Mrs. J. B. Taylor and children are visiting for the week at the home of Mrs. Elizabeth Easter, during the absence of Rev. Taylor, who is out in the state this week and will remain until Saturday evening.

Huge Evangelical Drive The Baptist church in the state of Nebraska, being one of the churches interested in the Inter-Church World Movement, are this week being an attempt at world evangelism.

There have been twenty teams organized for the initial effort in Nebraska. The Rev. J. B. Taylor, who is one of the foremost of the leaders in the movement, has been selected as the leader of one of the teams, and is out this week in the western portion of the state, where he is with the team of which he is the leader, and will bear the message, and with the others inaugurate the work for the following week which will soon push the work on to its ultimate success. The state organization has done well in the selection of Mr. Taylor for this position and will be rewarded by a large amount of good work for the team under his charge. A. H. Horan of the Baptist church at Cedar Rapids, is the stereopticon speaker of the team, while A. G. Newburg of Ashland, is the instructor in the institute work.

To Hold "Bake Sale" Series The ladies of the Baptist church under the supervision of Mrs. J. B. Taylor, will continue their "bake sales" during the coming summer the initial one, which was given last Saturday, proving a great success. The ladies have arranged to have a sale of the products every three weeks and always on Saturday. Those who have eaten of the bakings of the ladies of this church know well the excellent quality.

Will Give Entertainment Here One of the teams of the Baptist church who are inaugurating the Inter-Church World Movement, will be at Union on Tuesday, both during the afternoon and evening, from three to four in the afternoon and from 7:30 to 8:30 in the evening, when they will give a special program, consisting of addresses, and a stereopticon exhibition. They all enjoyed the occasion immensely, and returned to their home in the evening, in Mr. Porter's car. For a time it looked like walking would be crowded, as the car was put out of commission when an axle broke, but they having been looking for such a contingency, had the necessary accessories to mend the break and were on their way home in a short time.

Are Trying to Make It Pay John Becker purchased a couple of truck loads of calves, which he accompanied by his brother, H. H. Becker, took to Omaha, where they were sold on the stock market. In order to make the matter pay both ways, the boys brought on their return, a load of sugar for the A. L. Becker store, while Henry also purchased some repairs for his tractor.

Saw the Stecher Pictures Neils Martin, Ralph Davis, and John Irwin drove to Plattsmouth last Friday evening, where they enjoyed the Stecher-Clock wrestle, as shown in the movies at that place, and declare they were well paid for their trouble.

Has Excellent Eating Place Orville McQuinn, who purchased the popular eating house of Jay and Jack Austin a short time ago is conducting the place in an excellent manner, having the assistance of Mrs. McQuinn, they both being excellent cooks, and are conducting a very nice place, all things being clean and giving the best of service to their patrons.

Interesting Wrestling Match The Union social club had a very interesting evening in a number of bouts at their rooms, the principal one being a wrestle between Mr. Wilber Eaton and F. P. Miller. There had been some preliminary work by others, but interest was centered in the principal event, which resulted in Mr. Wilber Eaton securing the first fall only, while the others went to Mr. Miller, he receiving the victory.

Modern Tom Sawyer et al. In imitation of the famous characters, created in the fertile brain of Samuel Clemmons "Mark Twain", three of the young men of near Union spent a night a short time ago on an island in the Missouri river. They were out with their guns, trying to drive some fish of the Missouri river out on the Nebraska shore, where the better ones could be selected, and like the school boys, did not realize the lapse of time, nor the conditions of the weather, until they essayed to return, and found the elements against them with a fierce gale humping, touching only the high spots of Nebraska, in its hurried trip from the Rocky mountains. The boat could not be induced even by the strong arms of the three young men, with biceps strong as iron bands, to approach the Nebraska shore, and they were driven to the island north of town, where they made a fire and camped for the night, not at all comfortable, but camped just the same. They returned the following morning after the wind had subsided, and declare they found no cave with gold therein.

Had His Car Damaged While David LaRue was driving along the road south of Nelawka, and had stopped in the road, the car following behind, driven by W. S. Norris, near that place, collided from the rear causing some injury to result from the contact. While probably both parties were endeavoring to exercise all the care possible, the accident occurred any way, and fortunate it was that the damage was not greater.

Card of Thanks We desire to express our sincere thanks for the kindness shown at the time of the death and burial of our beloved mother, and to the Baptist church who extended courtesies, to the Rev. W. A. Taylor, who delivered the funeral services, as well as to those who furnished flowers, and automobiles for the occasion. Mrs. W. L. Stine and husband.

Will Give Class Play Friday The Junior class of the Union schools will give a class play, for the year at the Woodmen hall, on Friday evening of this week. This is an interesting play with a humor plot, and was filled with solid matter as well. The members who are putting on the entertainment have done a good deal of work and will surely give an excellent evening. The title of the entertainment is, "And Ted Comes Home". You cannot afford to miss this entertainment.

Enjoyed Instructive Afternoon The intermediate, junior and primary league of the Methodist church last Sunday evening had a most excellent program, in which the children had a considerable share of the production, they doing the singing and much of the recitation. Besides this there were a number of addresses, among which was one by Mrs. E. J. Mougay, when she made an excellent address on the topic of "duty of the church to the child." Mrs. J. D. Cross also spoke on the matter of the "duty of the home to the church." Miss Fannie McCarroll, on the theme of "what can we do for the children of Union", made an excellent talk, and which was well received. The entire evening was one well worth while.

Has Held Charge 14 Years Last Sunday completed full fourteen years of service to the church at Wabash by the Rev. W. A. Taylor of the Baptist denomination. During this time, he had missed but a few appointments, and those in general only because he was called to say the last sad words when some one was taken to their last resting place, and to bury the dead was one of the sad, yet beautiful offices to which he was called to the ministry. With the Easter morn, he will begin the fifteenth year of ministry to the church at that place, and will as in the past, work with a faithfulness,

which will merit success, both for him and the church to which he ministers, as well as to the communities in which he lives and the church is situated.

Nearly Missed His Foot Not quite, but nearly, was the result, when L. R. Upton, dropped a box of goods while handling the same, but the results were the same, the toe was mashed. He has been giving it any amount of favors, and attention and it is getting along fine, but had exacted a considerable suffering during the time since the accident.

Entertained All Three Leagues Entertainments were given to the membership of the three younger leagues of the Methodist church last Thursday and Friday evening, at which all who attended enjoyed the occasion, and were loud in the praise of those who promoted the entertainment.

Will Preach at Wyoming. The Rev. L. Morrison who is minister at the church at Union and Wyoming will preach at the latter place on the next Sunday, and at Union in the evening. The other services will be conducted at the Methodist church during the day with the single exception of the morning preaching.

Made Excellent Addresses At the entertainment given last Sunday evening at the Methodist church and which was participated in by the intermediate, junior and primary Epworth league, the address made by Rev. L. Morrison was the well worth while as an exponent of the aims and ideals of the founders of these orders for younger Christians, and would be an excellent guide for the workers in this line. Mr. Morrison is well equipped for a talk along the line of work with the young people as he is also with the organized workers of the church of more mature years.

Miss Alice Crozier, who is the superintendent of the Junior league, in her address disclosed the fact of a most thorough knowledge of how the young people society should be conducted, and from the results which has come from her excellent work, no one can help but know that her heart has been in the work as well as her possessing a knowledge of how the work should be accomplished. Miss Crozier's address was enthusiastically received, and with the assistance of the older members of the church we expect to see greater results from the efforts of the younger societies.
