very helpful for whooping cough, and the restless feverish state that attends children's diseases. M. T. Davis, Beaverville, W. Va., writes: "One of my grandsons had a small child taken with croup. They came to my store and bought a bottle of **Foley's Honey and Tar** and before morning the child was entirely recovered." **"SOLD EVERYWHERE."**

every one should make it their personal duty to know they have.

This district has also erected, thanks to Mr. Horn and Mr. Jake Tritsch, a very neat and durable flag staff of gas pipe. It is 20 feet in height and is set in concrete that it may be there for a long time to come, and from whose height Old Glory may wave over the next generation.

Every morning when the weather permits, there is a flag raising and the children salute the flag like veterans, even to the tiniest tot of all. It is indeed an inspiring sight to see the little hands lifted in all reverence and hear from the lips of children soon to be men and women of tomorrow, and on whose shoulders great responsibility will rest, these words:

"I pledge allegiance to my flag and to the Republic for which it stands—one Nation indivisible, with Liberty and Justice for all."

All honor to the schoolma'ams throughout the country, who, having fitted themselves for their great work are conscientiously doing their duty in training our boys and girls, not alone in the three "R's" but for life—that they may become the best of men and women, the best of neighbors, the best of citizens and this country may be better than it has ever been in the past.

Who can say she is not doing as much as the man at the front? Let not the parents forget their duty.
