Last week near the Wiseman place, east of town, a large eagle was spied. He seems to have gotten into a peck of trouble for a whole raft of "black crows" were chasing him and he was making a lively flight. Those who saw him later perched upon a tree say that he was an exceptionally large one.

On Monday morning Oswald John while riding a horse had the misfortune to get his right leg broken, when the horse in some way slipped and fell. Oswald was unable to release his foot from the stirrup and the horse fell with its weight on his leg with the above result. An X-ray of the leg was immediately made and the limb set. It will be some time before he will be able to be around again and is an unfortunate accident with all the work that he has to do on the farm.

The property of the Myers Crushed Stone Co. is a busy scene of activity and has been every day this winter as the Myers continue pushing their work toward opening up the quarry in full blast this spring. A goodly portion of the side track is now laid and part of the cement forms are in for mounting the machinery part of which has been shipped and is due to arrive here almost any day.

Mr. Sogard has no plans for the future as yet, other than a trip to Denmark with his family about the first of May to visit his brothers and sisters and Mrs. Sogard's parents who are quite aged. They expect to return to Weeping Water September 1 in time for the commencement of school. We are glad to know that Mr. Sogard expects to keep his home in Weeping Water as he is a man that the town could not afford to lose from its business or social circle.

As to Mr. Wiles he is one of our home grown boys with a splendid reputation, who will no doubt keep up the good reputation of the business as established by his predecessor.

MRS. GALLAGHER KNEW WHAT TO DO

Experience She'd Had Before Taught Her the Wonderful Value of Tanlac.

"When I felt myself going down this summer I knew exactly what to do, for I had taken Tanlac before and it fixed me up so fine I just knew it would do so again," said Mrs. Barbara Gallagher, who lives at 1000 Plum St., Lincoln, Nebraska.

"For many years," she continued, "I suffered agonies from rheumatism and never knew what it was to be without pains or aches anywhere in my system. My head ached like it would burst, and I would get so dizzy at times that everything seemed to be whirling around till I would feel like I was going to fall. My nerves were in such a dreadful state that I would roll and toss half the night without being able to sleep a wink, and my appetite was so weak that I would have attacks of indigestion and sometimes they would nearly put me out of business."

"One of my friends advised me strongly to try Tanlac and I could see a marked improvement right after I started on it. My nerves grew quiet so I could sleep better, the headaches and dizzy spells passed away, my appetite increased and my digestion soon became all right. Tanlac soon fixed me up all right and I have enjoyed splendid health ever since. Whenever I feel the least bit out of the way I take a little Tanlac."

Tanlac is sold in Plattsmouth by F. G. Fricke & Co.; in Alvo by Alvo Drug Co.; in Avoca by O. E. Copes; in South Bend by E. Sarzenegger; in Greenwood by E. P. The Best Cough Medicine
When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Churrun, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."
