Arm Fractured Cranking Auto
Mrs. Wm. Fox, residing at Eighteenth street and Rocky avenue, suffered a fracture of the right arm when an automobile crank reversed while she was trying to start the machine this morning.—Anderson (Ind.) Bulletin, August 9, 1917.
V. F. Wagner, of Berrien Springs, is suffering from a badly sprained wrist, caused by cranking an automobile.—St. Joseph (Mich.) Press, July 25, 1917.

Once Was Not Enough
John Cordori, son of Mr. and Mrs. W. F. Cordori, York street, sustained a fracture of both bones in the right arm while cranking an automobile that had stalled on the Brush Run hill Thursday. This is the second time the young man has had his arm broken in the same way.—Gettysburg (Pa.) Compiler, July 11, 1917.
Wm. Shively fractured his arm Sunday while cranking his auto and Dr. F. G. Grissler set the injury.—Fort Wayne (Ind.) Sentinel, July 17, 1917.

How Oscar Got His
Oscar Fulk has a self-starter automobile, but one day last week the self-starter got balky and Oscar undertook to crank it in order to get ahead of the starter, and as a result he has a broken arm. Dr. Vance attended him and he now drives the car with the one hand, but the self-starter works all right now.—Waterloo (Ind.) Press, July 12, 1917.
Miss Lulu Taylor is suffering with a broken arm, injured while cranking a Ford. Alan Pryor also has a broken bone in his right hand from the same cause.—The Bellingham (Wash.) Herald, Aug. 11, 1917.

Sues for Damages
Dallas McDonald, minor by next friend, J. A. J. McDonald, has filed suit for \$5,000 against Ballard & Ballard, a corporation, and J. G. Mortimer, through Attorneys C. B. Cameron and T. G. Fewell. Young Dallas McDonald claims that his arm was broken when the crank of an automobile flew back against it, when he was cranking the machine by the request of the owner.—Meridian (Miss.) Star, July 12, 1917.

L. T. Holt, 428 Lincoln boulevard, suffered a broken arm when his automobile back-fired while he was cranking it Wednesday evening. He was attended by Police Surgeon Connelly and Dr. Foltz.—From the Omaha Daily Bee.

Preacher Has Arm Broken
Rev. W. A. Yetter has been carrying his arm in a sling since Thursday of last week on account of the bone in the fore arm being broken while cranking his Ford.—Versailles (Mo.) Leader, Aug. 7, 1917.

BROKEN STEERING GEAR CAUSE

**Of Miraculous Accident—Occupants
Escape Drowning—Car Con-
siderably Damaged.**

From Saturday's Daily.
At nine o'clock last evening, John Richardson, who runs the ferry near the Burlington bridge across the Missouri river just south of town had started in to attend the picture show and when coming along at a fair rate of speed, a bolt which holds the steering apparatus broke, making the car unmanageable. As a result, before he could get stopped, the car plunged over the high bank into the river below, turning upside down in the water.

Mrs. Denson, who was an occupant of the car, was pinned underneath, the top being smashed and Mr. Richardson was forced to break the windshield with his head, cutting himself somewhat. In order to extricate himself from under the car, once out he exerted his energy to shift the weight of the car and permit of pulling the unfortunate lady out before the weight of the engine should cause it to settle sufficiently to force her head under water, as it was then very nearly doing.

Mrs. Denson had one of her arms badly injured, and Mr. Richardson received a bruise on one of his legs. The most miraculous part of the escape was that both were not drowned, as they were pinned under the car in the murky waters of the Big Muddy, some three and a half feet deep surging around them as they exerted heroic efforts to extricate themselves.

The car was damaged considerably, but that is usually one of the lesser items of an accident of this kind. Both Mr. Richardson and Mrs. Denson are congratulating themselves on their narrow escape.

RETURNS FROM THE SOUTH

From Saturday's Daily.
This morning P. A. McCreary, who was called to Comanche, Oklahoma, some two weeks ago on account of the serious illness of his mother, Mrs. E. A. McCreary, returned home. He reports his mother as being considerably improved at the time he left. When he arrived in the south he found her in a most precarious condition, with but little hope entertained for her recovery, but she has gained slowly in strength ever since, and when he left she was believed past all danger. While there, Mr. McCreary also visited at the home of his sister, Mrs. W. H. Bull, who, it will be remembered, visited in Plattsmouth but a short time ago.

IS VISITING FRIENDS HERE.

From Saturday's Daily.
C. F. Harris and son, J. C. Harris, of Spokane, Washington, who is here with his wife visiting at the home of his father, near Union, were visiting in Plattsmouth today, coming up to look after some business and to renew old acquaintances here. Mr. Harris is employed in the Exchange National Bank of Seattle, and is a fellow employee of Charles Eaton, the nephew of Mrs. Alice M. Eaton, of this place. He often sees Walter W. Street, son of Mrs. M. A. Street, of this city, and also his sons, whom he says are all doing nicely.

**SERGEANT PERRY E. NEILL
ARRIVES IN AMERICA**

From Saturday's Daily.
Sergeant Perry E. Neill who has been overseas for the past fifteen months, arrived from France a few days since at a camp near there and will soon be mustered out of the service. He is a son of Mrs. D. M. Neill of this city, and was stationed for some time at Camp Pike, in Arkansas, before going over, and saw some of the severest fighting while in the service overseas. He is expecting to be discharged from the service at an early date.

FOR SALE.
Deering Binder, good repair. One Rumely Clover and Alfalfa huller, good as new. Inquire of C. T. Peacock, Plattsmouth. 16-2td2tw

VISITED HERE A FEW HOURS

From Saturday's Daily.
Fred Ebinger, was a visitor in this city for a short time this morning, coming down at an early hour and remaining for a brief call on his many friends here. He is engaged in the hardware business at Plainview, and is on his way to Pittsburg, where he goes to attend the meeting of the National Hardware association, which convenes there next week.

**WAYNE LEWIS RESUMES
THE BARBER BUSINESS**

From Saturday's Daily.
Wayne Lewis, just returned from overseas service, has accepted a position with E. G. Shellenberger in the latter's barber shop in the Hotel Wagner block and began work there yesterday morning. Mr. Lewis is an excellent workman as well as a good fellow and Mr. Shellenberger is indeed fortunate in being able to secure his services now, when good workmen are so scarce.

**EARL G. ELLIOTT AR-
RIVED HOME TODAY**

**Overseas Fourteen Months—Active
Service on West Front—Glad
to See Old Plattsmouth**

From Saturday's Daily.
Earl G. Elliott, son of Mr. and Mrs. John W. Elliott, hopped off of No. 4 this morning, wearing a broad smile on his face. Looking around he did not see anyone familiar, so made a break for town, when he was overhauled by the reporter, and how that smile lightened up his entire countenance when he saw someone he knew.

Mr. Elliott, or Glen, as we were accustomed to call him before he departed some two years ago, is enjoying good health and looking finer and larger than when he departed. He was overseas for 14 months, arriving in this country June 13th, and was discharged from a camp in New York on the 18th, reaching home this morning as related above. He sent a message to his parents of the 17th stating that he expected to be discharged and return home soon, but otherwise his coming was a surprise to them. He sure seemed glad to be at home again and we judge there was a happy family when he stepped in on them this morning.

Mr. Wisler Cured of Indigestion.

"Some time in 1905 when I had an attack of indigestion and everything looked gloomy to me, I received a free sample of Chamberlain's Tablets by mail. I gave them a trial and they were such a help to me that I bought a package, and I can truthfully say that I have not had a similar attack since," writes Wm. B. Wisler, Douglassville, Pa.

Last evening Mrs. Frank Svoboda arrived from her home at Malvern, accompanied by her two children, and they will visit at the home of Mr. Svoboda's parents, Anton Svoboda and wife of this city, for a short time.

Hey! Boys!

What do you say about a blue sport shirt, one of those hard wearing kind, which saves mother a lot of washing—we have 'em, in shirts and blouses, cheaper than she can buy the material, say nothing of the making—

75c

They come in plain blue and plain white with fancy silk collars and pockets.

—Now that we have Dad wearing Athletic underwear, why don't you be comfortable—

**MRS. GEORGE PERRY INJURED
WHILE ASSISTING WITH
FAMILY WASHING**

HAND DRAWN INTO WRINGER

**Of Power Machine Operated by Gas-
oline Engine—Flesh Was
Badly Lacerated.**

From Saturday's Daily.
Yesterday at near the noon hour, while George Perry and wife were doing the family washing Mrs. Perry sustained a very serious injury by having the flesh torn from her left hand when she got it caught in the power wringer.

Mr. Perry had been doing the washing with a gas engine furnishing the power to both the washing machine and wringer and at almost noon his wife went to assist in finishing the job before time for dinner. In some manner her hand became fast between the rapidly turning rolls of the wringer and her arm was drawn into the machine, the flesh being torn from her hand and forearm deeply enough to expose the bones. Her suffering was most excruciating.

A physician was called and dressed the wound which served to alleviate part of the suffering. It is thought an attempt will be made to graft some skin onto the injured hand. The fingers were not caught and came through uninjured.

CATS ARE KILLING CHICKENS.

From Saturday's Daily.
There are numerous complaints coming to us that cats are killing chickens about the city. While the cat is a useful animal, one that devours chickens instead of rats and mice is more of a nuisance that a benefit to the community in which she harbors.

MACHINISTS' VS. BLACKSMITHS'

From Saturday's Daily.
At the Red Sox ball park next Wednesday evening, the machinists will cross bats with the blacksmiths. An interesting game is expected as both teams have been practicing hard so they will be able to win the game. It will be all free. No admission will be charged and everybody is invited to see this most wonderful base ball game.

WHAT THE Y. M. C. A. DID.

From Saturday's Daily.
Twenty-two combat divisions in the front line areas from Verdun to the Meuse-Argonne were served free with Y. M. C. A. supplies of an estimated value of more than 3,000,000 francs or approximately \$545,454.00 during the major offensive in September and November, according to Ernest Townsend Barrett, 310 West 121st St., New York, a merchandise broker, who has returned from France after more than a year's work as a Y. M. C. A. divisional financial and business secretary, with headquarters at Ipeccourt.

These supplies went to the men in the front line trenches from the rail-head at Ipeccourt and covered the fighting stretches from Verdun to the Meuse-Argonne," said Mr. Barrett.

"There were days at Ipeccourt that the 'Y' unloaded as many as forty cars of supplies for the soldiers, and these supplies were moved up to the front, the military giving us every co-operation in our sector. "The Y. M. C. A. supplied between 650,000 and 700,000 men, figures revealing that in the seven weeks from September 1 to November 10, we sent from Ipeccourt to Paris headquarters \$3,800,000 sixty per cent representing sales of supplies and forty per cent remittances home from men in the A. E. F. \$600,000 worth of supplies were given away. During 22 days and nights of fighting the 'Y' made up and served 18,000 pounds of chocolate."

Mr. Barrett served with the 37th division during June, July and August and then was transferred to the 33rd division during the fighting from Verdun to the Meuse-Argonne. Later he was with the Fourth division, the first army of occupation in Germany, and during his stay there the 'Y' furnished supplies to American soldiers valued at \$122,000.

In July, Mr. Barrett said, 'Y' supplies with an aggregate value of \$25,000 were supplied to the 37th division, and that the money sent

C. E. Wescott's Sons
"EVERYBODY'S STORE"

STILL NEED FOR HOUSES.

From Saturday's Daily.
The demand for suitable rental properties is not decreasing in this city despite the fact that several new tenant houses have recently been finished while others are now under process of completion. Certainly no better proof of a town's growth and prosperity could be noted than the marked scarcity of dwellings that exists in Plattsmouth. The construction of a dozen fine new homes should prove profitable to the investor just now. Building costs are not as high as they seem and besides the prospects are that they won't be much if any lower for a long time to come.

Booze Is Not a Good Cure.

From the Ames Iowa Intelligencer.
When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

**WITNESSES TELL OF WANTON
DESTRUCTION OF EQUIPMENT**

Washington, June 20.—Stories of wanton destruction of clothing and other army equipment, both old and new, were recited to the house committee, investigating wartime expenditures of the war department by three members of Company L, 23d engineers. Their testimony was largely along the line of that given by Sergt. C. B. Malcolm, in opening the inquiry.

For the Relief of Rheumatic Pains.

When you have stiffness and soreness of the muscles, aching joints and find it difficult to move without pain try massaging the affected parts with Chamberlain's Liniment. It will relieve the pain and make rest and sleep possible.

Plastering, Stucco, Mason, and all kinds of concrete work. Strictly first class.
