OVER THE COUNTY

NEHAWKA

Will Obernalte is getting along nicely after a severe case of blood poison.

Mrs. M. S. Harmon, of Avoca, visited a short time with her sister, Mrs. E. Kirkpatrick, Saturday.

Wm. Trotter and family autoed from Douglas, Neb., Sunday and spent the day with Mrs. Reynolds and Lovah.

Nehawka, which has just passed through a severe epidemic of the measles, is now slightly threatened with a run of scarlet fever or scarletina.

Mr. St. John went to Lincoln to meet Charley Royal, who came from Whitney for his car, which he left here a week ago. Mr. Royal left on Monday for his home at Whitney.

Those who shipped hogs this week were: Messrs. George Hansen, F. C. Schomaker, E. Schomaker, Delbert Switzer, Leo Switzer, Wunderlich and a number of others.

Joe Felthouser, who purchased the George Harshman farm recently, was up from Nebraska City Tuesday and Wednesday of this week, having some important and necessary improvements made on the place.

John Dale and Bill Hicks have moved in the goose business on ranches in east Nehawka. They set an old goose on 16 eggs and are counting on 16 goslings to 1 goose when hatching time comes. Hope they come nearer to the 16 to 1 realization than did Billy Bryan.

Mrs. Clara Allen was not permitted to take the Rural route carrier examination in Plattsmouth on March 22. The examination was for men only to serve as carriers. Mrs. Allen completed the deal Tuesday for a nice home in Plattsmouth to which place she will move in the near future.

EAGLE

Miss Luverne Polk, of Lincoln, spent the week-end with Miss Vivian Barrett. Mrs. Howard Mick, who was operating the Rural route carrier examination in Plattsmouth on March 22.

Poultry Wanted!

Hens 20c, Springs 20c, Broilers 1 1/4 to 2 lbs. per lb. 20c, Stags 18c, Ducks 18c, Geese 17c, Old Roosters 18c, Eggs 27c.

F. G. DAWSON

erated on last week for appendicitis, is improving in a satisfactory manner.

Thelma, the little daughter of Mr. and Mrs. Carl Price, has been quite seriously ill with pneumonia, but is reported better.

Mrs. Price is adding a two-story four-room addition to her residence opposite the postoffice, which will be occupied by Carl Price and family in the future.

Grant Standley and wife and Geo. Hoffmaster, who have been visiting here for the past two weeks, returned Monday to their home at Norton, Kansas.

Joe Allen has moved one-half mile north of Eagle, on the place that he bought of Dick Wenzel last fall, and is nicely situated now in his new location.

The early closing lid has been tilted in Eagle and hereafter the merchants will close at 8 instead of at 6:30 p. m., every night except Saturday, when there will be no limit, as one merchant puts it.

Mrs. Sarah Johnson, of near Alvo, was badly scalded about the face and shoulders week before last. In carrying a bucket of scalding water, she slipped and fell, the result being as above stated. She was enabled Tuesday to come to Dr. McCandless' office for treatment.

Bessie Hanks, thirty-three years old, died Tuesday morning at 10:30 o'clock in Lincoln. She was the wife of J. W. Hanks and leaves three children. Funeral services were held at 2 p. m. Thursday at the home, two miles north and one-half mile east of Eagle. Burial took place in the Alvo cemetery.

LOUISVILLE

Miss Celia Group, who is teaching school at Pilger, was home over last Sunday visiting her parents.

Little Billy Dolan Kahler is seriously ill with pneumonia and is under the care of a trained nurse.

Word comes from Drummond, Oklahoma, announcing the birth of a fine baby boy to Mr. and Mrs. Clark Metz. The Courier extends congratulations to the happy parents.

Mrs. William Anderson went to Prague Saturday to visit over Sunday with her daughter, Mrs. Earl Baum, who has charge of the Burlington station at that place.

Mrs. E. F. Pettis, of Lincoln, visited her sister, Mrs. Arthur Jones and family, in the country last week. She left for Omaha Saturday, where she met her two daughters for a day's shopping.

Richard Carlson, who recently moved to Clay Center, Kansas, came back the latter part of last week to get his car. He reports the family settled in their new home and feeling well satisfied with the change.

Elton Wilcox, of Camp Funston, visited with his mother, Mrs. Jack Schlater and family, and other relatives and friends last week. Speck makes a handsome soldier and is as brave and courageous as he is good looking.

Miss Dorothy Group, who recently finished a course in stenography, has accepted a position as instructor of the High school at Altus, Oklahoma.

C. J. Goebel was taken to the M. E. hospital in Omaha last Friday. Mr. Goebel has been suffering from ulcers of the stomach for some time and goes to the hospital to take treatment by a specialist. His sons, Harry and Freddie, went to Omaha Sunday to visit him.

John Sjogren has moved his family to a farm five miles west of

Weeping Water, and has purchased a new car so that they may visit their home folks in this vicinity frequently. One of their new neighbors over there is the C. C. Jackman family, also former residents of Louisville.

WEeping WATER

Republican

Six young men from the State University are spending their vacation in this vicinity in Civil Engineering practice.

James Miller, who underwent an operation at an Omaha hospital recently, has so far recovered that he could be brought home this week. John Bill purchased of D. M. Johnson the Norman Coon property on the south side occupied by Vern Wollen and family. The two families are changing places this week.

The first meeting of the newly organized Home Guard company on Monday night was a "hum dinger." Seventy men were out and had a good drill under the arc lights on the college square.

O. G. Cogizer sold his jewelry business last week to a Mr. George E. Ellis, of Peru, Neb., who will take possession of the business in the next thirty days or as soon as he can arrange affairs and get here.

R. C. Davis and family were moving Monday to the J. C. Jones acreage property. They have purchased it. Charley Gilmore and family will move this week into the property vacated by the Davis family, which Mr. Gilmore bought some time ago.

H. D. Reed drove to Lincoln Wednesday to meet his daughter, Helen, and Miss Olive Hitchman, who were coming home from Crete for the Easter vacation. They were accompanied from Lincoln by Grace Stalton, who was also coming home for the same occasion.

J. M. Tegarden recovered so nicely from his operation that he was able to return home Monday from the hospital at Omaha. He is not a well man yet but has made a steady gain with no set-backs at all, and was told that he would be just as well off at home as at the hospital.

Carl Ankersen, our jovial baker, met with an accident Sunday morning by stepping on a nail, which took the smile from his face and has kept him at home since suffering with pain. We hope he will soon be out again, as he is not only missed at his place of business, but among his many friends on the street as well.

W. H. Kikendall, of Eddyville, Neb., was visiting at the home of Mrs. John Hutchins from Saturday until this (Thursday) morning. While here, Mr. Kikendall bought the vacant lot of Mrs. Rosa Barnes' on the north side of the school campus, where he will erect a new bungalow, a modern home, which will be 32x32 feet ground floor.

Weeping Water school district went over the top as to its quota in the buying of War Savings and Thrift stamps. The meeting which was held at the school house Friday afternoon was largely attended by enthusiastic citizens of the school district, who were all anxious to see the quota raised which was very easily done, as well as boosted over the top several thousand dollars. Our apportionment was \$13,600 and the amount pledged was \$17,000. Cass county over-subscribed its quota by \$100,000.

Nebraska City, Neb. offers Timothy-Red Clover mixed, 20 per cent in weight is Red Clover Seed at \$5 per bushel. Ask for samples.

Mr. and Mrs. A. E. Satchell, from near Mynard, were in the city for a few hours last Saturday evening, and while here were pleasant callers at the Journal office. Bert will be a reader of the Daily Journal in the future, in place of the semi-weekly.

LETTER FROM THE DELCO LIGHT FACTORY

R. A. Bates, Plattsmouth, Neb. Friend Bob:

Am sending you under separate cover a program of the Delco Light convention together with some convention literature, song book, trip through the factory, etc., etc. Dayton is wonderful and "Delco" helps to make it so. Just think of a concern (The Domestic Engineering company) putting up the largest one story concrete building in this country for factory use and upon its completion turning it over to the U. S. government and in 90 days occupying quarters of even greater capacity, built and pushed along by that indomitable spirit of push which permeates the atmosphere around here.

I wish Bob you could have come along to Dayton, as it requires a professional pen to describe the largeness of every thing and everybody connected with this convention. Mr. Grant, the general manager, Col. Deeds, Boss Kettering, the big Dayton Eng. Lab. Co., the Delco starting and lighting concern, of which Mr. Kettering (the inventor of Delco starter and Delco Light) is president and Col. Deeds vice-president, the Domestic Engineering Co., makers of Delco Light, of which Col. Deeds is president and Kettering is vice-president and Mr. R. H. Grant the general manager, whose efficiency has made Delco Light the successful selling product it is.

Bob, it would do your patriotic heart good to see the number of aeroplanes Uncle Sam is getting from the plant built for Delco Light, but now making planes and parts for the famous Liberty motor, which was partly designed by Mr. Kettering, who designed and furnishes the ignition system. Henry Ford furnishes the crank shaft for this greatest and most powerfully efficient light weight engine ever made—so good that England, France and Italy are discarding their own designed aeroplanes as fast as they can to be replaced by Liberty motors. The above facts have been somewhat censored from the newspapers but are public secrets here.

Saturday night the convention closed with a banquet at the Miami hotel, attended by over six hundred guests. Among the speakers was James M. Cox, Ohio's brilliant governor, whom I'd like to try and persuade to give up his million dollar home near Dayton and come to Nebraska to help me and the Journal sell Delco Light in Cass county. He is some orator, and to hear him talk about the virtues of Delco Light and the necessity of having Delco Light on the farm, would, I am sure, persuade most any farmer to buy Delco Light at once, instead of putting it off to the indefinite after while as a good many intend doing.

Well, Bob, I'll see you in about a couple of weeks. Until then, with best regards to the Journal force and yourself.

Sincerely yours, ISY ROSENTHAL.

GERMANS PREPARE FOR AN ATTACK ON THE TOUL SECTOR

BUT AMERICAN COUNTER BARRAGE MADE THEM CHANGE THEIR MINDS

Enemy Artillery More Active Than Usual—Americans Respond.

With the American Army in France, March 28.—What promised to be a German attack on the American lines northwest of Toul yesterday morning was broken up by American artillery fire.

The enemy had heavily bombarded certain positions of the American lines and then had sent a sweeping barrage across No Man's Land. Enemy trench mortars, firing from the west of Riebecourt, started a box barrage and from enemy machine guns came a rain of bullets.

The American infantry emerged from their underground covers at the proper moment and advanced to meet the expected assault. Meanwhile, the American artillery had started a counter barrage against the German side of No Man's Land and apparently this was effective for, although the Americans waited, no Germans appeared. What happened on the other side of the line is not known.

Enemy artillery fire has been heavy and some shots were well placed. The American gunners gave the enemy batteries a severe drizzling with gas shells.

Unusual Activity. There has been extraordinary activity behind the enemy line and in his front trenches. The Germans also have moved their batteries suddenly and changed the direction of fire, and the artillery fire has increased.

The American guns in the past two nights have given most of their attention to the German positions where there is reason to believe the troops were being relieved. Probably much damage was done and the enemy artillery fire has been of a retaliatory nature.

American patrols entered the German lines last night at two points—near Riebecourt and near Remieres. One patrol picked up an officer who had been left behind on the previous night in front of the German positions where he remained all day yesterday obtaining information.

American 37 millimeter guns have broken up an enemy observation post by direct hits, demolished machine gun emplacements and deluged enemy dugouts.

Two new observation balloons have appeared behind the German lines. One is on the right of Beney and the other is near Woelle. Enemy cavalry has been seen for the first time, a number having passed along the road from Bouillonville to Panmes. The enemy artillery is now firing from positions at Lamaitresse, Ponce wood and southeast of Essey.

This morning an enemy balloon near Montsec fell to the ground. About the same time two airplanes, one carrying an American observer at the machine gun, chased off a German airplane, while anti-aircraft guns sent the other scurrying back to his own lines.

EGGS FOR SALE.

Single Comb White Leghorn eggs for hatching, \$5.00 per 100. Call Phone No. 2205. Mrs. A. E. Satchell, Plattsmouth, Neb. 4-1-1mowkly

C. S. Wheeler, of Lincoln, the instructor of air brakes for the C. B. & Q. railroad company, who was in the city last week, departed on Saturday afternoon for his home, going to spend Sunday with home folks.

Miss Lucia Haddon, who is attending school at the high school in this city, and making her home with Mr. and Mrs. W. A. Robertson, was a passenger last Saturday afternoon to her home at Louisville, where she spent Sunday with home folks and returned this morning to resume her school duties.

Mrs. Ralph Twiss, who has been in this city for the past two or three days of last week, coming with Mr. Twiss, when he was called to go to Camp Funston and staying with him until the time of his departure, departed Saturday afternoon for her home at Louisville.

Mrs. Andrew Kaufman departed last Saturday afternoon for Cedar Creek, where she goes to spend the Eastertide with her many friends at that place. While there she will be the guest of Mrs. Lew Myers and will visit with many of her friends as well.

The Greeting Card line was never more complete than right now at the Journal office. We have a handsome card for every occasion. Congratulations, Condolence, Birthday, the Anniversary, the New Bride and Groom, Graduation, and for every occasion that you may want. Get them at the Journal office.

GET YOUR SUPPLIES NOW.

Stationery at the Journal office.

RETURNS HOME FROM STANTON.

Mrs. A. E. Satchell, who has been making a visit with her daughter, Mrs. W. B. Carroll, at Stanton, Nebraska, returned home a few days ago. She reports a very pleasant visit, and says that their big grandson is ruler of the Stanton home. This is the little lad that weighed 1 1/2 pounds when born, and at his present age of eight months he is tipping the scales at 28 pounds.

JAPS AND BRITISH RUSH GUNS TO AID OF RUSSIAN ANTI-REDS

Peking, March 28.—Japanese, French and British field guns have been forwarded to General Semenov, the anti-bolshevik leader, whose troops have been opposing the bolshevik forces in Manchuria. The Japanese general, Nakajima, has arrived (place not given.)

IN THE DISTRICT COURT

of Cass county, Nebraska. In the matter of the Application of John P. Sattler, Administrator of the Estate of Eva K. Fretting, Deceased, for license to sell real estate.

Upon reading and filing the duly verified application of John P. Sattler, Administrator of the Estate of Eva K. Fretting, Deceased, praying for a license to sell the following described real estate, to-wit:

The North half of Lots No. 455 (2) and 456 (1) of Block one hundred and sixty-eight (168) of the original plat of the City of Plattsmouth, in Cass county, Nebraska.

for the purpose of paying the debts, funeral expenses and costs of administering the estate of said deceased, and it appearing that said deceased had not sufficient personal property to pay all of the debts of said deceased with the costs of administering her estate:

It is therefore Ordered, That all persons interested in the estate of Eva K. Fretting, deceased, appear before me in chambers, in the courthouse at Plattsmouth, in Cass county, Nebraska, on the 15th day of May A. D. 1918, at 10 o'clock a. m. to show cause, if any there be, why license should not be granted to the said John P. Sattler, Administrator, to sell said above described real estate.

It is further ordered that a copy of this order be published four successive weeks in the Plattsmouth Journal, a semi-weekly newspaper of general circulation in said county.

Dated this 20th day of March, A. D. 1918. JAMES T. BREGLEY, Judge of Dist. Court.

DELCO-LIGHT Increases Farm Efficiency

- 1. Saves time and labor—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power. 2. Labor is attracted to the farm—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country. 3. Keeps the boys and girls on the farm—Electric service on the farm offsets city attractions. Valuable labor and valuable young manhood and womanhood are saved to the country community. 4. Solves the retired farmer problem—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value. 5. Lightens burden of the housewife—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

Delco-Light is a compact electric plant for farms or country homes. Self-generating, air-cooled, thick plate, long-lived battery. Ball bearings. No belts. RUNS ON KEROSENE. THE DOMESTIC ENGINEERING CO., DAYTON, OHIO, U.S.A.
