ASKS DAMAGES FOR \$25,000.00

Rosine Allen of Omaha Commences Action in District Court Against Grace Valley of This County

This morning an action was filed in the office of Clerk of the District Court James M. Robertson by Rosine Allen of Omaha, who asks damages in the sum of \$25,000 as the result of an automobile accident in which the plaintiff was struck by the car belonging to the defendant.

The petition of the plaintiff which has been filed by her attorneys, Clinton Broome, W. C. Ramsey and Joseph Uvik, states that on November 20, 1919, the plaintiff was crossing 24th street in the city of Omaha, and while so engaged was struck by the automobile of the defendant and was hurled to the pavement with the result that she sustained a fracture of the left shoulder as well as other bruises and injuries and has been rendered incapable of earning a sum suitable to care for her needs. The plaintiff as the result of the accident asks that the sum of \$25,000 be awarded her as damages.

WINDOLPH. The fire department, with headquarters across the street, immediately removed the one stove that had been knocked over and prevented a fire. The force of the explosion was felt for some blocks but the damage was confined to the immediate building.

MEXICANS TO BE DEPORTED

Julian Roderia and Juan Gonzales, Brought Here From Louisville May Return to Native Land.

Sheriff C. D. Quinton is threatened soon with losing his only remaining guests, Julian Roderia and Juan Gonzales, two native sons of old Mexico, who are staying at the jail serving out a sixty day sentence handed them by Judge Brobs of Louisville for their right fingeredness.

Yesterday while Will M. Brashear of Omaha, inspector in the immigration service was here, he looked over the two Mexicans and decided that they were fit subjects to be "shooed" out of these United States and he will take the matter up with the department at Washington with a view of having the men shipped over the border and back to the land of the cactus.

The two men are in jail as the result of their attempt at shop lifting at the W. F. Diers store at Louisville and where they were caught by the clerk in an attempt to conceal five flannel shirts beneath their overcoats and it was only after a spirited chase in which officers Reichart and Wheeler took part that the two men were rounded up near the Platte river bridge north of Louisville.

The fact that the men may possibly come in the jurisdiction of the department for deportation will be the source of pleasure to the people of the county and the sheriff and what will be our gain will certainly be a loss for the sister republic to the south.

EXPLOSION OCCURS AT GRAND ISLAND

Glass Front of Building Blows Across Street—Front Room of Battery Station Mass of Debris.

Grand Island, Dec. 7.—Shortly after the place had been opened for business Tuesday morning, the entire glass front of the Grand Island battery station, opposite the city hall, was blown across the street. William Kierig and Michael Lingeman, employees, were in the building at the time but in a rear room and escaped injury.

The explosion appears to have been in the front room which was a complete mass of debris. Mr. Kierig was knocked down but remained conscious and immediately got out of the building. Lingeman was walking between two autos in the rear room. Neither of the two men know what caused the explosion. Doors and windows of the one story building had been opened during the morning and the men say there could not have been an accumulation of gas.

The business is owned by C. H. Dove and the building by John L.

Number From This City Go to Minneapolis to Attend Action of Clarence Beal Against Burlington

Quite a number of the local employees of the Burlington railroad in the switching yards here have been summoned as witnesses in the case of Clarence L. Beal vs. the Chicago, Burlington & Quincy railroad company, which was filed in the federal court at Minneapolis two weeks ago. In this action Mr. Beal asks the sum of \$50,000 for the loss of his right limb while he was engaged in his duties as switchman in the yards here on the morning of Thursday, July 29th, 1920.

The action was brought by the attorneys for Mr. Beal before the federal court and the decision will cut out an appeals or further litigation over the result of the verdict from either party to the suit. The plaintiff is represented by a firm of lawyers in the Minnesota city.

In his injury Mr. Beal has had the most profound sympathy of the large circle of warm friends and that may be able to secure a settlement of the case that will fittingly compensate him for his misfortune is the wish of the multitude of friends and the outcome of the case will be awaited with interest by the friends here and throughout the county.

Among those who were called to Minneapolis to testify in the case that will be called the last part of the week were C. F. Johnson, day yardmaster and B. J. Reynolds, night yardmaster of the local yards and Frank Streets and James Deal, two of the firemen.

WHAT IS THE EXPLANATION?

Two fields side by side, only a road divides them, the soil and everything seems to be the same, but what a great difference in the results! How shall we explain it? The successful farmer and the successful manufacturer work not only with their hands, but principally with their heads. The farmer cultivates the soil and the manufacturer combines the ingredients so that he gets the most out of them. That is why Triner's Bitter Wine has no rival. It cleans perfectly the intestines, removes all injurious substances which made them a hotbed of morbid germs and restores appetite and digestion. Triner's Bitter Wine never fails. Your druggist or dealer in medicines will tell you that also other excellent Triner's remedies like Triner's Liniment for rheumatism, lumbago (now in season) or Triner's Antiputrin (excellent as a gargle mouth wash and cleanser of wounds) are fully reliable.—Joseph Triner Company, 1333-45 S. Ashland Ave., Chicago, Ill.
