### FATHER DIES IN THE WEST.

From Tuesday's Daily. Yesterday S. E. Wixson received a message telling of the death of his father W. H. Wixson, at his home at Beaver City, Nebraska. Mr. W. H. Wixson, who is 76 years of age, has lived in the west for many years and was engaged as a stage driver until about ten years ago, going to the west in 1882, and has made that his home since.

Mr. Silas E. Wixson departed yesterday afternoon for Beaver City, going to attend the funeral. Mr. Wixson leaves a widow, and seven children four sons and three daughters, they being: Mrs. Ora Fleming, Mrs. Pearl Campbell, Mrs. Ora Jones the latter two living at Beaver City. The boys Fred Wixson living at Taylor, Silas Wixson living south of this city, Rowley and Harry Wixson of Lincoln. The funeral will occur on Wednesday at the home at Beaver City.

### A VERY POPULAR TRAIN.

From Wednesday's Daily. The one we mean is the one which is all accomodation, some trains as well as many other things, having no accomodation at all. With an accomodating an engineer as E. B. Thrall and his fireman and clever a conductor as C. S. Johnson, it would necessarily require some very fit brakemen to complete the equipment. In the selection of two such scouts as E. E. Gooding, better known as "Beckey" and Everett Noble, they make the compliment complete.

Actually "Beckey" will help a cross eyed boy on and off the train, just as quick as he would a pretty school ma'am, and we think quicker if the boy happened to be first, for it might be if he spent too much time with the cross-eyed boy the P. S. M. might get away. Of course Everett Noble is pretty clever, but he is only a student when it comes to "Beckey" as he is a pastmaster in politeness when it comes to handling passenger traffic in the little flyer, between Pacific Junction and Oreadopolis.

### MAKES TRIP TO PAC. JUNCTION.

From Wednesday's Daily. This afternoon T. M. Scarborough, dashed down to the Burlington station, his all aglow with radiant happiness, and away he went to Pacific Junction, where he met his sister Miss Ethel Scarborough, who was coming, to see a brand new baby girl, weighing seven lbs., which came this morning to make her home with Father and Mother

Scarborough. The little one and mother doing nicely, but it is not so certain about Ted.

### SELLS FINE GRAPHOPHONE.

Yesterday Frank R. Gobelman sold to Philip Meisinger one of the full cabinet phonographs, the New Comfort style. While only having had but a few days, he has met with surprising success, in the fact that he has disposed of three of the machines while having been able to get only one. Looks like he would have to go into the future delivery business. The beauty of the machine is that it will use any flat record.

### HELP THE DAUGHTERS OF THE AMERICAN REVOLUTION

From Wednesday's Daily. Tomorrow night at the Parnelle will be given by Messrs. Cloldt and Moore, a benefit for the Daughters of the American Revolution. They will put on "No Man's Land" a scenic story of the great war, and one which will be well worth the seeing, as it will show the actual fighting. The Daughters of the American Revolution, are well worthy of your support, they are furnishing a play, which is intensely interesting and should be well supported. Make it a point to see this show tomorrow night. They will appreciate your attendance, and as they are a patriotic order, you assist them.

### HELD SOCIABLE MEETING.

From Wednesday's Daily. Last night at the parlors of the church were gathered the membership, in a "get together" meeting after the long period of no meetings on account of the influenza. The windows of the parlors of the church were kept open, and with a good fire and a generous quantity of formadehyde sprinkled about the room, to preclude the possibility of any contamination from the epidemic. A very enjoyable time was had by all present, the children playing games, while Mrs. Chas. Jelinek sang some pleasing numbers, as also did Don C. York, while the entire attendance joined in on rousing songs of cheer.

### BOY SCOUT NOTES.

To be a Scout a boy must be 12 years old. There is no age limit beyond that. Scout Troops are usually made up of boys between 12 and 18. A full Troop consists of 32 Scouts, or four Patrols of 8 Scouts each. The leader of the Troop is the Scoutmaster. He usually has one or two Assistants who must be 18 years of age or older. The Scoutmaster must be at least 21 years of age. The leader of the Patrol is the Patrol Leader and each Patrol also has an Assistant Patrol Leader.

When a boy joins the Troop he takes the following oath:

On my honor I will do my best—  
1. To do my duty to God and my country, and obey the Scout law;  
2. To help other people at all times;  
3. To keep myself physically strong mentally awake, and morally straight.

The Plattsmouth Boy Scouts of America will have their meeting tomorrow, Thursday night at 7:30 in the basement of the Library.

Every member should be present and any boy who wants to be a member. We can only have 32 so don't wait until the ranks are full if you are interested.

A. V. HUNTER, Scoutmaster.

## Time to think of your Winter Clothes!

THE crisis in the world affairs has created a crisis in clothes—clothes must be either built down to a price at a sacrifice of quality, or up to a high standard of quality at an increase in cost—we have chosen the latter course.

The weather having been ideal, we have not thot much of winter clothes buying, but old man winter usually gets here, and you need good warm clothes, and plenty of them.

Our showing of overcoats and suits is complete. If you are in the market for either we ask you to "look 'em over."

M. C. A. In his card of greetings our friend Cliff says, dating his brief message from "The Center of the Universe"—New York City—the busiest place in the world, and likewise of the Universe. We are always glad to hear from Cliff, and may success attend him, and bless his efforts in his work across the waters.

### ARE ATTENDING GRAIN CONVENTION

From Wednesday's Daily. This morning A. W. Wheeler, C. D. Spangler, and Nicholas Friedrich were passengers to Omaha, where they are delegates to a convention of farmer grain dealers, which is being held at that place. The three gentlemen are all members of the Farmers Elevator at Murray, and are greatly interested in the marketing of theirs as well as their neighbor's grain, to the best advantage. The Farmers Elevator company of which they are members at Murray is a successful institution.

### GO TO HOSPITAL FOR CONSULTATION

Mrs. Fred Kissing has been feeling badly for some time and with consulting and receiving treatment from the specialist in Omaha, for the restoration of her health, but with not the most satisfactory results, departed this morning for Kirksville, and was accompanied by her husband, where they go for consultation at the A. S. O. hospital, and probably for treatment. It is hoped that she will receive satisfactory results at the institution. Many of the people who have gone from here are returning satisfied.

Mrs. Joseph Droege, was a visitor in Omaha this afternoon, having gone on the early afternoon train.

### SIX MEN GO TO WORK HERE.

From Tuesday's Daily. This morning six men coming from Kansas City, arrived in this city and will begin work today for the Burlington in the supply department. They will make their home at the Greenville boarding camp. They were all very good looking gentlemen, and will make a good addition to the force of men in the Burlington shops. The Burlington here had a first class set of workmen, and who are of the citizenry of the city.

### WILL REMAIN HOME FOR SOME TIME

From Tuesday's Daily. Miss Bental Stone was a passenger this afternoon for Grand Island where she went to bring home the clothing and effects of she and sister Orpha, who when they came home a short time since thought that the school would open again in a short time, and did not bring but a few things in a valise, but as the ban keeps on they have concluded to remain home until the beginning of the winter term which opens the first of the year.

### TO PUBLISH SOME PAPERS.

There are at the High School to be three papers published, which are to be filled full with patriotism, and true Americanism. The Echo is really here born, and is edited and managed by Raymond Bookmeyer, and Charles Hartford jr. They are expecting to make a great success of the paper, and we are certain they will. The other two papers are hardly advanced enough as yet to tell much about their politics or management, but we know they will be all right when they get going. They will be called the "American" and "Liberty".

Get in as a subscriber on the first issue, before the subscription shall be advanced.

### BUREAU NOTES

**United States Working Reserve.**  
Boys must register Friday November 22, between the hours of 1:00 and 4:00 P. M. You can register at any town school except in Plattsmouth and Weeping Water. In Plattsmouth register at the County Supt. of Schools office at the Court House and at Weeping Water at the County Agents Office. Register at your nearest town school or where you happen to be. This is not for military service nor will you be drafted from home to work without your parent's consent for farm labor next year. Boys between the ages of fifteen years and six months and up to eighteen who have not registered for selective service will be required to register.

**Big Potato Eaters.**  
About 2-4 bushels of potatoes per capita were consumed yearly for all purposes in this country during the 10 years preceding the war. The rate per family is almost 17 bushels. About 10 per cent of the consumption is for seed and starch, mostly for seed. Lay in your winter's supply now, is the suggestion of the government field agent in marketing for Nebraska.

**Government Urges Canning.**  
Rumors to the effect that the government proposes to tax or requisition canned foods are branded malicious propaganda by the United States Department of Agriculture. Not a jar will be touched by the Government that every family store up as much food in the home as possible by means of home earning, and thus insure an adequate supply of both commercial and home canned foods to feed the army, navy and our allies.

L. R. SNIPES, County Agri. Agent.
