

THE SHIPBUILDING PROPOSITION AND WHAT IT MEANS

THE SHIP BUILDING PROPOSITION REQUIRES AS MUCH PATRIOTISM AS THE ARMY.

Many Skilled Workmen Now Needed to Register and Wait for Their Call.

From Wednesday's Daily. The matter of the registration for service in the ship yards is a matter of great importance, the Four Minute Men, which is comprised of 20,000 speakers in nearly four thousand towns and cities, are doing their best to explain and spread the idea which the government has in mind in the call for workers for the ship yards.

The men are not wanted at this time but will probably be needed in about sixty days or a little before the first of May. The three huge government yards will be in readiness with materials and the money ready for the beginning of the active campaign of real ship building.

No one can deny but that the submarine is sinking lots of ships, and the only way when they are being sunk, is to stop the sinking or building the shipping more rapidly than the sinking goes on.

The ship building is now being conducted along the line of one eight hour per day shift and six days per week. The idea is when the ship yards are completed to have three shifts of eight hours each and fifty-two weeks in the year. This should make the production more than four times as much as what is being done at this time.

The government is now calling for 286,000 men for this work.

The wages will be good and you will have a good place to work, and can do your bit there just as well as anywhere else. Now all who can work at this, make it a point to register as soon as you can, so that your government will know where you are, also where they are, for it is a matter of the war continues past this present summer that this is one of the great factors which is

to win the war. Our army in Europe have to be fed, and have to be fed from this side of the Atlantic. Do not let these boys whom we have sent over there to save humanity go hungry, or be found without ample munitions and war supplies that they may have an opportunity to fight when they have to fight, do not let us who can work, be in the position of not supplying them with what is needed. It does look a little cowardly don't it.

The idea of the government is to build during this year eight times the tonnage which was constructed during the year 1916, and to do this everyone who can do his part in this program will of necessity have to get to it and at once. Go register and then the sooner the government knows where you are and what you can do, the sooner it can get you into effective service as a builder of shipping.

HAVE JOINED THE CANADIAN ARMY

From Wednesday's Daily. Yesterday Henry G. Soennichsen and Major Arries went to Omaha and there joined the Canadian army, and will go to Canada and from there to the service. Henry Soennichsen, was for a number of months at Camp Cody, and after having been discharged on account of his feet being broken down, came home and hoped to be allowed to go to the service when the second draft was called, but receiving but slight hopes that he would be able to pass, concluded to join the Canadian Army. Likewise, Major Arries who has enlisted in the Aviation corps, was sent to Ft. Logan, Colorado, and while there had the misfortune to receive a slight hernia, which disqualified him, and he was honorably discharged on account of the physical disability. He with Mr. Soennichsen have joined the Canadian army.

These boys will make excellent soldiers, and while slight physical deficiencies would not permit their passing they will make good, when it comes to all the functions of a soldier. Where they have been sent is not as yet known, but it is expected they will be heard from at an early date.

DEFECTIVE FLUE CAUSES FIRE.

From Wednesday's Daily. Last night at near eleven o'clock, the fire alarm sounded out in the shrieking gale, telling of a fire somewhere. Some ten people responded to the call, six firemen and four citizens, who found the fire at the extreme northern portion of the city, at the home of Byron Reed. The property is owned by C. H. Biggs, and is a two story and basement. A defective flue allowed the fire to get out in the upper room falling on the floor, and there igniting the boards of which the floor was composed. A hole was burned through the floor, and was extinguished before the hose cart could get there, as it was away out and was being dragged by the men. This looks like that fire truck was needed which the firemen have been asking for. The fire did little damage.

U. S. AND CANADA IN DRAFT TREATY

COMPLETE ARRANGEMENTS FOR IMPRESSING CITIZENS INTO SERVICE.

Residents of One Living in Other Subject to Military Rules in Regard to the Draft.

Washington, Feb. 19.—Treaties between the United States and Great Britain and the United States and Canada to govern the application of the army draft to citizens of each country, residing in the other, were sent to the senate today by Secretary Lansing. They were signed by Mr. Lansing and Earl Reading, who affixed his signature to the documents as his first official act in the office of British high commissioner and special ambassador to the United States.

Under the treaties the United States may apply the draft law to British subjects and Canadians living in this country between the ages of 20 and 45 years, the British draft limits, while Great Britain and Canada may draft resident citizens of the United States from 21 to 31.

Similar conventions are now being negotiated by the State department with other belligerent nations.

By the enforcement of the American-British treaty it is expected more than 250,000 men in this country will be made liable to service while at least 60,000 will be affected by the American-Canadian treaty.

Estimates place the number of draft age Americans in England at approximately 18,000 and in Canada at about 38,000.

ARMENIAN FUND BOXES ROBBED

From Wednesday's Daily. At the Central High School and the Columbian buildings all that have been maintained boxes for the deposit of pennies, nickels and the like, by the children for the Armenian and Syrian relief funds, which when collected are sent to purchase food to keep these people from starving. During the past few days the boxes have been robbed, and the contents which has aggregated about twelve dollars stolen. When one has gotten so low as to steal the contributions of children for the purpose of feeding the starving people, like in this instance, it looks like they are about the "lowest notch on the stick."

Watch is being maintained and the culprit when found will be dealt with in a manner becoming to his offense.

GOES TO SEE HIS BROTHER.

From Wednesday's Daily. Last night on the late Burlington train, Webster Warthen departed for Camp Cody, near Deming, New Mexico, where he goes to see his brother Percy Warthen, who is sick at that place. Percy who is a member of the army at that place has been in the hospital for some time and just lately underwent an operation for removal of an abscess from near his ear, which was an internal one and required a delicate operation. Since the operation messages have come saying that he was some better.

He has been transferred from there to Lincoln, and will run out of that place in the future. Mr. and Mrs. Bruhl were in the city last evening, they now moving to Lincoln, departing this morning for their new home.

WILL WORK WITH O. K. GARAGE

From Wednesday's Daily. Will Mutchelott, who is an auto mechanic, who has just returned from a visit at Chicago, where he was the guest of his brother, Herman Mutchelott, who is a credit man in the Armour & Co's packing house. Mr. Will Mutchelott will work for the O. K. Garage in this city as soon as the workmen who are still busy on the building can get along with the work enough to permit of room for more workmen than they now have.

PERCY WARTHAN SOME BETTER.

From Wednesday's Daily. A message from Lieut. Cook, is to the effect that Percy Warthan who was operated upon at Camp Cody, a few days since is showing some improvement, though but slight, is a basis of hope that the improvement will continue and that he will soon be much better.

INJURED LAST NIGHT AT LINCOLN, NEB.

From Wednesday's Daily. Last evening Mrs. Julia Rynott received a telephone message from her brother, Frank Thomas who is employed as a foreman in the Northwestern shops at that place, stating that he had received an injury, of a serious character, while at his work. The hurt was internal, and this morning Mrs. Rynott departed on the first train for Lincoln to see if she could do anything for the relief and assistance of her brother.

RAIL HEADS DENY EFFORTS TO SLUR U. S. OPPOSITION

CHARGES MADE BY BROTHERHOOD CHIEFS DECLARED FALSE; WAGE INCREASES GRANTED AS OFTEN AS POSSIBLE.

Washington, Feb. 19.—Cognizance of charges by railroad employees that the managements have attempted to discredit government operation was taken today by officials continuing their submission of information to the railroad wage commission. E. T. Whiter of Pittsburgh, assistant general manager of the Pennsylvania lines west, in effect, denied the allegations of the brotherhood chiefs. "It was charged that we put an inefficient yardmaster in charge at Alliance, O., resulting in serious delays," Mr. Whiter said. "There have been a number of changes in yardmasters there and I do not know which one was referred to, but if the commission desires further information we will aid them in obtaining it."

Commissioner Covington said he did not think the commission could take the time to sift an isolated case. As to slowing up traffic, which also is charged, the witness continued, "that would not be possible without issuing orders to train dispatchers, and I believe the commission has had sufficient evidence from the dispatchers themselves to convince you that was not done."

Mr. Whiter was one of six officials who today presented statistics as to wage increases and working conditions on their individual systems. The others were J. T. Latimer, Chicago, Burlington & Quincy; F. G. Nicholson, Chicago & Eastern Illinois; C. H. Niemeyer, Pennsylvania lines east; E. L. King, Southern Pacific; and E. C. Willis, Missouri Pacific.

Scarcity of labor was reported by several officials.

All of the officials denied claims that promotions for railroad employees is slow, so that a man's chance to obtain better pay by advancing in grade is small. Most of them spoke of their own experiences, all having started in minor positions.

Wages increases were declared to have been as frequent as the roads' resources permitted.

PRETTY BUSY THESE DAYS.

From Wednesday's Daily. Thomas Walling and son Robert are kept pretty busy these days on account of the numerous transfers of real estate, requiring a large number of abstracts of title. They are putting in every minute and making all their time count in order to get the work out in time for the people who are demanding it.

UNDERGOES ANOTHER OPERATION AT OMAHA

From Wednesday's Daily. Mrs. Clyde Boroff of Carson, Iowa, daughter of Mr. and Mrs. A. W. Smith, arrived here from Omaha, where she underwent another operation for the removal of three pieces of bone from her cheek, caused by trouble arising from a bad tooth. This is the third operation which Mrs. Boroff has had to undergo for this trouble and which the physicians think will be the last. Mrs. Dunlap of Carson, a friend, accompanied her to Omaha and came with her here last evening. They are both stopping at the home of A. W. Smith.

WILL LUNCH WITH CARL HUMPHREY AND WIFE

From Wednesday's Daily. Mrs. Amelia Streight departed this morning for Omaha, where she will visit with friends and will attend a luncheon given by Mrs. Carl N. Humphrey of that city. Mr. Carl Humphrey who will be remembered as having been a boy here is now with the Standard Oil company in Omaha. Carl was located at Holdrege for some time, but some time since was taken from the district in which Holdrege is located and placed in the one comprising Omaha. This is a case of another Plattsmouth boy who has made good.

THE RED CROSS PIG.

From Wednesday's Daily. There were sure four very patriotic young men in attendance at the Fred Hild public sale last week, and they were A. W. Leonard, John Vallery, Guy Kiser and Grover Will, and they went "over the top" in displaying their appreciation of the good work now being done by the Mynard Red Cross. The boys selected one of the fine pigs placed in the sale ring and bought it for \$57, donating it to the Mynard Red Cross, and the porker was placed into the ring again and sold for the benefit of the Red Cross, and advanced in value \$3.00, bringing \$60.00 the second time up, and the money was turned over to the Mynard Red Cross. Such acts of kindness and assistance makes the Red Cross work worth while, and the ladies of the Mynard chapter are very thankful for this financial aid in their work.

WILL BECOME AN ENGINEER.

From Wednesday's Daily. Carl Renner, who has been assisting at firing at the Burlington boiler house, during the night shift, departed last evening for Lincoln, where he is accepting a position as fireman on a locomotive for the Burlington, and will run out of Lincoln.

LAND BRINGS ONE FIFTY PER ACRE

From Wednesday's Daily. N. P. Petersen has just sold an eighty acre farm to Earl Nichols and others, which is the east half of the northwest quarter of section 27, township 12, range 9, for the sum of one hundred and fifty dollars per acre, the amount bringing twelve thousand dollars.

Worst Winter In Years.

Snow, wind and extreme cold caused more colds this winter than in years. Foley's Honey and Tar proved its worth in thousands of homes. Mrs. Edward Strevey, R. 37, Clinton, O., says: "I think Foley's Honey and Tar is the only medicine for coughs and colds and recommend it highly." Fine for children. Sold everywhere.

The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of Foley's Honey and Tar at bed time. It wards off croup, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

BROWNSVILLE, TEXAS. Mr. Chas. Baker, writes: "My wife would not think of using any other cough medicine, as Foley's Honey and Tar is certain to bring quick relief. It is especially effective in cases of bad coughs, and we give it to our children and recommend it always as a safe remedy, for it contains no opiates."

"SOLD EVERYWHERE."
