## DEMOS SEE SUCCESS LOOM UPON HORIZON

Vice President Marshall Thinks the Republicans are Not So Well Pleasured with Harding

San Francisco, June 15.—That the republican leaders are less well pleased with the nomination of Senator Warren G. Harding for the presidency tonight than they were last Saturday was declared by Vice President Thomas R. Marshall on his arrival here tonight to attend the democratic national convention.

The vice president added that he was not a candidate for the presidency but on the contrary was about to retire from politics. He declared that the republicans were in error if they assumed the election of Senator Harding was a foregone conclusion and said that President Wilson did not want a third term, but could be nominated and elected for one if he did.

Of Senator Harding's candidacy the vice president said: "The republicans are not so well pleased now as they were on Saturday night. Personally I have high regard for Senator Harding. I would do anything for him except vote for him.

"The republicans are making the mistake of their lives in thinking of the November election as a foregone conclusion and of the democrats as a disorganized, defeated party. They are going to find us very much alive in November."

Lavish Expenditure Decried Mr. Marshall decried lavish expenditures of money in connection with presidential campaigns. It was "disheartening," he said, adding that he regretted "the republicans were not the only guilty ones."

Of the democratic convention and Children's Day Observed Here Last Sunday morning at the Baptist church a most excellent entertainment was given in honor of Children's day. The program was largely attended by both old and young and the manager in which it was prepared reflects credit upon the committee in charge. The little folks all took their parts exceptionally well and anyone who has ever attempted to train children for such an undertaking will realize the amount of labor required.

In the evening came the children's day exercises at the Methodist church which like those of the morning, proved very successful. The church was well filled with parents and others interested in the affair and the young folks carried themselves in a manner befitting much older heads and winning the hearty applause of the audience.

The matter of children's day pro-

grams is one that should be encouraged as it not only gives the little ones an opportunity of earning something for the missionary cause, but also trains them to take part in public entertainments.

## UNION MAN HAS VERY CLOSE CALL

Frank Eaton, Residing Southeast of Union is Badly Shocked as Result of Lightning Bolt Striking Barn

Frank Eaton, one of the farmers residing southeast of Union had a very narrow escape from death about 5 o'clock Monday afternoon when a bolt of lightning struck the barn on the farm and knocked him unconscious for several hours. Mr. Eaton was coming to the barn with his horses having completed work in the field, and seeing the storm clouds rolling up decided to get the animals in shelter before the storm burst. He just reached the barn when a sudden lightning bolt struck the structure and hurled Mr. Eaton some distance and rendered him unconscious and several of the horses were also knocked down by the effects of the lightning. The roof of the barn was splintered somewhat by the lightning but fortunately the building was not fired from the effects of the bolt.

Mr. Eaton was carried by members of the family to the house and Dr. J. F. Brendel of Murray called to look after the case and it was not until five hours later that the patient regained consciousness and is still feeling the effects of the shock, but is thought that he will suffer no serious effects from the experience.

The Ball Game Last Sunday There was a good sized crowd of interested base ball fans present at the opening of the game last Sunday when Umpire Fred Clark called "Play ball!" his own part as a delegate in it, the vice president said, "I am here to promote peace and good will among the delegates at this coming convention." He said so far as the convention was concerned "there is no Irish question," and of prohibition enforcement he declared that "Nothing is so detrimental to the country as the passage of laws and the ignoring of those same laws."

Mr. Marshall's reference to his retirement was in answer to an interviewer's inquiry whether he was a candidate for the presidential nomination. It was:

"I am an old man who has torn his hair for Bryan, slaved for Parker and done his hardest for Wilson, and I am about ready to retire from politics."

## OHIO DEMOCRATS RENEW PUSH FOR COX

Columbus, O., June 15.—Now that an Ohioan has been chosen the standard bearer of the republican party, Ohio democrats are redoubling their efforts to obtain another honor for the buckeye state by having Governor James M. Cox selected by the San Francisco convention as the one to lead their party. No sooner had Senator Harding's nomination been assured than former Governor Campbell, an Ohio delegate at large to the democratic national convention, began preparation of a circular letter to all democrats setting forth why Governor Cox should be nominated.

"Governor Cox can carry Ohio. What other candidate can match this certainty with even a probability?" the letter declares.
