The wound was a severe one, and the young man is in the American Hospital at Paris, where he is being treated. The wound was in the right arm above the elbow, and the bone was badly shattered, the ball which struck the bone shattering it, and making six distinct breaks.

The nurse in charge, wrote to the parents at North Yakima, telling of his condition, and saying that the wound was progressing as well as could be expected, but was very severe from the nature of the injury.

Ralph Foster is the second son of Mr. and Mrs. C. M. Foster, who formerly was employed in the Burlington shops, before they moved to the west some years ago. WAS HERE 46 YEARS AGO.

From Saturday's Daily.

Yesterday Charles Hall living at Havelock, and a number of the family, namely, Francis, Ray, Maurice, Ronald, William and Fred, accompanying him they came for a drive and had four cars. After looking around the city, they went to the Big Burlington bridge, and looked around at the river and then returned to their home at Havelock.

In 1872, Wm. Hall, the father of Charles Hall came to this city, and crossing the river here went to near Louisville where they lived for some two years but did not return to Plattsmouth as they found a trading point at Louisville. After having resided there they went to near where Havelock now is and made their home there ever since. During all this time they never came back to Plattsmouth, having passed through here 46 years ago, and this the first time they found time to come back here. The thirteen year old boy who passed through this city with his father is now a man only one year from sixty years of age. They came through this city, traveling with a covered wagon from Gilman, Illinois.

The Joy of Living.

To enjoy life we must have good health. No one can reasonably hope to get much real pleasure out of life when his bowels are clogged a good share of the time and the poisons that should be expelled are absorbed into the system, producing headache and indigestion. A few doses of Chamberlain's Tablets will move the bowels, strengthen the digestion and give you a chance to realize the real joy of living. Try it.

TWO AUTOMOBILES COLIDE ON HILL

From Friday's Daily.

Last evening as Oscar Capen, sister Helen Capen and two cousins of Mr. Capen, were coming down the McKohnkie hill, and were near the bottom, a car from Union, going south and traveling at a good rate of speed, on account of desiring to make the steep grade, collided with the result that the car of Mr. Capen was overturned, and the occupants five in number thrown from the car, which was an Overland, while the other which was a Ford, lost one wheel, but stayed the right side up. The wheel from the Ford was torn off, and the casing thrown off, and ran about sixty feet up hill before stopping, thus indicating the speed at which the cars were traveling.

Both cars were considerably damaged, and very fortunate it is that the occupants escaped without injury.

As they neared the office, the young man recovered consciousness and wanted to be put down so he could walk. He was allowed to walk into the office supported by the assistants. RETURNED LAST EVENING FROM CAMP DODGE

From Friday's Daily.

Joseph Schessel and wife with their son Louie and daughter Lillian, who have been at Camp Dodge for the past few days returned home last night, and tells of seeing their son and brother Geo. Schessel

who was still there but expected to get away soon. The camp is about half deserted at this time and will be almost entirely empty in a short time. Few are coming now, but in a short time will be filled up again. Mrs. Schessel tells of the camp, saying it looked like all the people in the United States were there. Yes, this is a big country, and fifty to one hundred thousand people when gotten together seem a large crowd, but when there are millions of them the crowd is larger.

Still we hear the tramp of millions more of free men, as they come answering the call in the name of Humanity and Civilization.

LADIES DOING GOOD WORK

HOLD ENTHUSIASTIC MEETING AT HOME OF W. A. TAYLOR, WITH EASY EFFORT THEY

ORGANIZE RED CROSS CHAPTER

And Lay Plans For Very Active Work During the Continuance Of the War.

From Saturday's Daily.

The Social Workers Flower club with Mrs. H. C. VanHorn as President, Miss Blanche Horning as Vice-President, Mrs. F. W. Nolting Treasurer, and Mrs. C. M. Manners secretary, met at the country home of Mrs. Wm. Taylor south of this city on Wednesday afternoon of this week to organize an independent Red Cross chapter and devote their afternoons to Red Cross work, instead of a social time. This meeting was an all day meeting and the ladies of this splendid club had arranged to come to the Taylor home and spend the day. At the noon hour an elegant picnic dinner, consisting of fried chickens and all the good things to go with it, was spread and to which all did ample justice.

The early hours of the afternoon were devoted to the regular business session, after which Mrs. F. H. Dunbar, Chairman and Mrs. C. A. Rosencrans Vice-Chairman of the Plattsmouth Chapter, who had been invited to attend this meeting, told of the Red Cross work in a most interesting and charming manner. After their explanations, the ladies of this club decided to organize in to an independent branch of the Red Cross, and to give up all social entertainments and good times and devote their time to the Red Cross work during the period of the war.

The ladies will hold their next meeting in next two weeks at the home of Mrs. Wm. Gilmour, at which time a Red Cross Chapter organization will be completed. Mrs. Dunbar and Mrs. Rosencrans of the Plattsmouth chapter will, also, be in attendance at this meeting to make further explanations of the work and will have the materials with them to show the ladies how the work is to be done. We know some excellent work will be sent in by this chapter, along with the other chapters, as they are very enthusiastic in their new work. This makes the nineteenth Red Cross chapter in the county, the Plattsmouth chapter making the twentieth, and all chapters are doing excellent work and lots of it and this is especially most pleasing to the Plattsmouth Chairman, Mrs. Dunbar. She is very proud of the work and the results derived from each chapter. The Cass County Red Cross Chapter is the largest chapter in the state, in that it has the largest number of auxiliary chapters.

Miss Catherine Schopp departed this afternoon for McCook, where she will visit for some time with friends.

Mrs. W. A. Robertson and children departed this afternoon for Omaha, where they are visiting with friends for over Sunday.
