Thrift Stamps--

The war is costing the United States \$1,000,000 an hour. To offset this steady and tremendous drain upon the nation's cash resources, there must be a corresponding stream of dollars flowing into the national treasury.

Thrift stamps and war savings stamps offer the people an opportunity to deposit their daily, weekly or monthly savings with the government.

In return the government will repay the principal with 4 per cent interest, compounded quarterly. As an example of how the investor's money will grow, sixteen war savings stamps, costing 25 cents each, or \$4.00 in all, with 12 cents added, will entitle the depositor to \$5.00 on January 1, 1923.

As an investment, safety considered, there is nothing better on the market today. All the resources of the richest government on earth are behind the stamps.

Mrs. O. A. Davis and Mrs. E. S. Tutt were county seat visitors Tuesday afternoon.

There are more new books at the library. Read your favorite book before the spring work starts.

The Oldham Stock Farm shipped another extra good male hog to the western part of Nebraska Tuesday.

Mrs. Wm. Brown departed for her home in Canada Monday, after a few days visit with friends and relatives in and near the old home.

Mr. and Mrs. Walt Reed have returned to their home in Plattsmouth after a few days visit with Mrs. Reed's parents, Mr. and Mrs. McReynolds.

C. M. Good has sold his blacksmith business in Murray to Walt Aument, of Omaha, and the new owner has already taken charge. The work has been too heavy for Mr. Good, and his health conditions demanded a change of climate. He expects to move to Colorado in the very near future. Mr. Aument, the new blacksmith comes to Murray well recommended, and is an excellent mechanic in every sense of the term. He will no doubt continue the business on a prosperous basis.

MURRAY HAS ANOTHER FIRE.

Yesterday great excitement prevailed in the city of Murray for some two hours, while the citizens were fighting the fire fiend, in their endeavor to save the First Congregational church from burning.

Seized with the spirit of the springtime, and wishing to assist nature in her donning of her new robes, J. W. Edmonds thought he would add by trimming his ever-green trees and burning the brush, so he did so. The sparks soaring high, settled upon the roof of the church building, and the roof was set afire. The whole town was immediately at the scene, and doing all in their power to put the fire out, one man went up the ladder and said it was no use but L. H. Puls mounting the ladder with pail of water dashed it over the blaze, and receiving encouragement from the effects of this single pail of water, more was dashed upon the flames, and this enabled the workers to pull off the shingles so that the spread of the fire could be retarded, and after some heroic efforts the work was rewarded by the extinguishing of the fire. Much water was carried and used, with the result that the plastering was soaked, and much of it off, as well as much injury done otherwise from the water.

W. J. Phillipott unloaded a car of stock here last Saturday that were driven to his home for feeding. There were 30 head in the car.

Henrietta Creamer, who has been ill for the past few days, suffering with scarlet fever, is still very sick, suffering with mastoid abscess.

Will Brown arrived in Murray last Saturday from his home in Canada, being called here owing to the serious illness of his father.

Miss Pauline Oldham and Mrs. Craig were Plattsmouth visitors yesterday afternoon.

In Memory of Mary Creamer. Expressing the esteem in which she was held by her schoolmates and classmates. We shall meet, but we shall miss her. A friend and schoolmate dear, Altho angels above have called her, We would love to have her here.

Her place in the schoolroom is vacant. Her smiles and kind words are gone. But the deeds and kindness she has done. Will forever in our memory live on.

We loved her, yes we loved her, But angels loved her more, And they have sweetly called her To yonder shining shore.

And we hope that when our journey thru this life has been complete, We again may meet and greet her, Under the Savior's judgment seat. —Written by one of her classmates.

Mrs. Poedeker Returns Home. A. E. Opp, from near Nehawka, and Mrs. Elmer Poedeker, his sister, from near DuBois, Wyoming, were visiting with county seat friends for a few hours Monday afternoon, and while here called at the Journal office for a brief visit.

Mrs. Poedeker has been visiting with home folks in and near Nehawka and Murray for the past few weeks, and departed for her home in DuBois, Tuesday. She has many friends in the community where she has resided most all her life, who always welcome her back to the old home in Cass county.

YESTERDAY, TODAY AND TOMORROW

Everybody has a pleasant remembrance of a remedy which helped him yesterday. He knows that it will help him today or to-morrow, if the trouble should reappear. Mr. John Zlatohavek, Dysart, Ia., annexed to his order of February 2, 1918, the following remark: "Sixteen years ago when I went through a serious sickness of more than six weeks in New York, Triner's American Elixir of Bitter Wine recovered me almost instantly. Therefore I have again recourse to Triner's remedies." Triner's American Elixir never fails to help in constipation, indigestion, flatulence, headaches, insomnia, nervousness, general debility, etc. Mr. Frank Lycka wrote us from Lansing, Mich., Feb. 14, 1918: "I recommend Triner's American Elixir of Bitter Wine to all my fellow-countrymen." After a trial you will do the same. Price \$1.10. At drug stores. Triner's Linctum has no equal for rheumatism, neuralgia, lumbago, sprains, swellings, etc. Price 25 and 50c at drug stores, by mail 45 and 75c. Joseph Triner Company, Mfg., Chemists, 1333-1343 S. Ashland Ave., Chicago, Ill.

ELEVATOR BURNS AT EARLY HOUR TODAY

The middle elevator at Murray known as the Mont Robb Elevator, and owned by the Jones Grain Company of Nebraska City, was burned to the ground this morning consuming 4,000 bushels of corn stored therein, 700 bushels of wheat and some other grains. It is not known how the fire started, but was discovered burning at about six o'clock this morning and with a stiff breeze, was soon consumed. The loss for the building, which was old but in good condition, with the contents was from twelve to fifteen thousand dollars. The elevator was operated by

the owners and D. J. Pitman of Murray was the manager. The Jones Grain Company have another elevator at the place, and will be able to care for the business just the same as if this one had not burned. The loss of the grain, which is needed just at the time, and the building falls heavily upon the owners and it is not known whether they have it insured, and if so how much is being carried. Just now no idea has been put forth as to the origin of the fire.

DEPARTED THIS MORNING FOR FT. LOGAN, COLO.

From Monday's Daily.

Robert Walling who has been accepted in the aerial division of the army departed this morning for Ft. Logan, Colorado, for a short time and from there to some point in Texas, where he goes into training as a member of Uncle Sam's fighting force in the army.

Robert is a fine young man, a fine specimen of physical manhood as well and should make an ideal man in the army, which we are sure he will do.

A NEW BABY.

From Monday's Daily.

Mr. and Mrs. Ray Hitchman are rejoicing over a new baby boy, which arrived at their home Sunday morning, March 10th. Mother and little son are getting along very nicely, while Brownie is the happiest man in this town and is wearing the smile that won't come off. Mr. and Mrs. C. N. Beverage too, are very happy over the arrival of the little grandson.

ARE SELECTED AS SPECIAL ENGINEERS CORPS

From Monday's Daily.

At Camp Funston one hundred and twenty of the selectmen have been chosen to form a special Engineers corps, of experienced railroad men and of this number but two of Cass County were taken, they being Anton Rys and Clifford Forbes. They are to be transferred elsewhere from Camp Funston, and will go soon. Mrs. Anna and Josephine Rys has expected to depart for Camp Funston via the Union Pacific, and arrive at Army City in the morning going via the Burlington to Kansas City and arriving at Army City which is Camp Funston at two p. m. yesterday (Sunday).

THE WAR SUMMARIZED

Secretary of War Baker, the first American cabinet officer to visit Europe in any official capacity since the United States entered the war, is now in France for conferences with General Pershing and an inspection of the American troops and the positions they occupy on the front between Soissons and Abasco. The secretary's mission is purely military and has no diplomatic significance.

On board an American cruiser, Secretary Baker and his party eluded German submarines and arrived yesterday at a French seaport, whence he departed for Paris. After a few days in the French capital, where he probably will meet President Poincare and Premier Clemenceau, the secretary will visit the American troops in the field.

Increased activity, especially in the artillery on the western front has not yet resulted in any determined attack by either of the opposing forces. The Germans are more active on the British and Belgian fronts than elsewhere. Near Kippe, in Flanders, the Belgians have driven the enemy from parts of trenches he took several days ago.

Recent German attacks on the British lines in the Ypres area were checked through British knowledge of enemy plans gained from deserters and prisoners. The enemy intended to take important positions south of Houtholst forest but heavy British artillery fire prevented a major effort and the strong British defense threw back the strong local attacks the Germans carried out.

On the American sector northwest of Toul the artillery and aerial activity has increased. American gunners have shelled effectively various enemy targets opposite the American trenches. The German reply was without result. German airplanes have attacked American trenches with machine gunfire, while French gunners within the American lines.

Progress is being made by the British armies in Mesopotamia and Palestine. Eighty miles west of Baghdad on the Euphrates river, the British have occupied Hit, the Turks retiring without opposition. Advancing northward in Palestine, General Allenby's forces have gained ground immediately west of the Jordan and along both sides of the Jerusalem-Nablus road. The Turks resisted strongly in both places. In the Jerusalem-Nablus road the British advance was two or three miles on a front of thirteen miles.

AND WHAT IT MEANS TO YOU!

You Can Avoid Costly Buying Mistakes

Instead of Buying Blindly from Pictures in a Catalog You Can See the Real Implement Before You Buy.

This is the best year you ever saw to buy good implements, and the worst year you ever saw to buy poor ones.

Crop prices are sure to be high. All that you will have to do to make big money will be to raise big crops. And getting big crops will depend largely upon the kind of implements you use.

You can't afford to risk any implement uncertainty. Inferior implements will mean the loss of the extra bushels and extra tons that the use of good implements gives. Remember, the extra bushels and extra tons will mean a lot this year—much more than enough to pay for good implements.

See before you buy. Be sure that an implement is what you want before you let it work for you. Avoid the expensive delays of sending an unsatisfactory implement back to some distant concern and getting in exchange another of unknown quality.

Our service prevents costly buying mistakes on your part. You can come to our store, take full advantage of our stock—study the implements, get fully acquainted with their every feature, and buy judiciously.

That way of buying will help you get the most from the big year that is coming.

Drop in the next time you are in town and see our stock.

PLEDGE OF AID GIVEN TO HAPLESS RUSSIA

Washington, March 12.—On the eve of the gathering at Moscow of the Russian congress of soviets, which is to pass judgment on the German-made peace, accepted by the bolshevik at Brest-Litovsk, President Wilson has sent a message of sympathy to the Russian people thru the congress, with a pledge that the United States will avail itself of every opportunity to aid them in driving out autocracy and restoring Russia to her place in the world with complete sovereignty and independence.

The United States now recognizes no government in Russia, but the president called his message to the American consul at Moscow for delivery tomorrow to the congress, which is made up of soldiers' and workmen's representatives and speaks for at least a considerable part of the Russian people. The message, made public tonight by the state department, was as follows:

"May I not take advantage of the meeting of the congress of the soviets to express the sincere sympathy which the people of the United States feel for the Russian people at this moment when the German power has been thrust in to interrupt and turn back the whole struggle for freedom and substitute the wishes of Germany for the purpose of the people of Russia. Altho the government of the United States is, unhappily, not now in a position to render, I beg to assure the people of Russia thru the congress that it will avail itself of every opportunity to secure for Russia once more complete sovereignty and independence in her own affairs and full restoration to her great role in the life of Europe and the modern world. The whole heart of the people of the United States is with the people of Russia in the attempt to free themselves forever from autocratic government and become the masters of their own life.

—WOODROW WILSON.

BURIED LAST WEEK AT HOME.

From Monday's Daily.

We are in receipt of a copy of the Clark County Courier, published at Clark, South Dakota, in which is an account of the death of George H. Galligan, a half brother of Miss Lelia and Mr. Lee Bennett, who have made their home in Plattsmouth during the past winter.

The body arrived at home on last Tuesday and was buried on Thursday. Lee Bennett, the half brother, has enlisted and gone to the service as a member of the coast artillery. Miss Lelia Bennett, his sister, will soon return to her home here.
