SURPRISE WED-DING PERFORMED IN OMAHA TUESDAY

ENDEAVORED TO GET PAST ON THE INFORMATION, BUT NOTICE WAS IN THE HERALD.

Were Rather Surprised When Ye Reported Offers Congratulations At Depot This Morning.

From Wednesday's Daily.

Yesterday Frank Rebal and Miss Josephine Chechel were passengers to Omaha and where Frank went for information as to his departure, but as there was an election, some how he failed to get to look after the matter of the departure for the training camp, and thought he could do it as well today. But not with a more important piece of business which the young people had in hand, that of a co-partnership for life. They found the clerk at the marriage license department of the county clerk's office at his post, and also ready and willing to issue a license permitting them to wed. They took one and were happily married before they returned home last evening. Of course they acted just like ordinary, and when the reporter offered his congratulations this morning as Mr. and Mrs. Rebal were on their way to Omaha again, they looked the real surprise. They were truly satisfied when we offered the World-Herald as evidence. The bride, who is one of the finest of the daughters of Plattsmouth is the daughter of Mr. and Mrs. Frank Chechel of this city and a graduate of the Plattsmouth High school, is employed with the Olson Photo Co. of this city and has a host of friends here. She will make her home here for the present during the absence of her husband at the Great Lakes training station and in the service. Mr. Frank Rebal is one of Plattsmouth's excellent young men, having been born and reared here, and like his winsome wife, is quite popular. He goes to give his service to his country today.

Can you figure this out? Before the war the American Woolen Co., of New York, quoted standard blue serge at \$1.25 per yard. The last quotation on the same goods was \$3.85 per yard and in fact at present it is withdrawn from sale. Now get your pencil out and figure. If the yardage on a standard blue serge suit costs over 3 times as much as formerly and the manufacturing expense is increased at least 40%, what will a before-the-war \$15 suit cost to-day. Can you figure it much less than \$50.00? That's what we're headed for—\$50 and \$75 ready made suits. It seems impossible, but it's a fact and you cannot figure it out any other way. In view of this, don't you think a man would be doing a very wise thing to buy a good all-wool suit at \$21 or \$25 if he could get it? We say so, and we are prepared to offer you just such an opportunity if you act quickly. Our prices must advance when present stock is gone. If you're interested come in. "Consultation Free."

Will Add \$260,000,000 to Pay Rolls Over the Country—McAdoo May Modify the Amount

Washington, May 7.—Director General McAdoo will announce soon his decision on recommendations of the railroad wage commission, which were said in well informed quarters today to propose an average 20 per cent advance in pay for all classes of railroad employees. If Mr. McAdoo follows the suggestion of the commission approximately \$260,000,000 will be added to the pay rolls of the nation's railroads.

Strong pressure is said to have been brought to bear on the director general to modify some of the commission's recommendations, especially affecting the four great brotherhoods. Mr. McAdoo is not bound to follow the advice of the commission and can increase or reduce their recommendations as he sees fit. The commission has followed its announced policy of giving the highest paid unions the lowest rate of advance, holding that relief is needed most by the men who have been barely making ends meet or perhaps going in debt on the wages they received.

Award Less Than Unions Ask Apparently none of the commission's recommendations has met the requests of the unions themselves, which ranged as high as 40, 50 and 60 per cent.

A majority of the commission is said to have felt that the eight hour day should not be made universal for railroad employees while the war is in progress, fearing to upset transportation and necessitate the expenditure of large sums in addition to the increases suggested. It is said the commission has urged that after the war the eight hour day be extended and made the basis of employment of all classes of railroad workers.

Plattsmouth has more than usual interest in the above dispatch, thru the effect the proposed raise will have on the Burlington shops here. An increase of 20 per cent in the general payroll would be most welcome and it is quite probable that the increase will come, at least to all lesser paid employees of the road. Bulletins have been posted in the shop of late to keep the men informed of just what action is being taken in the matter and all are anxiously awaiting the decision of Di-

DAHLMAN GOES DOWN IN DEFEAT YESTERDAY

From Wednesday's Daily.

With the returns not entirely in but with enough returns for a certainty of the knowing who is to be the ruling officers of Nebraska's largest city, it shows the complete list turning down on the government which has ruled the city for many years. Mayor Jim Dahlman with the rest went down. The election was a hotly contested one and at the end of the campaign no one dared to guess who would win. The returns show the election of all new men with one exception, that being Dan Butler, of the old administration. The commission, as it now stands is: Dan B. Butler, Ed. P. Smith, T. B. Falconer, Roy N. Towl, Harry B. Zimman, William G. Ure and J. Dean Ringer.

A REQUEST OF THE WAR DEPARTMENT

From Wednesday's Daily. The Public Library is in receipt of a request from the War Department of the American Protective League to procure for immediate use photographs, drawings, and description of bridges, building, towns and localities now occupied by the German forces in France, Belgium and Luxemburg and likewise in that part of Germany lying west of a line running north and south through Hamburg. Picture Postals, photographs, half-tone reproductions such as are used in illustrating magazines, and any illustrative matter, covering this territory are needed. Large volume and many duplicates are desired. This material cannot be returned, but must be considered as a gift to the Government. Each piece of matter should be plainly marked with the title and such description as may be necessary to identify it. Do not Delay, if you have anything of this sort, the very matter that you may have might be of a great value to your Government. Send or bring to the Public Library AT ONCE.
