## BURGLAR ENTERS A PLEA OF GUILTY

YOUNGEST OF TRIO CAPTURED AT LOUISVILLE WAS ARRIGNED FRIDAY.

IS BUT SEVENTEEN YEARS OLD

Other Two are Still in Omaha Hospital—One Unruly and Must be Removed Soon.

From Saturday's Daily. This morning in the county court, Acting County Attorney C. A. Rawls filed a complaint charging Charles G. Thompson, Fred Byam, alias Jas. King and Walter J. Miller with burglary, as the result of their breaking into the store of F. H. Nichols at Louisville last Tuesday night.

Only one of the men charged in the complaint were present in court, Walter J. Miller being brought into court while the other two men are still in the Methodist hospital at Omaha, where their wounds are being treated.

Young Miller, who is a mere lad, just a little over seventeen, on hearing the complaint read to him, entered a plea of guilty and was accordingly bound over to the district court to answer to the charge. The other members of the party will be arraigned as soon as their condition will permit.

Sheriff C. D. Quinton has been notified by the head of the Methodist hospital at Omaha that the man, Byam, will have to be removed from that institution as his conduct is unruly and cannot be permitted in the hospital. The sheriff will be compelled to have the man either taken to the Douglas county hospital or brought to this city and placed in jail with a special attendant to look after his case, but has not fully decided what action he will take.

## RECEPTION FOR RETURNED SOLDIER

From Saturday's Daily. The pleasant country home of Mr. and Mrs. C. A. Harvey, southwest of Mynard was the scene of a most delightful occasion last evening when the parents entertained in honor of their son, Oliver Harvey, who has returned from service with the A. E. F. in France. A large number of the young friends and acquaintances of Oliver had been invited to participate in the pleasant event and the spacious lawn of the home was filled with the jolly party of friends who spent an evening of rare delight. A large fire of logs had been prepared which cast its lurid tints over the scene and over which hundreds of the luscious "wieners" were roasted and prepared into sandwiches that were much enjoyed by the members of the party. The evening was spent in the pleasures of the roast and in visiting with the returned soldier boy until a late hour when the guests wended their way homeward wishing the guest many years of happiness and success.

## HON. E. M. POLLARD IN THE CITY

From Saturday's Daily. Yesterday afternoon Hon. E. M. Pollard, of Nehawka, candidate for delegate to the constitutional convention, at the forthcoming election on November 4th, came up from his home and made a tour over the business section of the city meeting the voters and renewing acquaintances with the older residents of the city with whom he has an acquaintance of years duration. Mr. Pollard is one of the most prominent figures in the republican politics of the state and has frequently been mentioned in connection with the governorship of the state. He was for two terms the representative from the First district in congress and very active in working for the interest of his district. Mr. Pollard is also one of the prominent farmers of the state and keenly alive to the progressive methods of farming. Neither Mr. Pollard or his opponent Attorney A. L. Tidd is making an active canvass of the county for the position of delegate, leaving it up to the voters.

## HUNTERS ARE GETTING BUSY.

From Thursday's Daily. The cool and wet weather of the past few days while it has not been greatly to the comfort and enjoyment of the average person has been a source of delight to the duck hunters who are constantly on the watch along the streams in this vicinity to secure a few of the feathered beauties. There has not been much success in the number secured thus far this season as the ducks seem to have passed up the Platte and Missouri as feeding grounds and the smaller streams in the middle and western sections of the state seem to be the favorite spots for the game birds. However the squirrel hunter is in the midst of his greatest enjoyment at his time of year and many hunting parties are going out every day in the pursuit of their favorite sport. One hunting party that we noticed a few days ago leaving had all the appearance of a big game party as the array of artillery and accessories pointed to a long and strenuous hunting trip and it was a surprise to learn that it was intended to be a squirrel hunting party instead of a bear or moose hunt.

## RETURNS FROM CHASE COUNTY.

From Thursday's Daily. Road Overseer C. F. Vallery, who has been out in Chase county for a few days returned home yesterday and reports a very interesting trip. Mr. Vallery made the trip with the party in charge of W. E. Rosenkrans and on their way out they enjoyed the use of a private Pullman car which was at their disposal and made the trip in comfort and pleasure. On reaching Imperial they were taken by automobile over the surrounding country and had a great opportunity of viewing the land that has become greatly in demand in the past few years. While the rainy weather interfered somewhat with the trip it gave the members of the party a fine chance of seeing western Nebraska at the close of a most successful crop season.

## HAS A STORMY TRIP.

From Thursday's Daily. Edward Bennett, who has just returned home from a long service in the Philippines, tells of a very serious storm which befell the ship on which he made the return trip to the states. He sailed on the army transport "Sherman" which was new when Dewey captured Manila, and consequently is now sadly out of date as an ocean going vessel, and this in itself was not much pleasure to the voyage and added to the severe storm made the trip last over forty-three days from the time they pulled out of Manila until reaching the Golden Gate and home. The storm overtook the transport 300 miles out of Manila and raged for three days with the fury that only a tropic typhoon knows how to produce. The vessel was at the mercy of the storm and only the expert navigation of the officers could keep the nose of the vessel toward the storm in the long battle of the elements and one of the officers, Mr. Bennett states, remained at his post in the navigation room over thirty-six hours, battling the ship through the terrific sea and the driving wind, that threatened each minute to shatter the ship in the intensity of the storm. When the force of the storm broke it was found that the vessel had been forced far from its course and was only sixty miles off the rocks of one of the numerous small islands that join the Philippine group and had the storm continued for another day it is certain that the Sherman would have been swept into destruction upon the rocks of the islands.

## "TELL THEM TO SEE ME" HE SAYS

Wants Everybody To Know What Tanlac Did For Him—Gains 30 Pounds.

"I don't believe there's any medicine on earth can equal this Tanlac," recently declared W. J. Richardson, a well known switchman on the Rock Island, living at 60 South Fifteenth St., Kansas City, Mo.

"I've gained thirty-seven pounds since taking it and I feel stronger than I have for many years," he continued. "I suffered for a long time from stomach trouble and indigestion and I tell you, I sure had a time of it. I didn't have any appetite and what little I did force myself to eat would sour and form gas that would get up around my heart and smother me so I could hardly get my breath. I had terrible headaches and dizzy spells every now and then, and I had such a pain across the small of my back that it was all I could do to get up when I sat down. I just couldn't get a good night's rest and I lost a lot of time from work on account of the way I felt. Of course I took a lot of medicine but no matter what it was nothing did me any good."

"A few weeks ago I decided to try Tanlac and I hadn't taken one bottle when I began getting hungry and then I found what I ate didn't sour and form gas any more. Now, I'm eating anything I want and never suffer from indigestion. I sleep sound all night long and get up in the morning feeling like a two year old and ready to tackle any kind of work. Yes, sir, I sure do think a lot of Tanlac. I've recommended it to several of my friends and whenever they have given it a fair trial, it's benefited them just the same as me. As far as my own case is concerned, if anybody doubts what I say just tell 'em to come to see me and I'll prove what Tanlac has done."

Tanlac is sold in Plattsmouth by F. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bond by E. Sturzenegger, in Greenwood by E. F. ## ENTERTAIN IN HONOR OF FRIENDS

From Saturday's Daily. Yesterday being the birthday anniversary of Mrs. Peter F. Goos, the ladies belonging to the lower Main street birthday club gathered at the Plattsmouth hotel to spend a few hours with their friend and fittingly celebrate the happy event. The parlors of the hotel rang with merriment for several hours as the ladies spent the time in visiting as well as in the plying of the busy needle and it was much too soon that the hour for departure came that bade the friends part after a most delightful time. As is the custom of the ladies at their meetings, Mrs. Goos was presented with a very handsome remembrance of the natal day and one that will be a token of the kind friends. At a suitable hour a very enjoyable luncheon was served by the hostess assisted by her daughters which served to bring to the close a very enjoyable afternoon.

## STILL IN QUITE SERIOUS CONDITION

From Thursday's Daily. Reports from Omaha as to the condition of Charles Jelinek state that while the patient is showing some improvement the condition of his broken arm is not as satisfactory as had been hoped for. It has been necessary to perform two operations on the arm in the hopes of securing the proper knitting of the bones, the last operation being performed last week. Charley certainly has had his full share of suffering as the result of the unfortunate accident over a month ago and his family and many friends in this city are anxiously awaiting word from the hospital that the young man is getting over the effect of the broken arm in fine shape.
