Indirectly by spreading knowledge of great lacks in our social structure and by suggestions for improvement. This method is developed in the work of standing committees which investigate, collect, and sort data as to existing needs and laws already passed to meet these needs, law enforcement, etc.

These Standing Committees, each one headed by a woman who is an expert in her line, are:

- Child Welfare.
- Women in Industry.
- Social Hygiene.
- Food Supply and Demand.
- American Citizenship.
- Legal Status of Women.
- Election Laws and Methods.

The Legislative Program of the National League is based on the reports of these committees which make recommendations for the year's work.

The League of Women Voters Works by LEGISLATION.

Needed reforms fall into three classes. 1. Those already before Congress in the form of bills and having considerable national support. In such cases the League of Women Voters adds what pressure it can to secure passage of these bills. 2. Those which are popular and which lack strong political support. In such cases the League tries to secure party backing and, if possible, planks favoring these measures in the platforms of the dominant parties. 3. IS NOW SHOWING FINE TRAINING FORM

Andy Schmauder Working Out Every Day With Two Public Night Workouts Each Week.

From Saturday's Daily.

Some of the friends and admirers of Andy Schmauder, Cass county's best young boxer, motored out to Louisville last evening to witness the workout between Schmauder and "Kid" Graves, of Omaha, and the result of the training is showing on Andy, who is gaining speed and force in his work that makes him look even better than ever to his friends as a comer with the padded mitts.

Up to this time the workouts have been twice a week, but now the training is on in full swing and Graves, the manager of Schmauder is having him work out every day and twice during the week at night, the evening workouts being for the public. Last night was ladies night and a very large crowd of the Louisville ladies were present at the theatre to witness the two men work out, and Schmauder and Graves put on some very clever work for the crowd that attested the skill and speed of each of them.

The platform for the coming athletic carnival is now completed and everything is being made ready for the big event on next Wednesday night that will be one of the finest entertainments ever seen in the county. Many will be present from Gretna, Springfield, Papillion and Omaha as the demand for tickets from these places is growing and a very large crowd from Plattsmouth will also be in attendance to witness the match.

One of the parties visiting Louisville last evening made a close examination of Schmauder and reports him in the pink of condition from a physical standpoint and as fit as any man that has stepped into the ring.

NOTICE TO PUBLIC.

In compliance with law the property owners of the county are notified that it will be necessary to have the weeds cut along the highways of Cass county by the 15th day of August, the last day fixed by law for this purpose. The citizens are requested to give this matter their closest attention. By order of the board of County Commissioners. d&w-tf.

Cured of Stomach Trouble and Constipation

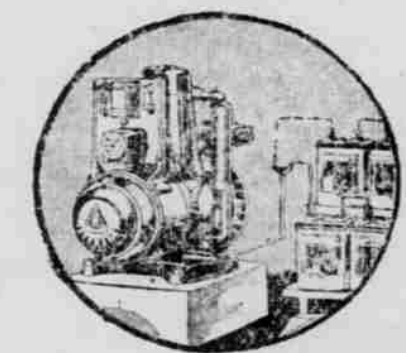

Rachel Cribley of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation, taking one medicine after another, with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Tablets," she says, "that I procured a bottle of them at our drug store to try. A few days' treatment convinced me that they were just what I needed. I continued their use for several weeks and they cured me."
