SEVEN MEMBERS IN SPEAKERSHIP RACE

Leaguers in House May Be Able to Muster as High as Twenty Votes on Some of Their Issues.

The ninety-six republican members of the Nebraska house have a job on their hands selecting the speaker to preside over next winter's deliberations. Seven members have already announced their candidacy or have hinted that they will shortly enter the race.

These are Anderson of Lancaster, Snow of Dawes, Druessow of Douglas, Bryan of Franklin, Good of Nemaha, Rodman of Kimball and Axtell of Jefferson. In addition there are Williams of Fillmore, Epperson of Clay and McLellan of Hall who are mentioned as good timber if the members cannot make a choice between the candidates.

Mr. Snow, who is an editor at Chadron, has sent out to members the following letter:

Election returns show that the lower house in the next Nebraska legislature will be organized by the republican party.

Doubtless there will be several candidates for the various positions. Plenty of time should be taken to study the field well in order that our organization may be the best possible.

I have decided to be a candidate for Speaker. If after looking over the field, you consider me worthy of your support, I shall appreciate your vote and influence.

Mr. Snow was one of the active members of the last session, having important committee assignments and taking part in the big debates. Anderson is a new member, with experience in the constitutional convention. Druessow and Axtell are in the veteran legislator class, but neither was much inclined to speech-making. Byram was one of the real leaders of the house, a lawyer with a clear brain and a power of debate that was best exemplified in his championship of the language law and his opposition to the code law. Good was another real leader, and as chairman of the appropriations committee held

one of the most responsible posts. Rodman was a member of the judiciary committee and a lawyer whose ability to make a good speech made him a conspicuous figure in many of the important debates.

It is not unlikely that the non-partisan league will be able to muster sixteen to twenty votes in the house. In addition to the fifteen whose names have been heretofore printed as being endorsed by the league, there are several others whose sympathies are said to lie with a large part of the league program. Book of Butler was not elected as a leaguer, but he is a member of the organization. Axtell was solidly supported in Jefferson county by the railroad men who were also backing the league state ticket.

Whether the league members will flock by themselves when it comes to the speakership or get behind one of the candidates or what their course will be will not be determined until they reach Lincoln. Last year, with eight members in the house no effort was made to push the league program. Schmidt of Saunders, who was beaten this year when he tried for the senate, sought to secure endorsement for several league ideas, but he was unskilled in debate and was ridden down every time.

The democrats are so few in number that it is unlikely they will even go through the form of putting up a ticket in opposition to that of the republicans.

Senator B. K. Bushee won a vindication from his constituents. The senator, as acting governor, gave Kirk the furlough that raised such a rumple. He took all responsibility for himself, and this led the democrats to think they could get his scalp. Unofficial returns show that he carried the district this year by 1600, the largest majority ever secured by him. He was opposed by T. G. Osborne, a substantial citizen who had a good record of service in the constitutional convention as one of his recommendations.

Discount Sale IS CONTINUED!

Owing to the bad weather and the poor condition of the roads we have decided to extend our sale until Saturday, November 20th, thereby enabling those to take advantage of our 20% discount, who were unable to come to town during the rains.

We also wish to apologize to our customers for the poor delivery service of late and wish to say we have the mules on the job and they with our tin Elizabeth ought to be more than able to deliver the goods.

B. I. L'S ARE GIVEN A TREAT LAST NIGHT

MEMBERS OF P. E. O. SOCIETY TENDER A BANQUET TO THE GENTLEMEN

From Saturday's Daily.

The ladies of the P. E. O. society on occasions throughout the year have given the gentlemen who are known as the B. I. L's an opportunity of enjoying a social evening with them and last night the occasion was featured by a sumptuous banquet at the parlors of the First Methodist church and the event is one that will be a bright spot in the history of the sisterhood as well as a pleasant memory to the gentlemen who were guests of the evening.

The tables were arranged in the form of a five pointed star, the emblem of the P. E. O. sisterhood, the center piece being a large basket of beautiful white roses, while the tables were lavishly arranged with decorations of roses interspersed with trailing smilax and ferns, making a very charming setting for the delightful time that was enjoyed as the fifty members of the party arranged themselves around the banquet board. Mrs. H. G. McClusky very gracefully presided over the feast as toast-mistress and when the dainty repast prepared by the Methodist ladies had been enjoyed, the members of the party were called upon to respond to the various toasts, Mrs. John W. Crabill, president of the P. E. O. chapter F, welcomed in a few well chosen words the guests of the evening and the flow of wit and humor that followed in the cleverly arranged toasts was much enjoyed. County Attorney A. G. Cole was the first of the "mere men" to respond and his subject was that of "The League of Nations." He was followed by Mrs. A. V. Hunter with "Our Notions of You," while E. H. Wescott came back at the ladies with the B. I. L's, notions of them, both toasts being very much enjoyed.

Rev. A. V. Hunter favored the members of the party with a delightful solo and was followed by G. L. Farley who, in "Frills and Fancies," a poetical skit, expressed some very enjoyable sentiments for the occasion. Mrs. W. A. Robertson spoke on the subject, "Ties," which proved a most entertaining toast. Mrs. H. F. Goos and Mrs. George L. Farley favored the members of the party with an artistic piano duet that proved an enjoyable feature of the gathering as did the vocal number of Mrs. E. H. Wescott, one of the most talented vocalists of the city. T. H. Pollock on "Hobbies," and C. A. Rawls with his toast, "Precious Every One," paid a graceful tribute to the ladies who had provided the pleasant occasion. To close the banquet, several of the B. I. L's gave parodies on some of the popular songs which brought forth much merriment.

The feast had been prepared by the ladies societies of the Methodist church and they were true to their reputation as cooks and in the arrangement of the banquet proved that they were past masters in the art of handling an event of this kind. The Social Workers had charge of the serving and proved most adept at this feature of the evening's program.

The B. I. L's are feeling today that they would be delighted to have the ladies provide another feast as enjoyable as that of last evening in the near future, and will eagerly look forward to another meeting of the P. E. O. society as hostesses.

THANKSGIVING IS NEAR

While you are arranging for the Thanksgiving celebrations remember that the Journal office has the cleverest decorative features for the day that have ever been brought to this city. A call is convincing. Come in and inspect the line before it is picked over.

GETTING READY FOR THE ANNUAL DINNER

Lewiston Ladies will Meet Tuesday to Arrange Menu, Etc., for the Big Feed Turkey Day.

The ladies residing south of the city in the vicinity of Lewiston are to meet on Tuesday afternoon at the home of Mrs. Perry Nickels and complete plans for the annual Thanksgiving day dinner which is held at the Lewiston church each year.

Those who have attended these annual dinners of the Lewiston ladies will realize fully what this announcement means as the dinners have become famous over the county and the guests come for many miles to enjoy the delicious home cooking and lavish hospitality that is afforded at the Thanksgiving dinner parties. The success of the first gathering of this kind made the event a fixed occasion and each year the crowds have been larger and the general feeling has been that the ladies as entertainers are without an equal.

Further announcement as to the menu and program of this delightful occasion will be made later through the Journal.

OLD RESIDENT ILL

The many friends in this portion of the county will be sorry to learn of the serious illness of William Buster, formerly a well known resident of near Elmwood. Mr. Buster, who has been residing at the home of his daughter, Mrs. Ed Hofman, near Ashland, has been suffering for some time with a very severe foot and it was feared that gangrene had set in the foot and the aged gentleman was taken to Omaha to be placed in a hospital there for an operation. Mr. Buster is eighty-four years of age and is one of the few former Confederate soldiers residing in this state, having served in the civil war as a member of the southern army.

BOX SOCIAL

The Murray school will give a program and box social at Puls' hall Wednesday evening, November 24, 1920. Everybody come. Every girl and every woman, one hundred years of age or less, please bring a box.

RELEASE OF BURG-LARS FROM PEN

Men Sent Up from This County for Louisville Burglary Paroled by Gov. McKelvie.

The residents of the vicinity are greatly agitated over the action of Governor McKelvie on Monday in allowing the parole of Fred Byam, Charles Thompson and Walter Miller the three men who were the chief figures in the robbery of the W. F. Diers store on October 7, 1919, and who a week later were captured while robbing the F. H. Nichols store in Louisville. At the time of the discovery of the robbery the two men, Miller and Byam were shot and wounded by Fred H. Ossenkop, a member of the citizens' posse that had been formed at the first alarm of the robbery, and all three men were captured and brought to this city for trial. In December of last year they were sentenced to one to ten years in the penitentiary for burglary.

The law gives the governor an opportunity of exercising his judgment in the matter of allowing the release of prisoners from the state prison after they have served the first year of the sentence and it has been the practice and custom to allow a year's credit for ten months served if the prisoners display the proper spirit and obey the prison rules.

The penitentiary is now crowded and the policy is to release the less dangerous criminals where their record is good and it was in pursuance of this policy that the governor has probably acted.

The people of Louisville are not accepting the action of the state head very kindly however and they have a real grievance, too, as their city has suffered on numerous occasions from the visits of robbers. In speaking of the action of the governor in permitting the release of the men, Editor Lee J. Mayfield has the following to say:

"It is to be hoped, out of protection to the public, that the next legislature will pass a law that will make it more difficult for anyone convicted of a crime to have his sentence shortened to such an extent that criminals have no fear of being captured, knowing that it means but a few months at most when they will be paroled or pardoned. The law as now applied offers a premium to crime. This trio, caught in the act of entering a business house and carrying away goods valued at several hundred dollars, should have served out the sentence imposed by Judge Begley in the district court but a few months ago instead of being turned loose upon the public."

HAS HAD BAD LUCK

Mrs. Herman Fields came down this afternoon from her home at Council Bluffs, Iowa, to visit here for a short time at the home of her mother, Mrs. L. Kinnaman and with her sister, Mrs. Herman Gartleman. Mrs. Fields reports that her family has been having bad luck in the last month as Mr. Fields has had the misfortune to have his left leg broken by a corn sheller falling on it and a son has had a severe abrasion on his right leg which has kept him confined to his home. Mrs. Fields has been presented by her sister, Mrs.

Gartleman, with a fine butchered hog that she will take home with her and serve as a treat for the family for several months.

COCKERELS FOR SALE
