\$125.00 CLEARED FROM RED CROSS MARKET

From Monday's Daily.
From the returns in so far, the Red Cross will have \$125.00 to their account from proceeds of the market held on Saturday.

On account of the stormy weather the Committee in charge, hardly expected to clear more than \$50 or \$60—the average market bringing \$75, so far. So it goes to prove that people in general are growing more and more interested and generous in their donations to the Red Cross. The donation of a 50 lb. sack of flour from Mr. Heisel and a large live goose from Mrs. W. Cochenour helped swell the fund most materially.

The proceeds from the market will go toward the knitting fund to keep the 275 knitters busy through the summer months.

The Red Cross wish to express its appreciation to the Committee of ladies who had charge of the market and made it such a success.

In passing it may be added that these markets are conducted with no expense whatever, so that every dollar made is clear.

It is hoped that the public will continue in their generous giving to help care for our brave boys who are giving up their lives for us.

The ladies who had charge were: Miss Mathilde Vallery, Mrs. Frank Gobelman, Mrs. J. W. Bookmeyer, Mrs. Emmons Ptak, Mrs. John Bajek, Mrs. P. C. Minor, Mrs. H. G. Goos.

HERMAN HOUGH MAKES AN EXCELLENT RECORD
From Monday's Daily.
Herman Hough, the rural carrier on route number one running out of this city, has made a good record on his route with his car. During seven months and fifteen days in which he did not miss a trip with his car, he drove 7,500 miles, and during the time consumed five hundred gallons of gasoline, making an average of fifteen miles per gallon.
In all this time he had no engine trouble and no work was done on his car with the exception of grinding the valves once himself. The car is two years old, and this looks like a good record, more especially when you stop to consider the condition of the roads on his route, which are pretty hilly.
