### SERIOUS ACCIDENT OCCURS NEAR UNION

Charles Dysart Suffers Severe Injury as Result of His Buggy Ran Into By Automobile.

Saturday evening a very serious accident occurred on the main road a mile east of the town of Union in which Charles Dysart, one of the farmers residing east of Union sustained two fractured ribs as the result of having his buggy run into by the automobile owned by A. L. Becker and which at the time was being used by the sons of Mr. Becker. The accident occurred on the steep hill leading into the town of Union and was just after darkness had fallen. The members of the Becker family had started for town and were using the spot light on the automobile to guide their way over the road and as they made the ascent of the hill the light burned out as the members of the auto party states and left them in the darkness to complete their journey into Union where they were to have their light repaired. Mr. Dysart was also going into Union and his team and buggy was slightly in advance of the Becker car and it was not until the automobile was almost onto the buggy that it was seen and then the driver of the car attempted to turn out to avoid striking the buggy but the distance was too short and the car crashed into one of the rear wheels of the buggy, wrecking it and throwing Mr. Dysart out into the roadway and in the fall he sustained the fracture of two of his ribs. The team of Mr. Dysart, alarmed by collision became frightened and started to run, and as they tore along over the road, into Union smashed the buggy to ruins and it was with difficulty that a number of the citizens were able to check their progress in the east part of the business part of the city. Mr. Dysart was taken on into Union and received medical attention for his injuries and was at last reports resting easily.

Erected a Monument Albert Lillie, of near Tecumseh, but formerly a resident of Plattsmouth and who lost a son about a year ago from the "flu" was in Union this week with his two little sons, Roy and Ralph, on their way home from Murray, where they had been looking after the erection of a monument over the grave of the deceased son and brother. The monument was erected by Ora S. Mason of Tecumseh, who is engaged in that line of business. While in conversation with the Journal man, Mr. Lillie took occasion to order the paper sent to his address near Tecumseh, so that he may keep in touch with events occurring in this portion of the state.

Makes Big Real Estate Deal After having had some realtors working on the sale of the two places without success, Carl Stone of Nebraska and Joseph Brandt, of near Union got together and effected the sale to each other of their respective holdings, which went for \$350 per acre. Mr. Brandt had 120 acres which brought in the sale \$42,000, while the farm of Mr. Stone includes 260 acres, and brought \$98,000, or a total of \$140,000 for the two farms that were exchanged. After the completion of the deal, Mr. Stone has

concluded that he will enter the real estate business on his own account, and is now open for contracts.

Epworth League Picnic Success The Halloween picnic party, held by the members of the Young Peoples' society at the home of one of their members, Miss Mary Becker, was a success in every particular. There were in all nearly seventy-five in attendance, all of whom enjoyed the hospitality of the charming hostesses to the utmost and were royally entertained by her and her parents. Those to enjoy the occasion besides the members of the Epworth League were the Campfire girls and other friends. A majority of those in attendance were costumed. Ghosts, witches and fairies predominated.

A fortune teller was present to tell your fortune and games of all kinds enlivened the fleeting hours. A splendid luncheon formed a pleasing feature of the evening's entertainment.

Baptist Church Notes Preaching in the morning at 11 o'clock. Also preaching in the evening at 7:30. The subject for the evening's discourse will be "Hell," and it is one of the series of sermons being delivered by Rev. Taylor, notice of which appears elsewhere in this paper.

Called to Mourn DEATH OF SISTER The Death Angel Came to Claim the Spirit of Mrs. John Pritchard of Weeping Water.

Mrs. John Pritchard, the sister of Miss Alice Crozier, of the faculty of the public schools of Union, who has been suffering for some time at her home in Weeping Water on account of her life. Everything possible was done for her relief, but to no avail, the good woman answering the call with a smile, knowing that a life of faithful service such as she had lived would be rewarded after death.

The funeral was held at the First Methodist church in Weeping Water on Tuesday of this week and interment was made in the Weeping Water cemetery. Mrs. Pritchard leaves besides her devoted husband, a daughter, Miss Grace Pritchard, of Weeping Water, and her sister, Miss Alice Crozier, teacher in the Union public schools.

Buys a New Reo Truck Fred W. Young, who has extensive land interests in the western part of the state, and who will remove to that section of the country in the spring, has sown a large acreage to wheat this fall. He has just made the purchase of a new Reo truck from the Robert Willis agency here, which will be used in handling the work on his western farm. Mr. Young looks at the matter of farming in the same light as any other business proposition and does not propose to get anything short of the best of his efforts when good implements and improved facilities will enable him to do so. Hence the reason for the purchase of the new truck which he believes more economical than horse power.

Got a Free Ride Out of It Last Thursday afternoon while the two men in the aeroplane visited in this city, a crowd was soon attracted to the landing field just east and south of Fred Clark's and J. B. Roddy's houses, and when the men offered to give twelve minute rides for \$10 to all who wished to tour the clouds, Fred Clark said he would not mind taking a whirl skyward, but the ten plunks deferred him. So his friends joked him saying he did not have the nerve, and said if he would take the ride they would supply the ten simoleons. To this he readily assented and was soon skimming about in the clouds. This started the ball rolling and many took rides during the afternoon, the sixth being on his way up as our train pulled out.

Hear Next Sunday's Sermon The next of the series of sermons being delivered at the First Baptist church of Union by the pastor, Rev. J. B. Taylor, will be on the very timely topic, "How do you have the dotted line wondered about this place and what it has in store for you, so come and listen to what the Scripture has to say and learn for yourself whether it is a place or a state of condition of the mind. See whether it is a literal fire with smoke and sulphur and brimstone and how long it will last. See if there is any way of escaping its torments. Will it be eternal or consuming? Is there any difference between purgatory and hell? Come out and hear this able doctrine founded on actual Scriptural doctrine and listen to the excellent music that is being prepared. A cordial welcome is extended to all.

Receives Call From Beatrice. Rev. J. B. Taylor, pastor of the Baptist Church, has recently had a flattering call from the First Baptist Church of Beatrice, Nebraska. Beatrice is a city of thirteen thousand people, supporting twenty-one churches, two of these are Baptist churches. The church which extended the call to Rev. Taylor, has for years been among the leading in the state.

Rev. Taylor advises us that he has not accepted this call however, because of the shortness of his pastorate in Union, coupled with the fact that the loyalty of the Baptist membership in Union has never been surpassed in his twelve years experience as pastor. He holds the highest

personal regard toward the Union brethren, and there is a bright outlook for a great advancement along lines of real services in Union Baptist church.

Miss Margaret Swan, member of the Senior class of Union high school, met with the painful accident of having her collar bone broken while playing basket ball, Monday night. This being examination week, however, and the fact that Miss Margaret has been exempted from taking them on account of good grades, has made the accident come at an opportune time, since she will be able to resume her classes in another week if she continues to improve as rapidly as at the present writing.

Union Public School Notes. The attendance of the high school this year is thirty-five.

CONVOCATION. During convocation, which comes between the first two and last two periods in the morning, we have a rest from study. On Monday and Tuesday we sing, on Wednesday we have chapel, Friday is "class day," each class has the privilege of doing what it wishes. Sometimes it is class organization, or business meetings. At this twenty minute period we usually go on hikes about town, enjoying the rest from study thoroughly. The fresh air and sunshine gives us vitality, and we go back to the school room feeling that life is filled with sunny hours.

The High school raised a fund some time ago for the purpose of purchasing a basket ball, foot ball, and volley ball for the school. Mr. Ward kindly donated a two dollar bill. This shows that the teachers are interested in the athletic affairs of the students.

FRESHMEN ACTIVITIES. It is awful to be a "Freshie" in U. H. S. when you have to go in Latin and 95 in department to get out of exams, but as "proper" is our middle name we're all sure of getting exonerated.

We had our fortunes told last Wednesday night at the party and, although we are to drift far apart, some to be actresses, while others will have to be satisfied with getting married.

SOPHOMORE NEWS. The peepiest class of U. H. S. as everyone knows? Our class officers are: President—Sarah Johnson. Vice President—Harold Frans. Secretary—Nina Dukas. Treasurer—Alton Young. Sponsor—Miss Rabe.

A sponsor we just had to have you may know. With whom we the burden might share. In the English department we looked high and low. Miss Rabe was the one who was there.

JUNIOR NEWS. Last Wednesday evening the Freshmen entertained the Juniors at the home of Alma Frans. The entire decorations were carried out in Halloween effect. After the guests had arrived a formal two-course luncheon was served. The table was very prettily decorated with candles and autumn leaves. Afterwards Mr. Ward told some thrilling ghost stories. About ten o'clock the guests departed declaring the Freshmen royal entertainers and all reported a splendid time.

Those "wonderful exams" are coming. Thursday and Friday are all of the Juniors had a department grade of 95 per cent. My! Aren't we good? We Juniors are thinking of giving our class play before Christmas, but there is nothing certain about it.

SENIOR NEWS. Ricketty! Racketty! Rust! What's the matter with us? Nothing at all! Nothing at all! We're the class, the classiest class. That ever was classed in any class.
