# Maximum Engine Service

## Cheaper Power and More of It

That's just what every farmer and power user is looking for. It will be well worth your while to ask us to explain why Stover Good Engines give maximum engine service-cheaper power and more of it. Thousands of power users in all parts of the world have tested and proven the mechanical perfection and over plus of power.

## 1/2 to 60 H. P. GASOLINE, KEROSENE

Stover construction is exceptional-drop forged and machine hardened parts. Cylinders and pistons accurately ground and fitted, saving wear and maintaining compression. Heavy enough to eliminate vibration, but no excess weight. Stover Good Engines are particularly designed for the work you are goin to do. They are built by experts—experienced designers and builders of "good" engines. Dimension for dimension, rating for rating, gallon for gallon of fuel a Stover Good Engine affords cheaper power and more of it than any engine you can buy. They come to you all ready to set up and begin work at once. Their construction, material, workmanship and features afford overy user of a Stover Good Engine many years of satisfactory, economical power service.
