What's all this talk about Crimping?

ISTEN, Lester, and you shall hear: There are three ways to roll a cigarette-wet it with your tongue, use paste, or crimp it.

But Spur is the only cigarettenote that word only-that has the crimped seam. No moisture as when you roll a cigarette-no paste as used by other makers.

Crimping makes Spur draw easier, burn slower, taste better. Looking at a Spur will give you the idea-and smoking one will give you the result. And of course everybody knows that Spurs are blended from choice Turkish, fine Burley and other homegrown tobaccos. That's where Spur's good old tobacco taste comes from."
