A VERY QUIET WEDDING IS SOLEMNIZED

Miss Ida Tschirren and Fritz Kehne United in Bonds of Wedlock at High Noon Today.

From Wednesday's Daily

This noon at the residence of Rev. J. H. Steger, pastor of the St. Paul's Evangelical church, occurred the marriage of two of the well known and popular young people of the community, Miss Ida Tschirren and Fritz Kehne. The wedding was a very quiet one, the bridal couple being attended by only the brother and sister of the bride, Roy and Ella Tschirren. The marriage lines were read by Rev. Steger, the beautiful and impressive ring service being used in joining the lives and hearts of these two estimable young people. The bride wore a very beautiful costume of Copenhagen blue georgette over blue silk messaline and carried a bouquet of bride's roses.

Following the ceremony the young people returned to the beautiful country home of the bride's parents west of the city where a sumptuous wedding luncheon was served and a reception tendered to the newly weds

by their relatives and friends, which was quite largely attended.

Both of the contracting parties are well known throughout the community where they have made their home for their lifetime and are held in the highest esteem by a large circle of friends. The bride is a daughter of Mr. and Mrs. Chris Tschirren, and a young lady whose friends are limited only by her acquaintance. The bridegroom is a son of Mr. and Mrs. Fred Kehne and one of the industrious young farmers of the community. Mr. and Mrs. Kehne will make their home on the farm of the bridegroom west of town where they will be at home to their friends in the future.

The Journal in common with the many friends of the young people joins in wishing them many years of happiness and success.

A PLEASANT OCCASION.

The many friends of Mr. and Mrs. Earl Stanfield will be pleased to learn of the good fortune that has befallen them in the arrival of a fine little daughter who was born last evening at the Methodist hospital in Omaha where Mrs. Stanfield has been for the past few weeks. Mrs. Stanfield and little daughter are both doing nicely and this is especially pleasing to the family and friends.

LAD MEETS WITH SERIOUS ACCIDENT

Struck by Heavily Loaded Bob Sled Coming Down High School Hill and Has Nose Fractured.

From Wednesday's Daily.

Last evening about 9 o'clock Sidney Davis, the young son of W. F. Davis, residing near the Bach store on Lincoln avenue, met with a very serious accident while he was engaged in coasting on Main street. From the stories told by the lads it seems that Sidney in company with Jesse Blunt and Jesse York, two neighbor lads, had been sliding down hill on their hand sleds and were starting back up at the same time that a heavily loaded bob sled was coming down the High school hill to the east. The boys say that they sidetracked for the oncoming sled near Main and Sixth streets but that as it neared them the steerer of the larger sled seemed to lose control and it swung from the track onto the three boys. The sled of Jesse Blunt was torn to pieces by the encounter but fortunately both Blunt and York escaped injury but the full force of the bob struck young Davis and hurled him quite a distance and when the

struck the frozen ice and snow of the roadway he struck on his chin which was lacerated in a terrible manner, the flesh being torn loose from either side of the mouth leaving the skin of the lower jaw sagging down and bleeding profusely, and he also sustained a bad fracture of the bones of the nose as well as being generally very badly bruised and shaken up, his arms and back being very badly sprained, as the result of the sled hitting him. The injured lad was carried into the office of Dr. P. J. Flynn where Dr. Flynn assisted by Dr. R. P. Westover dressed the injuries of the lad and it required a large number of stitches to close the painful wounds that had been inflicted. The boy was then taken to his home on Lincoln avenue where he is now resting as easily as possible under the circumstances. His condition is quite serious however and it will be hard to determine for a few days just how serious the injuries on the body and the internal effects of the accident may become.

AUTO ROADS

—TO—

OMAHA

For the benefit of the Automobile Travelling Public who are continually calling us to inquire "How are the Auto Roads to Omaha?"

We will state that very few people who drive automobiles realize the fact that a snow road well broken and packed is better than the average summer roads, which are usually either too dusty or too muddy for comfortable travelling.

For the past few weeks our snow roads have been splendid and until Monday night of this week there has been a large amount of automobile travel thru Plattsmouth.

Since the snow fall of Monday the roads have been opened up again and travel has again been resumed between Plattsmouth and Omaha and surrounding towns.

Another day or so will make the roads ideal for automobile travel.

Get out your Sedan, Coupe or your Touring car with its side curtains up and convince yourselves that automobile driving over the snow roads is perfectly practical and highly enjoyable.

We will try and keep the Public informed on the road conditions.
