

TOWNLEY GIVEN A THREE MONTHS' JAIL SENTENCE

NONPARTISAN LEAGUE HEAD AND GILBERT SENTENCED FLAYED BY JUDGE.

Court Declares Organization Built on Falsehood Cannot Long Endure.

Jackson, Minn., Sept. 15.—A. C. Townley, president of the National Nonpartisan league, and Joseph Gilbert, former organization manager, were sentenced to three months in the Jackson county jail here today by Judge E. C. Dean, without alternative of fine. Townley and Gilbert were convicted here July 12, on a charge of conspiracy to teach disloyalty.

Judge Dean granted a stay of sentence of sixty days at the request of the attorney for the defense, on their original bail. In passing sentence Judge Dean assailed Townley and the Nonpartisan league, and declared "any organization built on falsehood will not long endure."

Judge Dean read a long review of the trial and comments upon the case which had been printed in Nonpartisan league papers and other publications. He denounced Townley, his publicity staff and George Hoke, chief counsel for Townley and Gilbert, and declared the statements attacking the integrity of the court and Jackson county officials "were absolute falsehoods."

"Never in the history of any jury system was a more honest and impartial jury empaneled in any criminal case," said Judge Dean. "It is an outrageous shame and injustice that any person who was present and saw this former jury should be so low and contemptible as to accuse these men of dishonesty or unfairness."

"It is true that the Nonpartisan league publicity bureau, having enormous sums of money, has been exceedingly active in carrying on the most vicious propaganda of falsehood and misrepresentation and garbled facts in reference to the trial that has been known to modern journalism."

"There is one thing in reference to this trial about which the court is grieved to speak, and that is in reference to the conduct in open court of the chief counsel for the defense."

"The court tried to accord every courtesy to the defense, and overruled many well taken objections by the state, but in the face of these things, every way that could be devised was employed by counsel of defendants to take advantage of and irritate the court."

"It would almost be a miracle if the record does not contain some errors."

CHAMPION BOXER OF THE U. S. NAVY ARRIVES HOME

Andy Schumacher arrived home from four years service in the U. S. navy Tuesday evening. He is looking classy and weighs 192 pounds.

Andy attained the rank of Chief Boatswain's mate on the battleship Illinois.

He was not only an efficient and trustworthy sailor but he comes home with two belts in his possession, champion heavyweight boxer of the Atlantic fleet as well as champion heavyweight boxer of the U. S. navy. He has met and defeated some of the best men the world affords. He won these two belts at the age of 19 and by the time he has reached his majority who can say but that he will add still another belt to his collection, the belt now held by Jack Dempsey as heavyweight champion of the world?

Andy says the little old town looks good to him and that he is glad to get home again. Asked if he thought that he would re-enlist he said that it would all depend on how he made it at the boxing profession during the next three or four months. "The navy is all shot to pieces," said he. "All the boys are getting out and little kids are taking their places. It is not a hard life, however, and perhaps I will drift back after a few months."—Louisville Courier.

THREE MEN AND CHILD HURT IN ALLIANCE FIGHT

Alliance, Neb., Sept. 14.—Two Mexicans lie at the point of death in this city as the result of a fight last night in which a stiletto and a revolver had prominent part, while another man and a child were slightly hurt. The trouble grew out of a game of "craps" engaged in by three Mexicans in the Burlington yards here.

According to a statement made by one of the injured men, one of the number threatened the lives of the other two, and another struck him below the left temple with the stiletto. One of the others produced a revolver and started shooting, and eight bullets were sent through his antagonist's body.

John Groce, section foreman was notified, and went to the scene accompanied by his small daughter, Leona, 7 years of age. Upon their arrival to the scene of battle, and while engaged in getting the numbers of those mixed up in the ordeal both were struck by a stray bullet, but neither was seriously injured. The bullet struck Groce in the right hand, and passed through the flesh of the little girl's right arm. Both Mexicans are now confined in the county jail awaiting hearing.

SHARP WORDS TO SECRETARY.

Washington, Sept. 15.—When Secretary Baker told the house military committee today that the only reason for putting American troops into Siberia was to guard the trans-Siberian railroad, Representative Fuller, republican, Massachusetts, told Mr. Baker his reason was "all bunk."

"Why shouldn't we know the real reasons?" demanded Fuller. "I have listened to your romantic story about Russian and Siberian conditions but I don't get an answer."

"Unfortunately that is not my fault," Secretary Baker replied.

Return of the American Siberian force, Mr. Baker explained "is largely a matter of policy." Their presence, he said, was to guard supplies at Vladivostok and support the remnants of the Czech-Slovak forces. Battles fought there by entente forces, he explained, have been defensive.

Volunteer replacements are being sent to relieve drafted men, Mr. Baker said, and 3,893 have left this country.

Superintendent J. H. Tams of the county farm west of the city has completed the threshing of the wheat and oat crop of the farm and the result of the crop has been very satisfactory to the superintendent, who has taken excellent care of the growing crop. The wheat on the farm averaged twenty-seven bushels per acre and the oats thirty bushels per acre, which is an excellent showing. The yield of the harvest was 460 bushels of wheat and 500 bushels of oats. The work of the threshing was looked after by Joseph J. Johnson and Fred Hafke and Mr. Tams stated that the work was excellent in every way and these two gentlemen have put out a fine job of threshing all around. Mr. Tams has worked hard on the farm this season and has secured results that will be pleasing to the taxpayers of the county. There is one institution that the people of

Cass county can be proud of and that is their county farm as there are none other in the state that can compare with it in the results secured or the excellence of the management and the residents of the farm are treated in fine shape and the farm put on a paying basis while many farms over the state are operating at a loss for the counties in which they are located.

POET D'ANNUNZIO REPORTED A REBEL AGAINST ITALY

Geneva, Sept. 15.—Gabriele D'Annunzio, supported by the forces of Ardennes which accompanied him into Fiume, has proclaimed a union of Fiume with Italy, according to advices received by the Serbian press bureau here from Belgrade.

Fiume was plunged into anarchy, the advices declare, when the brigade of Italian troops which previously had evacuated the city, returned without officers, ejected the local authorities and arrested the Italian General Pittalanga.

The British and French troops in Fiume, the message states, barricaded themselves within their quarters, expecting to be attacked, while the crowds in the city tore down the allied flags.

The Serbian authorities, it is added, still remain in the suburb of Susuk, which is isolated.

Poet-Warrior Involves Italy.

Rome, Sept. 14.—Premier Nitti in a statement in the chamber of deputies regarding the Fiume raid announced that the remainder of the Sixth army corps had been ordered to intercept and disarm Gabriele D'Annunzio's troops but that these troops had refused to obey the commander's orders.

The latest advices were that the situation arising from the coup was serious and the premier declared he was determined to act in a manner to avoid grave conflicts. He deplored what had happened, because for the first time sedition, though for idealistic aims, had entered the Italian army. The Epoca announces that General Badoglio, deputy chief of staff, has gone to Fiume armed with full power.

D'Annunzio, according to some reports, entered the city of Fiume at the head of from 8,000 to 12,000 men.

SUPREME COURT OPENS WITH NEW COMMISSION

Lincoln, Neb., Sept. 15.—Both the supreme court and the supreme court commission started their regular terms of court today.

The entire commission is made up of newly appointed judges to whom today's session was the initiatory event.

The principal case argued in the supreme court was an original suit brought by Hiram Chase, Indian lawyer of Winnebago, for a writ of mandamus to compel Judge Graves of the Thurston county district court to accept jurisdiction in a suit involving the title to some Indian land. Judge Graves had previously held that the case should be tried in the federal court. United States Attorney Allen presented the government's side of the argument.

ABANDON SEARCH FOR FLIERS.

San Diego, Cal., Sept. 12.—The search in Lower California by the war and navy departments for Lieutenants Frederick Waterhouse and C. H. Conely, aviators, who have been missing since August 21, was abandoned today. Col. H. L. Watson, commanding at Rockwell field, announced. Except from Mexicans who saw the aviators' machine, nothing has been heard of the two men. It is estimated the search has cost the government nearly \$100,000.

Colonel Watson has asked the war department to authorize the payment of a reward to anyone who may find the bodies of the aviators or their machine.

The hardest part about keeping a store is having to raise prices. We don't like to do it, but steadily rising costs have forced us to do so more frequently these days.

However, we believe that our patrons would rather have us maintain our usual standard of good quality even at slightly higher prices than to present them with inferior grades of merchandise.

Just now the store is radiant with bright, new Fall goods, and we want you to come in and see these offerings—to compare our prices with those found elsewhere. Prices in these showings are less reasonable than in past Autumns, but in every instance they represent big present-day values.
