

Yes, it's toasted

YOU know how much toasting improves bread. Makes it taste good. Of course—more flavor.

Same with tobacco—especially Kentucky Burley.

Buy yourself a package of Lucky Strike cigarettes. Notice the toasted flavor. Great! Nothing like it. The real Burley cigarette.

An Old Fault Finder.

An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

A Traveling Man's Experience.

You may learn something from the following by M. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place a well man."

Mrs. R. D. Dalton, who has been in Omaha, came down this morning for the week end.

CHICAGO CAR MEN RETURN TO WORK

Chicago, Aug. 1.—Chicago street car men voted Friday to end the strike by a majority of 386. Car service will be resumed Saturday morning, probably at 4 o'clock, on both surface and elevated lines, which have been tied up since last Tuesday morning by a strike of 15,000 men.

The vote was taken on acceptance of a proposition agreed upon by representatives of the union and the companies last Monday, but which the membership rejected that night voting to strike immediately. Radical leaders dominated that meeting, union officials declared, and the referendum vote was taken only after William D. Mahon of Detroit international president of the union had come here and personally urged the strikers to accept the offer.

The men gained an increase from 48 to 65 cents on surface lines and from 51 to 67 cents on the elevated roads, with the eight-hour day, time and one-half for overtime work and a rearrangement of runs.

LIGHTNING STARTS NEW FOREST FIRES

Missoula, Mont., Aug. 1.—Lightning set hundreds of fires in northern Idaho and western Montana, Thursday night, according to reports received at district forest service headquarters here, causing the forest fire situation to become extremely dangerous in the Selway, Nez Perce and Clearwater regions. Fifty new blazes from lightning alone were reported from the Clearwater forest.

Heavy winds fanned the flames into renewed activity in many districts.

Conditions in the Nez Perce forest were serious, especially near Elk City. Fifteen new blazes have been discovered within a week and Supervisor Falloway has telegraphed that he has reason to believe a number of them are of incendiary origin and has urged immediate action to suppress activities of fire brands.

ONLY MEMORY OF TROUBLE IS LEFT

Mrs. Hatlem was all run down for many years—Tanlac brought relief.

"Tanlac has done me so much good that I am feeling more like myself than for a long, long time," said Mrs. Andrew Hatlem, of 3845 22 1/2 avenue, South, Minneapolis, Minn., to a Tanlac representative, the other day.

"My trouble was a generally run down condition," continued Mrs. Hatlem, "and I had been suffering for a good many years. I had a very poor appetite and I never felt like eating any more than just enough to keep me alive, and it just looked like the little I did eat soured and formed gas and this gas pressed so against my heart that I sometimes had difficulty in breathing. I was troubled with terrible headaches, too, and at times they were so bad that it just felt like my head would split and I had aches and pains all over my body and was so weak and in so much misery some times that I just dragged around the house at my work. I also suffered a great deal from constipation and dizzy spells and felt so tired and restless at night that I would simply lie awake for hours at a time not able to sleep a wink and my nerves were in a bad condition, too. I took a lot of medicine and treatments for my trouble, but nothing I did or took seemed to help me one bit until I began taking Tanlac.

"I had read about Tanlac and how it was helping others, so I decided to try it myself and I am certainly glad I did, because it began to help me almost from the beginning. My appetite got better and I commenced to pick up strength and my whole system seemed to be benefited and I kept on improving right along until now I have a fine appetite and can eat just anything I want and I never have a particle of trouble with gas any more. All I have of those miserable headaches is just the memory of them and those dizzy spells have left me entirely and I can sleep just like a little child the whole night through and am feeling so good every way now that I can do all my own housework and never feel any more tired than a person naturally would under the same circumstances. Tanlac certainly has helped me a lot and I am glad to recommend it to others for that reason."

Tanlac is sold in Plattsmouth by F. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bend by E. Sturzenegger, in Greenwood by E. F. Smith, in Weeping Water by Meier Drug Co., in Elmwood by L. A. Tyson, in Murdock by H. V. McDonald, in Louisville by Blake's Pharmacy, in Eagle by F. W. Bloomkamp, and in Union by E. W. Keedy.

George Verhule was a passenger to Omaha this afternoon, where he is making purchases of materials for making some repairs on the heating plant at the High School building.

DAYLIGHT SAVING UP TO PRESIDENT

Senate Passes House Bill, 41 to 12; Members Predict Another Veto.

Washington, Aug. 1.—The senate decided to have the proposal for repeal of the daylight saving law again run the gauntlet of President Wilson's veto. By a vote of 41 to 12 the senate passed and sent to the president the separate house bill repealing the daylight saving measure.

During brief discussion of the house bill several senators predicted that the measure like the daylight repeal rider on the agricultural appropriation bill, would be vetoed by the president. The separate house bill was passed June 18, but action in the senate was suspended and, in the interim the president vetoed the rider and the house was unable to enact it over the veto.

The senate's action now places virtually similar repeal legislation again before the president. The only difference in the vetoed rider and the separate bill is that the latter would not interfere with standard zones of time.

Sensitizers who voted against the new repeal measure were: Republicans—Calder, Colt, Ellkins, Lodge, McNary, Phipps and Sutherland. Democrats—Gerry, Phelan, Pittman, Thomas and Walsh (Mass.) Many democrats joined with republicans in favor of the repeal bill.
