

The "Z" Lives a Long and Useful Life

"Z" Engine endurance is proverbial—it's a lifetime engine. That's because every part liable to wear is case hardened. Push rod rollers—valve stems and cams—contact parts throughout—are made immensely hard by heat treating. They will not wear—nor will they break.

The "Z" has an extra large crankshaft. Not one has ever broken. All "Z" bearings are die cast and removable. Every "Z" part so carefully made that it is absolutely interchangeable. Ample lubrication—positive—well-balanced, correct mechanical design—help make the "Z" the "lifetime" farm engine. On the job—dependable—powerful—always.

Other "Z" features are: Runs on kerosene; coal oil, tops, as well as gasoline; built-in Bosch high tension oscillating magneto; more than rated power; every part interchangeable; clean-cut, efficient design.

DEATH OF A RAILROAD MAN AT JUNCTION

GEO. W. MULLICA, SWITCHMAN, KILLED IN BURLINGTON YARDS AT PACIFIC JUNCTION

HEAD SEVERED FROM BODY

While Running to Set Switch, Unfortunate Man Falls and is Crushed by Wheels of Car

From Wednesday's Daily.
 Another tragedy of railroading occurred this morning in the Burlington yards at Pacific Junction when George W. Mullica, well known Burlington railroader, had his head severed beneath the wheels of a car that he was engaged in switching. The victim of the accident was a brother of Mrs. R. D. Dalton and Mrs. Joseph D. Parker of this city.

From what can be learned of the accident it seems that Mr. Mullica had jumped from a moving car and started to run forward to throw the switch for the car and in some manner fell, with his shoulders across the track and before he could recover from this position the wheels of one car and the front trucks of another of the cars had passed over his body, completely severing the head of the unfortunate man.

Mr. Mullica was a married man, thirty-five years of age and the wife and two little daughters, aged twelve and five years, as well as the aged mother, are left to mourn his death.

For several years Mr. Mullica was the yardmaster in the Junction yards but about a month ago resigned this position to resume switching and this was followed by the tragedy of this morning.

Mrs. R. D. Dalton, the sister departed this afternoon for the home of the brother, as did Mr. J. D. Parker, brother-in-law of Mr. Mullica and the other members of the Parker family will go over in the morning to assist the family in their bereavement.

ESCAPED NEGRO NEAR HERE

From Monday's Daily.
 Yesterday morning Sheriff C. D. Quinton received a message from Gus Hyers at Lincoln, announcing that Luther Richardson, a convict from the state penitentiary, who had been working at the road camp near Lincoln had made his escape sometime between midnight Saturday and 5 a. m. Sunday. The escaping man, who is a negro, was reported to have made his way out of Lincoln on No. 70, a freight over the Burlington and was headed east. Sheriff Quinton drove to Pacific Junction and made a thorough search of the yards there but was unable to secure any trace of the negro and then motored on into Omaha at the request of Mr. Hyers. It was later learned that a man answering the description of Richardson had been seen to board the tender of the locomotive on No. 23 yesterday afternoon at Oreadopolis and it is thought that the man remained in hiding all day until he could find a good chance to get on into Omaha where his home was prior to being sent to the pen and where he has three sisters living.

SURE HAD SOME EXPERIENCE

From Tuesday's Daily.
 Some time ago J. C. Snavely, who lives northwest of Union, had some experience with a twister which he does not care to have occur again. The weather was looking rather ominous, and he thought he would hurry and do the milking and return to the house. He therefore was not slow, but as he was returning via the barn and cribs, and was getting under the fence, he was conscious of the fierceness of the storm, though it did not seem as bad as his hat off. The milk was whipped almost entirely out of the pail, while a shed between the barn and crib was blown away, carried through the air and deposited in the field considerable distance from the place where it was picked up. Mr. Snavely was pleased that he escaped when there was such force manifested within so short a distance of him.

C. P. Sydebotham and wife were among those going to Omaha this afternoon to attend the marriage of their niece, Miss Florence McHale this evening at the Dietz Methodist church.

Joseph Lahoda, who has been here visiting with relatives and friends for a few weeks, departed this afternoon for his home at Scotts Bluffs.

PETER OPP INJURED AT NEHAWKA

Badly Bruised by Being Squeezed Between Truck and Chute in Stock Yards.

From Monday's Daily.

As proof that motor trucks and automobiles are dangerous to life and limb in numerous ways other than the fact that they go over embankments, turn turtle, plunge into the ditch, etc., is evident from the experience of Peter Opp of Nehawka last Saturday morning. To tell the story in detail requires many words, like the description given to a wash board by a mail order house catalog.

There has been considerable sickness in the Opp home this summer and the victim of the accident has been the first member of the family to arise in the morning, start the fire, do the chores and quite often assist with the morning meal. At or near the hour of six on the morning stated above, James Palmer, the stock buyer was loading a truck load of hogs at the stock yards chute to deliver in Nebraska City. Mr. Opp, having a little spare time, sauntered over there and when everything was ready for the start, Mr. Palmer had difficulty in pulling away from the chute as the wheels would spin. Mr. Opp volunteered to help by pushing and unknown to Mr. Palmer, who, to get a better start, reversed the engine and Mr. Opp was squeezed between the bed of the truck and the chute. The injuries were to his hip and side, which is very painful and has kept him to his bed since, except when it is necessary for him to be placed in a chair to regain circulation of the blood.

The noise created by the engine prevented Mr. Palmer from hearing his cry and he drove away to the city unaware that Mr. Opp had been hurt and knew nothing of it until he returned. However, John Opp heard his father's cry and hastened to him. He and Mr. Wessel carried Mr. Opp home. While the injury is such as to cause great pain it is thought the patient will be able to be up in a few days. It is fortunate that the truck did not go back further as it would have meant more serious results.—Nehawka News.

THE RESULT—REPUTATION

If a surgeon-specialist is famous by the results of his operations, the patient trusts himself under his knife. If a remedy is famous by its results, the customer buys it without hesitation. The results count. Thirty years of Triner's American Elixir of Bitter Wine mean millions of results. Kindly read the following letter: "Springfield, Ill., March 15, 1920. I must write you and thank you for making me well by that great medicine, Triner's American Elixir of Bitter Wine. I was sick for a long time, but I am all right now, thanks to your good remedy. I always will have a good word for it and keep it in my medicine chest.—Mrs. J. Potnik." And we are sure that you, too, in case of constipation, poor appetite, headache, nervousness and other stomach disorders will go to your drug-gist or dealer in medicines and ask for Triner's American Elixir of Bitter Wine. Try also Triner's Angelica Bitter Tonic, Triner's Liniment and other Triner's remedies.—Joseph Triner Company, 1333-45 S. Ashland Ave., Chicago, Ill.

POULTRY PROFITS DEPENDENT UPON HEALTHY CHICKS

Mr. Williams, a very successful Oklahoma poultry raiser, recently said to Dr. LeGear: "Since I have been using your Poultry Prescription, not only have I cut down chick loss, but I find that my pullets lay a month or two earlier." A few pennies wisely spent in feeding Dr. LeGear's Poultry Prescription to baby chicks insures rapid development and early fall and winter laying. Get a package from your dealer. FAIL TO LOCATE GOODS

From Tuesday's Daily.
 Sheriff Quinton and Philip Thierolf were in Omaha yesterday looking over the stock of goods recovered by the Omaha police from the organized gang of thieves operating in that city, in the hopes that perhaps some of the goods taken from the store of Mr. Thierolf in this city might have been recovered, but their efforts were without success. Several suits of the same style and make as those taken from the Thierolf store were found, but these had been claimed by Omaha business houses.

Mrs. Frank J. Libershal was among those going to Omaha this afternoon to spend a few hours looking after some matters of business.
