The people of Murray and vicinity have been attending the Nehawka chautauqua quite liberally this week. They all seem to be well pleased with the programs that are being given.

There are some old fellows in this community who seem to cling to the good old farm working days, and one of them is our excellent old friend, Wm. Puls, who came to Murray a few years ago to retire, but last week he went out to the farm home of his son Otto and made a hand in the corn field at plowing for a few days. He followed the old time walking cultivator at that.

A Handsome Gift.

Emil Hill is sure a mighty lucky young man, he not only entered the service of his country, passed thru several battles, severely gassed and injured by the enemy, put several months in hospital, and lingered between life and death, but got out hale, hearty and strong, and returned to his home, friends and relatives a perfect specimen of young manhood; now his excellent old grandparents present him with a handsome new Essex automobile, that was purchased from the Puls agency in Murray. The gift was from Mr. and Mrs. Adam Hill, of Plattsmouth, it is a beauty, and Emil is mighty proud over the new car. Don't you think just like we, that he is a pretty lucky young man?

LIQUOR IN OWN HOME ALLOWED AFTER JULY 1

Amendment Making Its Possession Unlawful After July 1 Voted Down By House Judiciary Committee.

Washington, June 24.—A man's right to store liquor in his home for the long dry period after July 1 stood up against an attack on that provision of the prohibition enforcement bill before the house judiciary committee.

Near the end of an all-day session, the committee voted down an amendment which would have made it unlawful for a citizen to have liquor in his possession struck out a section which would have prevented "use" by a citizen of liquor in his private dwelling and decided that in the matter of general enforcement there would be no difference between wartime and constitutional prohibition.

Even with this and other changes, the bill as it will be reported out Wednesday or Thursday is considered all-embracing.

So drastic are its provisions, members of the committee said, that

while a man may put a keg of beer in his cellar, he may be convicted and fined if, for instance, he wears a watch fob on which there is a picture of the keg as an advertisement.

Some Minor Changes Made.

In a general consideration of the measure the committee made minor changes, but the principal fight was over the question of the right of home storage for personal uses. Representative Morgan, democrat, of Oklahoma endeavored to have stricken out the section reading that "it shall not be unlawful to possess liquor in one's private dwelling while the same is occupied and used by him only as his dwelling."

Ardent prohibitionists on the committee voted against the Morgan proposal for the reason, they said, that nothing was to be gained by enacting a law so drastic as to arouse the hostility of people who rejoiced that the day of the saloon had ended. Prohibition members supported an amendment eliminating the proviso that the liquor must be obtained and placed in storage prior to date the act would become effective. As amended the section reads "that such liquor need not be reported, provided the burden of showing that possession is legal is upon the possessor."

No Particular Fight.

Representative Gard, democrat, of Ohio led the fight to strike from the bill the word "use" as applied to the right of home consumption. His motion to amend also included the striking out of the words "give away," "receive" and "possess," but the committee insisted that these should stand.

It was said there was no particular fight on Mr. Gard's proposal as amended the section stands:

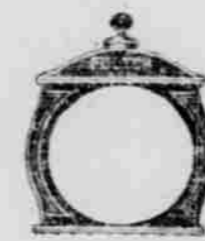

That no person shall on or after the date when the 18th amendment to the constitution of the
