

WHAT IS KAISERISM BUT SELFISHNESS?

AS THE MATTER APPEARS TO A CORRESPONDENT OF THIS PAPER—HIS IDEAS REGARDING WHEAT PRICES.

From Tuesday's Daily. What is Kaiserism? Is it not wanting world power? What is wanting world power, but selfishness? What is selfishness but wanting everything and giving nothing? It looks a little like we are Kaiserites here at home. We have men (I shall say men), that are not satisfied with the price of wheat at \$2.00 per bushel. They say it is not enough, claiming it is too cheap according to other things. In God's name why do they not ask that other things be lowered in comparison to wheat. We have a great many poor people, do they not need some consideration. I know of plenty of farmers who say wheat is too high now; and the government should put the price of corn to 50 cents per bushel so the poor people could live.

Oh! You say we cannot feed the high priced corn and make anything out of it. But you do not ask the high price of corn to be lowered. Oh no, that would hurt the producers. I have farmed for fifty years and I have to say if a man can not make a good living getting \$2.00 per bushel for wheat, 50 cents for corn, \$10 per hundred for hogs \$8.00 per hundred for cattle, he ought to starve.

I have raised wheat at sixty cents per bushel, corn for fifteen cents, fed cattle and hogs, selling them both for three dollars per hundred and prospered. Now we are getting over three times 60 cents for the wheat, 10 times 15 cents for the corn, 4 times \$2.00 for the cattle and 5 times \$3.00 for the hogs and still not satisfied.

It is claimed that farm implements cost more, which we admit that is true, but they last you for ten years if cared for. Stop and think, are we living just for self? If we are we had just as well not live. We are down on Kaiserism, but let us be careful, lest we have a little of it ourselves. We have the best government the sun ever shone upon, we claim to be a Christian Nation, what does that mean, but followers of Christ, and what does that mean, but living for the good of others?

In place of that I am sorry to say, we have men who can see nothing but DOLLARS, DOLLARS, DOLLARS. "What shall it profit a man if he shall gain the whole world and lose his own soul." Jesus came that

THE GOVERNMENT AND THE LOYAL MAN GO TOGETHER

THE NEED IS A MAN FOR THE HOUR, AND FOR THE SOLUTION OF ITS PROBLEMS.

From Monday's Daily. Just at this time we are in the place where it requires men of high standing and with a purpose which cannot be diverted by some ones flattery, or connivance. The country is made up of men, who have the principle, and will do the things which appeals to them as right, and are not looking for gallery applaudments. There are some men who with a selfish aim in view, are trying to turn the trend of public sentiment to their betterment, and which by the wave of popular feeling seem to be doing. But the true man and true American no matter what his precedence may have been, whether German or what not, will stand by the proposition which is right and just.

WOULD MAKE PLATTS-MOUTH BRANCH OFFICE

From Tuesday's Daily. R. F. Smith, who is a special auditor for the "Freight Audit Company" having offices in Chicago, whose business it is to audit freight bills to which have been applied the wrong rating or classification, and to adjust freight claims. As traffic consulting manager they handle interstate commerce complaints. Mr. Smith said the company had in mind the establishing of a branch office in the west which would be just outside of Omaha, and which was to cover the territory extending both sides of the river. In the office which they are desiring to establish, there would be at the beginning but about twelve or fifteen people employed, perhaps the major portion of them lady clerks, with probably four or five men. Besides there would be solicitors which would make their headquarters, and to this place they would send their bills for auditing and adjustment. Mr. Smith is at this time taking the matter up with his company regarding making Plattsmouth that branch station in their work.

DO NOT WANT SHIP WORKERS NOW

From Tuesday's Daily. The National Council of Defense has sent out speakers to explain to those agencies which are working for the recruiting of workers for the ship building campaign, that the workers are not wanted now, but that they are to keep their present places and be ready when called. At this time there no provisions for carrying for the workers, as places have to be provided for them to stay, and there in most of the places no provision for their housing.

HAS MOVED TO LOUISVILLE.

From Tuesday's Daily. Last evening Lee Cole and wife who have made their home southwest of this city near Mynard, since beginning to operate a farm for himself are moving to near Louisville, where they will farm in the future. This is a nice family, and will make a good accession to the community where they shall move. We of course shall miss them here, but what is our loss will be the gain of Louisville.

BUYS A NEW AUTOMOBILE.

THE GOVERNMENT AND THE LOYAL MAN GO TOGETHER

THE NEED IS A MAN FOR THE HOUR, AND FOR THE SOLUTION OF ITS PROBLEMS.

From Monday's Daily. Just at this time we are in the place where it requires men of high standing and with a purpose which cannot be diverted by some ones flattery, or connivance. The country is made up of men, who have the principle, and will do the things which appeals to them as right, and are not looking for gallery applaudments. There are some men who with a selfish aim in view, are trying to turn the trend of public sentiment to their betterment, and which by the wave of popular feeling seem to be doing. But the true man and true American no matter what his precedence may have been, whether German or what not, will stand by the proposition which is right and just.

Two thousand years ago, Christ was searching for men that had the stuff in them, and found them in the little band of disciples which surrounded him. True one was a traitor, and we have traitors here now, whose night will be as black as that of Judas. There is only one way and that is the one which points to loyalty, to principle, to right and to your country.

The poet has told in his way the kind of men we are needing, and let us say we are getting too. We have some of the other kind too, but they are being sifted and will find their real level in a time not far distant. "God give us men! The time demands. Strong minds, great hearts, true faith and willing hands. Men whom the lust of office does not kill; Men whom the spoils of office can not buy; Men who possess opinions and a will; Men who have honor; men who will not lie; Men who can stand before a dena-

gogue And damn his treacherous flatteries without winking; Tall men, sur-crowned, who live above the fog; In public duty and in private thinking."

The honest man is said to be the noblest work of God, but the one who you cannot depend on is worse than no man at all.

THE AMERICAN RED CROSS.

From Tuesday's Daily. To the Teachers of the Nation: The enclosed "Call to the Colors" was written by Mrs. Mary C. C. Bradford, President of the National Educational Association.

Mrs. Bradford says in it that the present campaign for enrollment in the Junior Red Cross (February 12 to 22) is the teacher's opportunity for service to the Nation. She believes that the teachers will back this movement and that all the children will be interested in it if teachers and school authorities do their part.

Will you see that the children have a chance to enroll for service? Will you see that your local Red Cross Chapter or branch Chapter selects a School Committee and organizes the schools for service? You can do it. No one else can.

EDWIN G. COOLEY, Director Junior Membership and School Activities, Central Division.

"A Call to the Colors" to the Public School Teachers of the United States:

You are hereby called to the Colors of the American Republic. The teaching force of the United States is summoned to serve anew in the great world crisis that is at hand. The war for human freedom cannot be won unless the army of soldiers of the common good—the public army—gives the fullest measure of sacrifice and service. Still more important, a new and fairer civilization will not take the place of the one that has broken down under the stress of conflict unless the molders of the soul-stuff of the world—teachers—dedicate themselves afresh to the mighty task of rebuilding the national institutions as an expression of the highest ideal of humanity.

The schools are the laboratory of good citizenship. The children are little citizens and must be guided in their present experience as will make certain their future dedication to the welfare of the Republic. The Junior Membership of the Red Cross, through the School Auxiliary, offers an unsurpassable medium through which the patriotic activities of the children can make themselves felt. Beginning with Lincoln's Birthday and lasting until Washington's Birthday, a nation-wide effort is to
